Hardy Everblooming Rose -
Etoile De France

Champion City
Greenhouses.

TWO MAGNIFICENT NEW ROSES!

Etoile de France

(See painting on front cover).

The gold medal Rose of France, and claimed by the raiser, J. Pernet Ducher, of Lyons, France, to be the finest Rose he has ever sent out. We believe with him that it has no superior. A very strong, vigorous grower, with handsome, green-bronzy foliage, and exceedingly free-flowering. The flowers are very large and borne on good, long, stiff stems; color a lovely shade of clear, red-crimson velvet; very fragrant and keeps well. In England, where it has been tried extensively during the past season, it has caused quite a sensation. This is our first year with this Rose, and our opinion is that it will become as much of a favorite as La France. Keep your eye on this variety, as it is a stayer and altogether a grand variety. Mr. J. Pernet Ducher, the famous rosarian of France, the introducer of this Rose, says of it: "Etoile de France will prove a grand addition to this class of Hybrid Tea Roses, because it answers to many real wants; for bedding and massing it will be much appreciated; for cut flower purposes it will prove a very good variety on account of its color and free-blooming qualities. Without any exaggeration we may assert that Etoile de France will be appreciated by all lovers of the queen of flowers, and promptly gain the great popularity granted all over the world to our introductions: Madame Caroline Testout, Souvenir du President Carnot, Madame Abel Chatenay, Prince de Bulgarie, etc., etc., which are the gems of this glorious class of Hybrid Tea Roses that were raised by us, we are much honored to say." We will add to what Mr. Ducher says by saying that the Etoile de France has proven in every part of the U. S. to be a grand Rose for garden planting. It is a good grower, a free bloomer, fine, rich color, deliciously fragrant. What more can be said of a Rose?

30 cents each;
two-year-old plants 60 cents.

HELEN GOOD

Helen Good

(See painting on back cover).

The \$1,000 (One Thousand Dollar) Beauty. The greatest price ever paid for a Rose plant we paid for Helen Good. We bought just two plants, paying \$1,000.00 for the two—all there were to buy. That is a pretty stiff price you say, \$500.00 for a single Rose plant; yes, but it was worth the money, and you will say so as well when you see the Rose. We have the honor to introduce to the Rose world a true Cochet Rose. We have had the Yellow Cochet (Madame Derepas Matrat) and the Red Cochet (Helen Gould), but they were not Cochet Roses. They were simply named Cochets to illuminate their good points. Helen Good is a genuine Cochet, being a sport from the world-famous variety Maman Cochet. It is identical in foliage, growth, size and shape of flower with Maman Cochet, its only difference being its color. It is a delicate pink, each petal edged deeper, resembling Golden Gate in color, and is totally distinct from Maman Cochet. All Rose growers admire the deep pink and white Madame Cochets. The value of these two varieties is beyond compare. They have been especially useful for summer cut blooms, being grand for this purpose, and have made money for their growers at this season of the year. Helen Good is a fit companion in every way and just as valuable and will become a standard variety. We bought this Rose from the United States Nursery Company, located at Rich, Coahoma County, Mississippi, on whose place it sported and who registered and named the Rose in honor of the daughter of a member of our Company. No lover of fine Roses can afford to be without this grand variety which we are sure will give you perfect satisfaction. Be sure and include this elegant new pedigree Rose in your next order.

30 cents each;
two-year-old plants 60 cents.

SPECIAL OFFER

Both
Etoile de France
and
Helen Good
for
50^c

When Ordering, Please Observe THE FOLLOWING DIRECTIONS:

Use the enclosed order sheet for your order only. Should you write a letter, use a separate sheet. If you desire questions answered, enclose 4 cents in stamps.

Write your name plainly and always the same. Do not sign your name Mrs. Chas. Johnson one time and the next Mrs. Carrie Johnson. We cannot guess that this would be the same person.

Remittances Should be made by Post-office Money Order, Express Money Order, New York Draft, or Registered Letter. *We will be responsible for money sent in any of the above ways.*

We will not be responsible for money or stamps sent in letter if letter is not registered.

If *personal check* is sent, 15 cents must be added for exchange. On all personal checks where 15 cents is not added for exchange we will deduct the amount from your order.

Canada Ten cents additional on orders of \$1.00 or less and 10 per cent. on amounts above \$1.00 must be added to Canadian orders.

Parcels Post Ten cents additional on orders of \$1.00 or less and 10 per cent. on amounts above \$1.00 must be added when orders are to be sent by Parcels Post to foreign countries.

Express Shipments When goods are sent by express the purchaser pays expressage. By referring to page ii you will find our liberal clubbing rates on orders sent by express, which will more than pay for express charges. Usually we can send larger plants by express than by mail, and enough soil is left on the roots of the plants to start them to growing as soon as planted.

Always give name of your nearest express office. No goods sent C. O. D.

Our Guarantee We guarantee that all plants, etc., sent out by us, either by mail or express, will reach the customer in good growing condition.

If an error should occur in filling your order, which with the best of care occasionally happens, notify us at once and corrections will be promptly made.

A WORD TO THE WISE IS SUFFICIENT

WE HAVE been engaged in the growing and shipping of plants for thirty-two years. In that time we have built up the largest mail and express trade in plants in the world, our sales of Roses alone for several years past having exceeded *four million* plants. We have one order booked for spring of 1907 shipment which contains five hundred and eighty-five thousand Rose plants. We have sold orders to dealers who have come to Springfield to buy, at an advanced price, after they had inspected the stock in this plant-center of the world. This we have done repeatedly, proving that after inspection of the stock they were willing to pay us more for the same plants than for those of our competitors; the only possible reason was the superior quality of our goods. If you want the best for your money, order of

No two plants alike in the above sets. By mail, postpaid, safe arrival and satisfaction guaranteed to any part of the U. S. Order by numbers. We are the largest Rose growers in the world. Over Four Million Roses sold each year.

ROSES ON THEIR OWN ROOTS

We make a specialty of growing Roses, and have over four million Rose Plants now in pots ready to be shipped. All our Roses are grown on their own roots, thus insuring you the same variety you plant as long as any of the plant or root remains. Don't buy budded or grafted Roses. If you do you will be disappointed, unless you know how to keep the wild suckers down from smothering the plant. Many fail with their Roses on this account.

OUR "SAMPLE" COLLECTION OF TWENTY FINE ROSES FOR \$1.00

This Collection is offered you at this very low price to enable you to give our Roses a trial. By planting this collection you will have twenty of the grandest Roses you have ever seen. They are all vigorous growers, of easy culture, and embrace a wide range of color. They will surely please you by giving you grand buds and Roses. Be sure to try our "Sample" Collection of Twenty Roses for \$1.00. Price per single Rose, 10 cents each. The price for two-year-old size of these Roses is 25 cents each, six for \$1.00, or the entire set of twenty in two-year-old size for \$3.00. No further discount on this offer.

BOUGERE

A Grand Garden Rose. Anyone who has seen this grand sort growing in the open ground will agree that it deserves the highest words of praise we can give it. The flowers are unusually large, deep, full and double. They are supported on long, stiff stems, and are produced in bountiful abundance throughout the growing season. In color they are bronze-rose or violet-crimson, delicately shaded with lilac. Exceedingly sweet; remarkably hardy.

THE QUEEN

A most charming Tea Rose. It is pure snow-white, makes good, finely formed buds, is quite full, showing the center but slightly when fully open. The petals are thick, of good substance, opens well and is very sweet, and has proven valuable both for forcing and for open ground planting. We recommend it for extended trial.

LA SYLPHIDE

Blush, with fawn center; very large and double. This Rose is a prime favorite in the South.

PRINCE OF BULGARIA

A very vigorous grower, with large, bright green foliage, beautiful in form of bud, flower very large and full. The outer petals are extremely large, of superb rosy-flesh color, very fine and very free. First prize at the Paris Exposition. Very much like a superb Carnot in form. Certainly a grand new Rose.

LE PACTOLE

An Old-Time Favorite. This Rose is one of the oldest Tea Roses on our list, but still one of the best. It grows well, and forms a fine, shapely bush, and is covered during the spring, summer and fall with its lovely pale sulphur-yellow blossoms.

GLADYS HARKNESS

Growth very erect and vigorous, reminding one of the American Beauty. Profuse in bloom, flowers large, formed like a fine Hybrid Perpetual. Color deep salmon-pink. Has a splendid constitution and is very fragrant. This we think is the very best of the Testout family of Roses, it being much more vigorous in growth than any of the other varieties of this type. The petals are large and elegantly formed, the color is bright and fresh. You will make no mistake to plant this grand Rose.

MAGNAFRANO

Ever-blooming General Jacqueminot. This grand new Rose is already popular because of its splendid crimson-scarlet color and magnificent bud; it combines the hardness and vigor of the Hybrid Perpetuals with the free-blooming habit and delightful fragrance of the Tea Rose. The flowers are extra large, four to five inches across, very regular, full and double and deliciously sweet; color bright rich crimson-scarlet.

FRANCIS DUBREUIL

A Grand Red Rose. This Rose has been on trial with us for the past two or three years. It has grown in decided favor with us after each season's trial. It is a distinct red Rose of many good qualities. The growth is vigorous, foliage small, color brightest scarlet, tinted crimson. It is very double and full, and altogether is a beauty.

HIGHLAND MARY

This lovely Rose originated in Canada and claims Agrippina for its parent. It is a persistent bloomer, both summer and winter. Flowers large and sweet, blossoms beautifully cupped, each petal being white with a delicate lemon tint and broadly bordered with a delicate band of pink. Truly fascinating.

MRS. BEN R. CANT

New. A fine garden variety of even shade of deep rose or red, round and full, the form of a good Hybrid Perpetual. A very free grower; in fact, it is one of the strongest growing Roses we have. It flowers as continuously and as freely as a China Rose, and is especially fine in autumn.

MLLE. GERMAINE TROCHON

New Hardy Ever-blooming Yellow Rose. Among the many new Roses imported by us of late years there are none in our opinion which are liable to have a wider popularity than this. It is a lovely shade of deep orange-yellow, sometimes varying in color to reddish-gold or shading to nasturtium-red. A grand Rose in every respect, as it is a constant and free bloomer.

SOUVENIR DE MADAME ANTOINE REBE

A splendid new crimson Rose, one of the best for all purposes. It makes immense buds and magnificent, large, bold flowers of great depth and substance. Color rich cherry-red, passing to clear, glowing crimson. Very fragrant and beautiful; a strong, vigorous grower and constant bloomer; one of the very best and most valuable for open ground.

SYLPH

Pretty as a fairy, as its name implies; flowers ivory-white with clear rose center, exquisitely beautiful and richly tea-scented. The plant is a strong, erect grower and abundant bloomer. Particularly desirable for outdoor planting. Certainly grand.

WHITE BOUGERE

A Rose of snowy whiteness. Fine bud and flower, deliciously fragrant; a grand garden Rose.

SILVER KING

The most delicately tinted Rose we grow. White, penciled and flushed with delicate silvery peach-pink; as pretty as a fairy.

SOUVENIR DE CATHERINE GUILLOT

This is one of the most striking and beautiful Roses ever introduced. The flowers are large, full and double; color coppery-carmine, center shaded orange.

BESSIE BROWN

A Rose of transcendent beauty, totally distinct, and one of the largest and fullest we have ever seen. It is erect and vigorous in growth, flowering profusely in the open ground all through the summer. Color pure white, sometimes faintly flushed pink. Petals enormous and of shell shape. It is really marvelous that such large flowers can be so freely produced. Received gold and silver medal from the National Rose Society, England, and numerous certificates and prizes.

MAURICE ROUVIER

A large, handsome Rose. Flowers of great depth fine globular form, with broad, thick petals; color pink shaded buff with border of white; flowers and buds are remarkably sweet and the plant is a healthy grower, of compact, bushy habit, producing buds and flowers in abundance during the growing season.

AURORA

New. No better garden Rose. A new Rose of very great merit. Double to the center, and as fragrant as the old June Roses. Grand in every way.

RUBY GOLD

A grand combination of colors, including yellow, pink; rose and crimson. The colors are dazzling.

CERTIFICATE OF NURSERY INSPECTION

No. 102

State of Ohio, Department of Agriculture,
Division of Nursery and Orchard Inspection,
Columbus, Ohio, August 11, 1906.

This is to certify that in accordance with the provisions of the Nursery and Orchard Inspection Law of the State of Ohio, the Nursery Stock for sale by **THE GOOD & REESE CO.**, Springfield, Clark County, Ohio, has been inspected by a duly authorized inspector, and has been found apparently free from dangerously injurious insects and plant diseases.

Invalid after September 15, 1907.

[Signed] A. F. BURGESS,
Chief Inspector.

ROSE NOVELTIES FOR 1907 And Some of the Newer Roses of Recent Introduction

IN THIS LIST are included the newer Roses of all kinds. Those offered are of unusual value, most of them having been selected personally while growing and blooming in Europe the past season. Just as Rose growers in America have come to recognize the essentials that must be present in a novelty, so in Europe these same characteristics are being bred into the seedlings, and it is with confidence that we recommend the following magnificent novelties. The number of new varieties of Roses introduced from all parts of the world will average about one hundred per year. After a thorough test, usually from five to ten sorts each year will come up to the mark as being worthy of cultivation. The Roses listed here are well worthy of a trial; indeed some of them, like Helen Good, Etoile de France, Killarney, Baby Rambler, Climbing Madame Caroline Testout, Conrad Ferdinand Meyer, O. A. Singer, Cherry Ripe, J. B. Clarke and Hugh Dickson, have come to stay, having such decided merits as to guarantee them a permanent place among the very best of Roses.

Price of any of the new Roses on this and following page, 25 cents each, except where noted; two-year-old, 50 cents each, except where noted.

ANGEL PELUFFO

Hybrid Tea. Beautiful foliage, bud of exquisite shape, flower immense, very full; opens readily even in dark weather: one of the most brilliant combinations of pink shades yet produced. Stem, freedom, size, quick opening, all point to this as a coming forcing variety.

BABY RAMBLER

New Dwarf Ever-blooming Crimson Rambler (Madame Norbert Levavasseur.) This is the Rose that has set not only America, but all of Europe talking. It has created a commotion in the Rose world that no other Rose has ever approached, and it is without question a decidedly sensational variety. It is identical in every way with that wonderful Rose Crimson Rambler, except that it is a dwarf, bushy grower and is a true ever-bloomer. It is in bloom all the time, flowers in large clusters of brightest crimson. It grows to a height of eighteen inches, and hides the plant with its bloom. A most wonderful Rose; a prize winner. It has taken the following prizes: The Grand Silver Medal at Paris, in May; first-class certificate of merit by the National Horticultural Society in France; first-class certificate by the Royal Horticultural Society of London; first-class certificate by the National Rose Society of England; Gold Medal by the Horticultural Society of Orleans and at St. Louis. A most wonderful Rose. **Fine plants, 25 cents each, three for 60 cents; two-year-old plants, 50 cents.**

CLIMBING CAPTAIN CHRISTY

Hybrid Noisette. The flowers are of magnificent form, very double, and stand erect in their martial bearing. The color is a fresh, delicate pink, with deeper shadings in the center of the flower, the whole flower possessing a bright, satiny appearance. A most desirable variety. Certainly the most beautiful Rose in this color we grow. It is a free bloomer, hardy and a vigorous climber.

CHERRY RIPE

Hybrid Tea. An extraordinarily free flowering Hybrid Tea, branching in habit, vigorous and hardy, and as free as a Tea Rose. The flowers are medium in size, well formed, globular, light rosy-crimson, almost the color of Alfred Colomb; as fragrant as the Hybrid Perpetuals, which it much resembles in form; every shoot produces a bloom; one of the most promising Roses of the year. Should be tried by all.

CONRAD FERDINAND MEYER

Hybrid Rugosa. This is a grand new Rugosa Rose. It has more of the characteristics of the Hybrid Perpetuals than of the Rugosas; a vigorous grower, free bloomer, flowers large, perfectly double, cup-shaped, deep rose in color, with the penetrating deep fragrance of the old June Roses. We predict for this Rose that it is the forerunner of the ideal Rose. To sum it up, this Rose, after a thorough test, we claim is the best all-round Rose ever introduced for planting in every section of our country. It grows, it blooms all the time, is hardy, it is of the largest size, of fine form, of exquisite color and delicious fragrance. What more do you want in a Rose? Do not fail to plant this grand Rose.

The Wonderful New Rose, Bay Rambler

GENERAL McARTHUR

Hybrid Tea. Color by far the most brilliant of any shade of crimson forcing Rose ever offered, retaining its brilliancy when fully expanded. It is also one of the very sweetest varieties ever offered. Of very easy culture, as it can be grown in the same temperature as an ordinary Tea variety, such as Bride. It can be grown at much less cost than Meteor or Liberty and is of a much brighter color than either, also larger when fully expanded.

JOSEPH HILL

Hybrid Tea. This fine Rose, raised by M. Pernet Ducher, and distributed in 1904, is the grandest "fancy" Rose for forcing yet introduced; it has glossy, leathery foliage; makes long, heavy breaks, with reddish plum colored young growths; the flower is enormous, the bud very long and pointed; color pink, salmon shaded, outside of petals pink-copper; a beauty.

HUGH WATSON

Hybrid Perpetual. Crimson shaded carmine; blooms very large and of the finest finish; growth vigorous, branching and free; very fragrant.

HELEN GOOD

Tea. The \$500.00 (Five Hundred Dollar) Beauty. The greatest price ever paid for a Rose plant we paid for Helen Good. We bought just two plants, paying \$1,000.00 for the two—all there were to buy. We have the honor to introduce to the Rose world a true Cochet Rose. We have had the Yellow Cochet (Madame Derepas-Matrat) and the Red Cochet (Helen Gould), but they were not Cochet Roses. They were simply named Cochets to illuminate their many good points. Helen Good is a genuine Cochet, being a sport from the world-famous variety Maman Cochet. It is identical in foliage, growth, size and shape of flower with Maman Cochet. Its only difference is its color. It is a delicate pink, each petal edged deeper, resembles Golden Gate in color, and is totally distinct from Maman Cochet. All Rose growers admire the Maman Cochet, deep pink and white Maman Cochet. The value of these two varieties is beyond compare. They have been especially useful for summer cut blooms when planted outdoors, being grand for this purpose, and have made money for their growers at this season of the year. Helen Good is a fit companion in every way and just as valuable and will become a standard variety. We bought this Rose from the United States Nursery Company, located at Rich, Coahoma County, Mississippi, on whose place it sported, and who registered and named the Rose in honor of the daughter of a member of our Company. **Fine plants, 30 cents each.**

CLIMBING MADAME CAROLINE TESTOUT

Climbing Hybrid Tea. Identical with Madame Caroline Testout, except that it is a vigorous climber. This is a wonderful Rose, is absolutely in a class by itself. Planted in the nursery rows with all the good Roses, you can pick it out across a tea-acre field on account of its immense size and brilliant color. Probably no Rose stands higher in public estimation today than La France, and when we say this elegant new Rose is a close counterpart of La France we have said enough to insure its being planted by vast numbers of people. We don't know that it is any better than La France, but it is decidedly deeper and more brilliant in color and a larger flower and is as good in other ways. It is a wonderful Rose. The petals are large and of elegant La France form, exquisitely edged and bordered with clear silver rose. Both flowers and buds are extra large and of very elegant form. The color is brilliant satiny-rose. Of excellent substance, keeps its color well, and has splendid large globular flowers.

ETOILE DE FRANCE

Hybrid Tea. The gold medal rose of France, and claimed by the raiser, J. Pernet Ducher, to be the finest Rose he has ever sent out. We believe with him that it has no superior. A very strong, vigorous grower, with handsome green-bronzy foliage, and exceedingly free flowering. The flowers are very large and borne on good, long, stiff stems; color a lovely shade of clear red-crimson velvet; very fragrant and keeps well. In England, where it has been tried extensively during the past season, it has caused quite a sensation. Mr. J. Pernet Ducher, the famous rosarian of France, the introducer of this Rose, says of it: "Etoile de France will prove a grand addition to this class of Hybrid Tea Roses, because it answers to many real wants; for bedding and massing it will be much appreciated; for cut-flower purposes it will prove a very good variety on account of its color and free-blooming qualities. Without any exaggeration we may assert that Etoile de France will be appreciated by all lovers of the queen of flowers, and promptly gain the great popularity granted all over the world to our introductions: Madame Caroline Testout, Souvenir de President Carnot, Madame Abel Chatenay, Prince de Bulgarie, etc., etc., which are the gems of this glorious class of Hybrid Tea Roses that were raised by us, we are much honored to say." See first page of cover for painting of this Rose. **Fine plants, 30 cents each; two-year-old plants, 60 cents each.**

HUGH DICKSON

Hybrid Perpetual. The most remarkable addition to red Hybrid Perpetuals in many a year. A vigorous grower with handsome foliage, deep red on the young shoots, changing to deep green with age; a free perpetual bloomer; color brilliant crimson shaded scarlet; very large and of exquisite form, with large smooth petals slightly reflexed on the edges; does not burn in the sun; very fragrant. Awarded gold medal of the National Rose Society.

J. B. CLARKE

Hybrid Perpetual. The growth is strong and upright, very vigorous, making a large, handsome bush; the foliage is broad and stout, bronzy-green in the young state, changing to dark green. The blooms are very large and beautifully formed; the petals, which are very smooth, are of great size and depth; flower very full and long, with high pointed center; color unique, being intense scarlet shaded crimson-maroon, very dark and rich; strongly fragrant. Awarded gold medal of the National Rose Society. Seven and one-half inches in diameter by five inches deep. Dickson classes this Rose as a Hybrid Tea; we class it as a Hybrid Perpetual.

STRIPED REINE MARIE HENRIETTE

Climbing Tea. As the name implies, this is a sport from the old favorite Reine Marie Henriette, has the splendid, vigorous climbing habit of the mother Rose, while beautifully striped, flamed and shaded in bright carmine over pale rose. The markings are very regular. A superb Rose, and will rank with Reine Marie Henriette, the premier climbing red Rose.

KILLARNEY

The Great Irish Beauty, and the Grandest of All Pink Roses

The new Irish ever-blooming Hybrid Tea Rose. Flowers a beautiful bright pink in color, deeper than Madame Caroline Testout, and very fragrant. Blooms freely throughout the entire season. Country Life in America for March says: "Killarney is the most satisfactory Rose in this or any other class for growing out of doors. The growth is strong and vigorous, petals of great substance, color most beautiful, and it is a free and constant bloomer."

LA DETROIT

Hybrid Tea. The new Detroit Rose, which has been so largely exhibited and advertised. Shell-pink, shading to soft rose; reverse of outer petals cream-colored; fragrance like that of old Bon Silene. In form it is large, cup-shaped; petals shell-like. Rich, glossy foliage; a rampant, vigorous grower, producing long shoots, and we believe a fine Rose. Forces well.

LADY GAY. The New Rambler

This Rose is a valuable addition to the Hardy Climbing Roses, and is claimed by all who have seen it to be the very best Rose extant for forcing in pots, as it makes handsome specimens and literally covers itself with its beautiful pink flowers. It has created a decided sensation in England, where it is heralded as the greatest bloomer extant. The color is as exquisitely beautiful as the varying tints in a sea shell. Won medals and honors wherever exhibited. We predict for Lady Gray a place high up in the Rose list.

MADAME ANTOINE MARI

Tea. This is a grand Rose for the garden and lawn and sure to give satisfaction. It is a clean, handsome grower, and resembles in this respect that famous old variety Marie Van Houtte. An early and profuse bloomer, both buds and flowers are extra large and beautiful. The form resembles a nice Camellia bloom. Color creamy-white, flushed with rosy-red. First-class in every way.

MADAME PHILIPPE RIVOIRE

Hybrid Tea. Very free branching in growth, foliage deep bronzy-green; flowers large and full and globular; color apricot-yellow center nankin-yellow, reverse of petals carmine; extra.

MADAME LEON PAIN

Hybrid Tea. Robust growth; smooth wood; handsome plum-colored foliage; flowers large, full and free in opening; silvery-salmon, center orange-yellow, reverse bright red and yellow.

MADAME JENNY GILLEMOT

Hybrid Tea. Buds long and pointed, deep saffron-yellow, opening canary with dark golden shadings; blooms large, petals immense; opens very freely; a fine upright grower of branching habit; exquisitely beautiful; very large in size, but very long and pointed.

MILDRED GRANT

Hybrid Tea. This is a grand Rose of vigorous, upright growth, in many respects resembling a Hybrid Perpetual. Flowers of the largest size, pure white, delicately tinted with light pink. This is a Rose of unquestioned merit.

O. A. SINGER

Hybrid Tea. A fine garden Rose of clear carmine color, deepening to the center of the flower. It flowers very continuously and freely, especially fine in spring and autumn. This grand variety was sent out by Mr. Peter Lambert, the great German rosarian, and named by him in honor of Mr. A. Singer, the Oberhofgartner of Bad, Kissingen.

PERLE VON GODESBURG

Hybrid Tea. This is the yellow sport from Kaiserin Augusta Victoria, identical in all points save color. It is a beautiful Rose. Center is pronounced yellow, outer petals white. This Rose has decided merits.

ROSALIND ORR ENGLISH

Hybrid Tea. New pink seedling from Madame Chatenay. Is unapproached in color; the bud is pointed, quite full, borne on long, slender stems, beautifully set with foliage; free in growth and bloom; the flower is very beautiful, from its earliest bud form till fully expanded. Was awarded certificate of merit at the Chicago show.

RICHMOND

Hybrid Tea. This is the best red forcing variety yet produced. It is of strong and rapid growth, more vigorous than any other forcing variety in commerce. It comes to perfection without special care or culture, and can be grown in the same soil and temperature and with the same treatment given to Bride and Maid. It ships perfectly, as it can be cut very tight and develops as well off as on the bush. Has very near the same tone of color as Liberty, with more scarlet, and does not blue with age. This variety is nearly a pure Tea, being seeded from Lady Battersea, fertilized by Liberty, and as a result has shown no tendency toward going dormant in midwinter, at which time the variety is at its very best. Produces freely throughout the year, long pointed buds on tall, straight stems with elegant dark foliage. Is as easy to root and grafts as readily as Bride or Maid. Has as delicious a fragrance as American Beauty. Was awarded the silver cup at the St. Louis World's Fair for best seedling Rose, and a special silver cup at Chicago for best seedling.

HERBACEOUS PEONIES

HARDY EVERYWHERE, BLOOM WELL EVERYWHERE
AND TAKE CARE OF THEMSELVES

THE PEONY is well named "The Supreme Triumph of Floriculture." They are absolutely hardy everywhere, even up to the Arctic Circle they grow and flourish, blooming profusely in the remotest corners of the American continent. They have no insect enemies and live and grow into greater beauty each year. The vigor and habit of the plants have been so improved that stems two and one-half to three feet in length and sufficiently strong to properly support the immense blooms are now grown, the flowers in many of the newer sorts have attained immense proportions, reaching in some instances the large size of seven to nine inches in diameter and five to six inches in depth. There is an element of practical, permanent value in the Peony—that is, the plants, once purchased and planted in suitable soil, continue to increase in size and profusion of bloom, and pay a generous annual dividend in the way of an enormous crop of magnificent, deliciously fragrant blooms that are unsurpassed for decoration purposes. They are handsome garden ornaments, blooming in the springtime when flowers are scarce, and nothing excels them as cut flowers. Cut the stems as the buds first show color, placing the stems in water in a cool place and see them open and develop. Nothing in the whole range of the floral kingdom is so gorgeous and beautiful. Our collection embraces over two hundred thousand plants of the choicest varieties. We grow them by the field full, having acres of them planted. WE MAKE A SPECIALTY OF THE PEONY.

Peonies can be planted either in the spring or fall, and will thrive anywhere on this continent. Give them a good, deep, rich, sandy soil.

Price given is for roots of two to five eyes. We have bought Peonies of a number of the leading growers of the country and find no roots that compare to our growing—our soil being particularly adapted to them. You can either order by number or name, our numbers being permanent.

- 12—ALBERT CROUSSE (Crousse, 1893.)—Light rose, very large; extra fine. Each, \$1.00.
- 13—AGNES MARY KELWAY (Kelway.)—Light rose guard petals; yellow petaloids, with a rose tuft. 35 cents each.
- 38—ANDRE LAURIES—Rosy-red; an old, well-known variety. 30 cents each.
- 68—ACHILLE (Calot, 1855.)—Flesh-pink to blush-white. 25 cents each.
- 75—ANEMONAEFLORA—Deep pink, outer petals lighter. 25 cents each.
- 102—ASA GRAY (Crousse, 1886.)—Large, full, imbricated, rose-formed bloom. Guard petals salmon-flesh; center very full and perfectly formed, flesh-pink flaked with carmine and lilac. Very striking. 60 cents each.
- 2—BERLOIZ (Crousse, 1886.)—Currant-red tinted rose and shaded with amaranth. 40 cents each.
- 45—BOADICEA—Pink, with carmine markings fading to white. 50 cents each.
- 11—CANARY—White, deep primrose center. 35 cents each.
- 34—CHARLEMAGNE (Crousse, 1880.)—Creamy-white; center light lilac-flesh shaded with chamois; immense bloom; exceptionally fine. 60 cents each.
- 22—DUKE OF WELLINGTON (Calot, 1859.)—Very large sulphur-white bloom; very fragrant. 40 cents each.
- 41—DUCHESS DE NEMOURS (Calot, 1856.)—Late; one of the very best white sorts. Very fine cup-shaped bloom. Sulphur-white with greenish reflex, shading to pure white. Claimed by many to be the best white. 50 cents each.
- 21—EUGENE VERDIER—Heavy globe-shaped flower of a delicate, soft pink shade. A grand sort in every way. 50 cents each.
- 59—EXCELSIOR (Terry.)—Deep crimson, shading lighter at tip; large, full. 35 cents each.
- 43—DELICATISSIMA—Blush-rose, with circle of buff under guard petals. 35 cents each.
- 97—DORCHESTER (Richardson.)—Delicate salmon-pink. Very late and a grandly beautiful variety. 50 cents each.
- 17—EDOUARD ANDRE (Mechin, 1847.)—Large globular bloom, deep crimson-red shaded black, with metallic lustre on the reflex of the petals. A magnificent, striking color. 50 cents each.
- 79—EDULIS SUPERBA (Lemon.)—One of the standard varieties. Shell-pink; large and well formed, fragrant. 30 cents each.
- 4—FLORAL TREASURE (Rosenfield.)—Very double fine shaped bloom; perfect in outline; exquisitely fragrant. Color clear, fine, bright pink. Holds color and lasts a long time. 50 cents each.
- 25—FELIX CROUSSE (Crousse, 1881.)—Large, full, ball-shaped bloom; brilliant red with ruby-flamed center. Exceptionally bright, effective and desirable. 75 cents each.
- 30—FESTIVA MAXIMA—Enormous, very full, shell-formed bloom, often seven to eight inches in diameter on strong three and one-half foot stems. Color snow-white, with an occasional clear purple spot on the edges of center petals. Very fragrant. In greater demand than any other Peony. Our stock is guaranteed true. 65 cents each.
- 56—FRAGRANS—Light rose color; very fragrant. 25 cents each.
- 9—GIGANTHEA—A fine, early pink, cut-flower variety. Enormous flowers six to seven inches in diameter on long stems. Deliciously fragrant. Scarce. \$1.00 each.
- 39—GRANDIFLORA RUBRA—Enormous globes of red. 35 cents each.
- 67—GOLDEN HARVEST (Rosenfield.)—Very striking variety, with large tri-colored blooms, guard petals being blush-pink; blush-white collar, tipped light crimson. 60 cents each.
- 80—GRANDIFLORA—A tall, light crimson; very beautiful. 35 cents each.
- 1—HUMEI ALBA—Soft lilac, changing to white. Dwarf; very late. 50 cents each.
- 3—HUMEI CARNEA (Guerin, 1856.)—Clear silvery-rose, an old standby. 25 cents each.
- 42—HERCULES (Terry.)—Bright rose, tipped white. 25 cents each.
- 44—JAMES VICK—Deep crimson, becoming lighter; free and fine. 25 cents each.
- 46—JENNY LIND—Large bloom on long stem; free bloomer. Color bright pink, silvery reflex with narrow white petals interspersed with center petalage. Striking variety. 60 cents each.
- 27—L'ECLATANTE—Bright carmine. Center deep red, very beautiful. 30 cents each.
- 28—LADY LEONOBA BRAMWELL (Kelway.)—Delicate silvery-pink; fine shaped bloom; good cut-flower. 35 cents each.
- 37—L'ESPERANCE (Calot, 1865.)—Exceedingly fine. Vivid rose color; high, full center; very compact; early, free and fragrant. 25 cents each.

HERBACEOUS PEONIES—Continued.

- 49—**LADY ANNA**—A beautiful pink, round, and of perfect shape. 25 cents each.
- 82—**LOUIS VAN HOUTTE** (Delache, 1854.)—Color, bright violaceous-red; late midseason. 20 cents each.
- 100—**LADY DEBBY**—Pure white guard petals, delicately tinted rose. Immense size; elegant. 50 cents each.
- 6—**MONSIEUR KRELAGE**—Grand flower. Wine-red. 30 cents each.
- 10—**MARY STUART** (Calot, 1856.)—Bright rose, edged sulphur-white. 35 cents each.
- 14—**MASTERPIECE** (Kelway.)—One of the grandest Peonies in existence. A beautiful color; best described as cerise. Charming and grand. \$1.00 each.
- 15—**MADAME LEONIE CALOT**—Beautiful soft salmon-flesh, occasional petals tipped carmine. Very fragrant. Fine to cut. 50 cents each.
- 16—**MADAME DE VERNEVILLE** (Crousse, 1835.)—Light pink, changing to white. Round-shaped flower, very sweet. 40 cents each.
- 18—**MADEMOISELLE ROSSEAU**—White, with very light pink center; beautiful flower. 50 cents each.
- 19—**MADAME CALOT** (Mieliez, 1856.)—Flesh-white; extra fine variety. 50 cents each.
- 23—**MONSIEUR CHARLES LEVEQUE**—A beautiful shaped variety of a soft rose color, changing to salmon-pink; one of the loveliest Peonies ever offered. \$1.00 each.
- 29—**MONT BLANC**—Broad, snow-white guard petals, center light sulphur-yellow. Grand for cut flowers or any purpose. 75 cents each.
- 31—**MARIE LEMOINE** (Calot, 1869.)—Enormous sulphur-white, shaded with pink and chamois; late flowering variety. A grand flower from any and every standpoint. Has no superiors. Magnificent and very scarce. \$1.00 each.
- 32—**MADAME FOREL** (Crousse, 1881.)—Enormous, very full, ball-shaped bloom; perfect shape and splendid habit. Color glossy ash-colored pink, with silvery reflex with deeper rose center. Splendid. 60 cents each.
- 35—**MEISSONNIER** (Crousse, 1886.)—Enormous, full, convex bloom. Guard petals brilliant amaranth, center deep crimson. Remarkable for its splendid coloring. Very fine. 50 cents each.
- 48—**MONSIEUR JULES ELIE**—Enormous globes of glistening, silvery-rose. Perfect shape; a wonder. \$1.00 each.
- 81—**MARS** (Terry.)—Dark purplish-crimson. 25 cents each.
- 83—**MRS. BURKE** (Terry.)—A grand crimson flower. 30 cents each.
- 105—**MONSIEUR CROUSSE**—Large flowered, deep rose. A magnificent variety. 50 cents each.
- 106—**MADAME BOLLET** (Calot, 1867.)—Clear rose, lingu- lated with carmine; very large. 50 cents each.
- 57—**NAOMI DEMAY**—Fine, light pink; free flowering. 30 cents each.
- 26—**PULCHERRIMA** (Guerin, 1842.)—Light pink, an old standby. 25 cents each.
- 50—**PRINCESS BEATRICE**—Guard, pale rose; center salmon. Very fragrant; extra. 40 cents each.
- 51—**PRESIDENT ROOSEVELT**—A most perfect shaped, very double flower of a pure dark red color. A very unique and attractive variety of high merit. Won prizes wherever shown. \$1.00 each.
- 55—**PRINCESS MAUD**—Yellowish-white; large guard petals. 25 cents each.
- 69—**PAGANINA** (Guerin, 1857.)—Guards, lively rose; center pinkish-white and yellow; fragrant. 25 cents each.
- 85—**POTTSHII**—Dark crimson. Blooms early. 25 cents each.
- 40—**QUEEN VICTORIA** (Syn. Whitleyi.)—Opens flesh- white, fading to white. Center petals sometimes tipped with crimson, an old standby. More of this is being planted for cut flowers than any other variety. 35 cents each.
- 33—**REEVISIANA**—Rosy-flesh; very desirable. 25 cents each.
- 47—**ROSA BARRY**—Pure white; of largest size. 50 cents each.
- 70—**RUBRA TRIUMPHANS** (Guerin, 1840.)—Brilliant satiny crimson. 35 cents each.
- 78—**RUBRA SUPERBA** (Richardson.)—Dark maroon or crimson. Latest of its color. Claimed by many to be the best of reds. 40 cents each.
- 24—**SOLFATERRE** (Calot.)—Beautiful white with yellow center; a charming and desirable variety. 75 cents each.
- 36—**VICTORIA TRICOLOR** (Van Houtte.)—Deep pink guards; center pink, shaded with yellowish flesh color 35 cents each.

OFFICINALIS SECTION

- 91—**OFFICINALIS RUBRA** (Fl. Pl.)—The old-fashioned early, deep crimson variety of our grandmothers' gardens. 25 cents each.
- 92—**OFFICINALIS ROSEA** (Fl. Pl.)—Very large, well- formed bloom. Color deep pink. Very brilliant and effective. 25 cents each.
- 94—**OFFICINALIS ALBA** (Mutabilis.)—White striped with pink. 25 cents each.
- 95—**OFFICINALIS ROSEA** (Plena Superba.)—Clear rose- pink, shaded salmon. The earliest pure pink Peony to bloom. Large, well-formed bloom; excellent. 40 cents each

PEONIES TO COLOR

We can supply unnamed Peonies in the following separate colors, red, white, pink, and rose—all good varieties—at 20 cents each; three for 50 cents; seven for \$1.00.

REMEMBER THAT PEONIES GROW IN VALUE

FROM YEAR TO YEAR, GETTING BETTER ALL THE TIME. THEY THRIVE AND GROW EVERYWHERE AND NEED NO ATTENTION.

Thompson's Rose Nicotine

Thousands of lovers of flowers and plants have been so discouraged in their efforts of growing them, due to the ravages of the Rose Bug and other insects, that they have given up in despair. Many have tried Paris Green, Hellebore, Kerosene Emulsion, Tobacco Water, Soaps and Dust and some proprietary products without effect, unless used strong enough to kill the plant, or if fairly effective the odor, or if a powder, has been so disagreeable as to prevent its use.

Equally as much trouble with insects is experienced in raising fruit or growing vegetables and viewed from a financial standpoint it is of greater importance. Something should be used as an insecticide that is odorless and leaves no residue or sediment after spraying, and such a product is found in Thompson's Rose Nicotine, which makes an odorless, colorless and "death to insect" spray. It is acknowledged by entomologists to be the most powerful and safe insect and parasite destroyer known and is used by the U. S. Department of Agriculture.

OUR GUARANTEE

On presentation to us of a written and signed statement that Thompson's Rose Nicotine or Fumigator does not kill insects or parasites as claimed, your money will be refunded.

We, however, direct your attention to the fact that as insects are always in the air, your flowers, vegetables, etc., may again become infested after once getting them clean, **therefore we do not guarantee to keep them clean forever.** This also applies to dogs and cats, when again exposed to lousy animals.

Always spray the under side of leaf where the insects live.

Thompson's Rose Nicotine is put up in 35-cent (makes 1 1/2 gallons spray) and 60-cent (makes 6 gallons) cans, and the Fumigator is put up in 25-cent boxes. The Fumigator can be used to fumigate plants to kill insects. Can only be sent by express at above prices; we prepay expressage.

GARDEN IMPLEMENTS

Rubber Sprinkler

Excelsior Weeder

Some very useful articles for the ladies who work in the flower garden.

Solid Steel Trowel

Rubber Plant Sprinkler. Indispensable for floral work and window gardening. Used to apply Thompson's Rose Nicotine. Invaluable when once tried. Useful for dampening clothes or sprinkling in any way. Price, by mail, \$1.10; by express, \$1.00.

Trowel, Solid Steel. Absolutely the best trowel in the world. One solid piece of steel, and will outwear several of the ordinary sort. Price, prepaid, 60 cents; by express, 50 cents.

Excelsior Weeder. A very useful little tool for weeding seed beds, stirring the ground, etc. Price, postpaid, 25 cents.

Bowker's Ammoniated Food for Flowers

A new, odorless fertilizer for pot plants. Makes plants grow and bloom luxuriantly, and drives insects from the soil. It starts the plants at once into a healthy and vigorous growth and abundant bloom. It drives worms and other troublesome insects from the soil. It has no disagreeable odor, and is the only artificial fertilizer which can be used without danger or injury to the plants. It takes the place of liquid manure, and is just the thing that has been wanted for a long time. We have sold tens of thousands of packages of it, and have yet to hear the first complaint.

If your plants are doing poorly, get a package, and see how quickly they will be benefited. It acts like a charm. The Ammoniated Food is put up in wooden boxes, with attractive wrappers. One package, sufficient for twenty-five ordinary-sized plants for one year, for 50c. Sent by mail, postage prepaid, on receipt of price.

Velvet Sod Lawn Grass Seed

Composed of a variety of fine, dwarf, close-growing grasses, which on properly prepared, finely pulverized ground will produce very quickly a neat velvety lawn and permanent sod. Has given universal satisfaction for the past twenty-five years. Price, per quart, 30 cents, postage paid.

SULPHO-TOBACCO SOAP

A WONDERFUL INSECT PEST EXTERMINATOR

Unsurpassed for quickly exterminating all insect life on plants and flowers in and out of doors. Excellent for Rose bushes, shrubs, etc. This popular insecticide never fails to give satisfaction, and is cheap, effective, clean, harmless, and non-injurious to the tenderest growth. It also acts as a valuable fertilizer, reviving plant life. For domestic purposes it rids the house of cockroaches, and is a superior wash for dogs and all animals. Prevents poultry lice. You cannot

afford to be without Sulpho-Tobacco Soap if you desire to be successful in plant culture. A trial will give highly gratifying results. Directions for use with each cake.

Three-ounce cake, sufficient for one and a half gallons prepared solution, 10 cents; mailed, postpaid, 13 cents.

Eight-ounce cake, sufficient for four gallons prepared solution, 20 cents; mailed, postpaid, 28 cents.

ECLIPSE GLASS CUTTER

We have in this glass cutter the best in the market; cuts as good as a diamond, in fact we use them in our greenhouse work in preference to a diamond, as we can do better work and more of it. Do not confound the Eclipse with the common wheel cutters; will last twenty times as long. 35 cents each.

New Champion Disinfectant Sprayer

HOW TO FIGHT YELLOW FEVER—The only method that gives protection against Yellow Fever and all other contagious diseases. Destroys germs of all kinds, and kills the Yellow Fever Mosquito on the wing. The only instrument that throws a continuous fine spray, with great force, either straight forward, up, down or sideways, thus making it possible and convenient to spray under seats and other furniture, into cracks, crevices and corners, behind heating pipes, or through small openings into closed rooms, etc. Sprays either oily or watery solutions, Thompson's Rose Nicotine, coal oil, turpentine, formaldehyde, creosote solutions, nitro-benzine, etc. Producing a fine vapor-like spray, it kills mosquitos, flies and other insects on the wing. A room can be thus cleared of the pests in a few minutes. Spraying over the surface of ponds, reservoirs and cisterns destroys the larvae of the mosquito more effectively and with less quantity of solution than by pouring it in. Price, each \$1.50.

OUT O' SIGHT MOLE TRAP

This is the best Mole Trap ever offered, and has only to be tried to be appreciated.

THE SECRET OF MOLE CATCHING is a good trap, and to know their habits. Full information sent with each trap. Send \$1.00 for Sample Trap; if to go by mail add 25 cents for postage.

AMERICAN BEAUTY SET

American Beauty

THE WORLD-FAMOUS ROSE AMERICAN BEAUTY

This Rose has become as famous as the Marechal Niel. The flowers of this grand Rose are so eagerly sought that they sell in the flower stores of the larger cities during the holiday season at the extravagant price of from one dollar and a half to two dollars for a single bud or flower; indeed, the market is never fully supplied with them even at this high price. Why is this? There must be a reason. It is because of its large size, rich color and delicious fragrance. One of its chief attractions is its foliage (see illustration from photograph), which will show you what long, stiff stems and heavy foliage it can be cut with. It is a hardy Rose, of the largest size, having the ever-blooming qualities of the Tea Rose with the delicious odor of the Damask or Moss Rose. It is the sweetest of all Roses. In color it is a deep, brilliant red, shading to a rich carmine-crimson. American Beauty is like Marechal Niel, difficult to start from small plants, therefore we advise our customers to buy strong plants of it. This Rose will never be sold cheaply, for the reason it is difficult to propagate. For young plants, 35 cents each; large two-year-old plants, 75 cents each. We advise the planting of the larger size.

THE GOLD MEDAL ROSE LIBERTY

This Rose marks the limit of glorious deep yet bright coloration in a family by no means deficient in warm, rich hues of crimson-red. Most nearly approached by Meteor in color, this newcomer surpasses that standard variety in purity, being without the tendency to blacken that Meteor exhibits and also the blue cast sometimes seen on the fully expanded petals of Meteor has not been detected in any degree whatever upon a single one of many critically examined blossoms of Liberty. This novelty does not exact a temperature in excess of that generally accorded

to other Roses when grown under glass. Liberty is destined to become the one dark-flowered Rose for both commercial and private use. 25 cents each; two-year-old plants, 50 cents each.

NEW PEDIGREE YELLOW ROSE FRANZ DEEGEN

This beautiful yellow Hybrid Tea is a fine grower, having dark, leathery foliage, and the good habit of throwing up numerous heavy canes, each one crowned by a glorious flower of large size. Composed of large petals. The outer petals are of about the color of Perle des Jardins, the inner petals a good orange shade, very deep and rich. It is a constant bloomer, opening its buds freely. A strong, healthy grower; not subject to mildew. A very promising variety for forcing. Received six gold and silver medals in America during 1902. This Rose has made many friends on short acquaintance. 15 cents each; two-year-old plants, 40 cents each.

RUBY GOLD

COLORS ARE DAZZLING

Nature is constantly surprising us with some development deemed impossible, and in the grand Rose which we offer here-with she has surprised herself. It is the product of Catherine Mermet grafted on a Marechal Niel Rose, which, contrary to all previous belief, has been fused into an entirely distinct variety by some mysterious process of nature, the result being a composite likeness of both. It has retained the dwarf habit of Mermet, showing no tendency to climb, while the color of the flowers shows the perfect blending of the rich golden-yellow of Marechal Niel with the delicate pink of Mermet, the result being a tawny shade of yellow bordering on old gold, through which run veins of rosy-red and pink. But it is in the fully expanded large double flowers that we see the grand coloring obtained by the blending of these shades in Nature's laboratory. It is difficult to describe the rich crimson (not unlike burnished copper) which lights up the center of the flower or the grand effect produced by its lessening intensity toward the end of the petals, where it merges into the tawny golden shade already described. With a view to indicating this grand coloring in the name of this fine variety, it has been called Ruby Gold, and we venture to predict that its rare beauty will interest and its unique origin startle the horticultural world. 15 cents each; large two-year-old plants, 40 cents each.

SPECIAL OFFER—THE AMERICAN BEAUTY SET OF ROSES FOR 75 CENTS. IN LARGE SIZE, THE FOUR FOR \$1.90

"PURITY" Collection of SIX LOVELY PURE WHITE ROSES

SPECIAL OFFER—The six pure snow-white monthly Roses on this page, 55 cents; or the six Roses in large two-year-old plants for \$2.00. In ordering, say "PURITY" COLLECTION.

THE QUEEN

A most charming Tea Rose. The offspring of that fine old Rose Souvenir d'un Ami, whose many good qualities it seems to possess in a remarkable degree. It is pure snow-white, makes good, finely formed buds, is quite full, showing the center but slightly when fully open. The petals are thick, of good substance, opens well and is very sweet, and has proven valuable both for forcing and for open ground planting. We recommend it for extended trial, as it will be found a valuable acquisition to our list of pure white ever-blooming Roses. **10 cents each; large two-year-old plants, 35 cents each.**

SNOWFLAKE

This is a lovely white Rose, a pure Tea, but a foreign seedling, the freest-flowering white Rose we have seen. It will be especially useful in set designs. For a pot plant it cannot be excelled, as it possesses every good quality of a pot Rose. We counted on one plant one hundred and forty-three buds and flowers in a single day, and the plant was only nine months old. It can be used in place of white Carnations for set pieces at an immense saving, because it can be bloomed profitably at one dollar per hundred buds. Not only will it cover twice and three times the space in a funeral design, for instance, that a Carnation covers, but it will give greatly superior results. Try it. **10 cents each; large two-year-old plants, 35 cents each.**

IVORY, or White Golden Gate

Golden Gate has become so well known to all Rose growers as a fine bedding Rose and a grand Rose for cutting that all will understand what the new Rose Ivory is like when it is described as a white Golden Gate. It is of the largest size, and retains its purity of color in the garden in all kinds of weather. Its extraordinary freedom, large size, purity of color, tend to make it indispensable to those who plant for white Roses. **10 cents each; large two-year-old plants, 35 cents each.**

CORNELIA COOK

The buds are most beautiful, of immense size, and are borne up high on massive stems, and with their round, full, heavy form carry an air of grace and dignity quite unusual. The flowers are

New Pure White Royal
Tea Rose,

KAISERIN

AUGUSTA VICTORIA

The Best White Rose in the World

This beautiful Rose is a continuous bloomer, producing successive crops of buds and flowers in the greatest profusion. Buds are very beautifully formed, with large petals of the best substance. It shows no center when fully open. Color pure snowy-white, and when you add a rich perfume coupled with a vigorous growth, what more could you ask? This Rose is an easy winner over all competitors in its color. We have tested it thoroughly. **15 cents each; large two-year old plants, 50 cents each.**

the clearest, snowiest white, and are arranged in the most faultless and symmetrical manner. Cornelia Cook has the largest bud of any of the white Roses. It is a massive and magnificent Rose. **10 cents each; large two-year-old plants, 35 cents each.**

MARIE GUILLOT

We consider this variety the equal, if not the peer, of any Rose of its color in cultivation. A trial will convince anyone that this endorsement is not extravagant. The flowers are full and extra large, very double and sweet-scented; has many rivals, but no equals, for open ground cultivation. **10 cents each; large two-year-old plants, 35 cents each.**

KILLARNEY

The Irish Beauty

The Grandest of all Pink
Roses

The new Irish Ever blooming Hybrid Tea Rose. Flowers are a beautiful bright pink in color, deeper than Madame Caroline Testout, and very fragrant. Blooms freely throughout the entire season. Country Life in America for March says: "Killarney is the most satisfactory Rose in this or any other class for growing out of doors. The growth is strong and vigorous, petals of great substance, color most beautiful, and it is a free and constant bloomer." Certainly an Irish Beauty. Price, 15 cents each; two-year-old plants, 50 cents.

WINNIE DAVIES

The color is apricot pink, shading to a flesh tint at the base of petals; buds oblong and well formed, when fully expanded resembling a sunburst, most peculiar and most strikingly beautiful. Its habits are vigorous and robust, very free blooming, each eye producing flowers. Foliage leathery and glossy. Throws up vigorous shoots from the roots, producing three to eight blooms, its peculiar fragrance like luscious apricots. For the Middle and Southern States we claim the Winnie Davis to be an acquisition second to none introduced in recent years. This fine Rose should be in everyone's garden and collection. Be sure to procure a plant of this variety. 15 cents each; large two-year-old plants, 35 cents each.

ADMIRAL DEWEY

In color this is among the most beautiful of pink Roses. A delicate daybreak blush clear and distinct and very captivating—nothing weak or washy in color. It is a sport from Madame Caroline Testout, is more vigorous in habit and a very free bloomer. Like Testout, the flowers are very perfect in form, a little lacking in fullness when fully expanded, forces finely and is very fragrant. A fine cold weather Rose of enormous size. 15 cents each; large two-year-old plants, 35 cents each.

MADAME CAROLINE TESTOUT

THE GIANT LA FRANCE

This is a wonderful Rose, is absolutely in a class by itself. Planted in the nursery rows with all the good Roses, you can pick it out across a ten-acre field on account of its immense size and brilliant color. We grow more of this Rose than the balance of the country combined. Fifty thousand will be our product this year. Probably no Rose stands higher in public estimation today than La France, and when we say this elegant new Rose is a close counterpart of La France we have said enough to insure its being planted by vast numbers of people. We don't know that it is any better than La France, but it is decidedly deeper and more brilliant in color and a larger flower and is as good in other ways. It is a wonderful Rose. The petals are large and of elegant La France form, exquisitely edged and bordered with clear silver rose. Both flowers and buds are extra large and of very elegant form. The color is brilliant satiny rose. It is of excellent substance, keeps its color well, and its splendid large globular flowers impress every one with a sense of its superiority and great beauty. 15 cents each; large two-year old plants, 50 cents each.

TESTOUT TYPE OF ROSES

OR GIANT-FLOWERED ROSES

A type of Roses in a distinct class by themselves. There are no larger, brighter colored or sweeter Roses than these grand Testout varieties. They are the giants among Roses. No description can do them justice. They are among the hardiest of the Ever-blooming Roses, and now claim precedence as the most beautiful of all Roses. In ordering, say Testout Collection of Roses. Be sure and try the Testout, or Giant-flowered Rose.

Madame Caroline Testout

MRS. ROBERT GARETT

The greatest of all pink Roses. A beautiful large Rose of exquisite shape, finish and blending of colors. The flowers are very large, on strong stems, clothed with clean, heavy foliage and strong spines. The buds are long, pointed in shape, and open up beautifully into a full, rounded flower. In shape of bud and half-open flower it very much resembles Souvenir de President Carnot, but is very much larger. Color a glowing shell pink, very deep in the center. The fragrance is delicate and pleasing. 10 cents each; large two-year-old plants, 35 cents each.

MADAME ABEL CHATENAY

A wonderfully strong, healthy growing variety, with rich, bright foliage. A grand bedding Rose, as it is a profuse and continuous bloomer. Flowers large and full, petals recurve and of a beautiful creamy rose. Shaded rose vermilion and tinged with salmon. The base of the petals is very highly colored. Flowers borne on long stems. Exceedingly well adapted for vases of cut flowers. 10 cents each; large two-year-old plants 35 cents each.

SPECIAL OFFER.—The six Testout type of Roses for 65 cents; in large two-year-old plants, the six for \$1.90.

A Bevy of Buckeye Beauties

BEAUTE INCONSTANTE

Think of it—a plant in bloom shows no two flowers alike. They range in color from dark yellow to the richest crimson. A most wonderful Rose. This new ever-blooming Rose from France is very remarkable in many respects, but the most notable is its ability to change its color. This Rose is almost identical with "Child's Jewel," but a much better Rose. We have seen bushes of this wonderful variety bearing at the same time copery yellow, deep rose, bluish pink, mottled yellow and apricot, light and dark crimson Roses. These beautiful colors will sometimes be mottled in a single flower. A plant of this beautiful Rose when in full bloom presents a sight that is at once novel and pleasing. The buds and flowers are large, delightfully fragrant, and, as may be imagined, are exquisitely beautiful. It is a Tea Rose, and is, therefore, a constant bloomer. Its fragrance is delicious, and its being a vigorous grower makes it valuable for garden culture. This Rose produces a sensation wherever seen, and will, without doubt, head the list as a charming novelty for years to come. When in bloom at our greenhouses a good plant of it sells readily at two to three dollars each. Do not fail to try one of these beautiful Roses. 20 cents each; large two-year-old plants, 50 cents each.

The Many-Colored Rose, Beaute Inconstante

LADY BATTERSEA

The Red Niphotos. A most charming new ever-blooming Rose that must take prominence for summer bedding, as its habit is perfection, strong, upright growth, with clean, healthy foliage, almost impervious to mildew. The flowers are produced in wonderful profusion, on long, straight shoots, are deliciously fragrant, large size, double to the center, and of fine form, so that perfect flowers may be had during the hottest summer days. The coloring is exquisite, bright cherry crimson, often approaching the shade of Liberty. As the flowers expand they disclose a charming shade of opaline pink, deepening to a rich blush. An unusually promising bedder. 16 cents each; large two-year-old plants, 40 cents each.

MADAME JULES GROLEZ

This Rose, in color, is unlike anything yet seen in the Hybrid Tea Roses, and it is at the same time remarkable for its freedom and constancy of bloom in open ground. From the standpoint of the home planter it is perhaps the most valuable of all Tea Roses. Certain it is that no Rose has attained such popularity as has Madame Jules Grolez. As an outdoor Rose it has no superior, and the increasing demand for it affords ample evidence that the fact is generally known. It is a strong, vigorous grower, making a handsome, graceful bush, with large, thick deep green leaves. The flowers are large, beautifully shaped, double and full, and borne in wonderful profusion all through the growing season; in fact, we scarcely know of any other Rose that will produce as many perfect flowers in a given time. The flowers are borne nearly upright on long, straight stems, and are of excellent substance, having thick, leathery petals, which hold their form and color for a long time. It is bright rose—one of the brightest, if not the richest colored Tea Rose in existence. It flowers in great profusion and wonderful perfection in the open ground, where it is particularly valuable. This Rose is a fit companion to Helen Gould and Madame Caroline Testout. 15 cents each; two-year-old plants, 40 cents each.

HELENE GAMBIER

This grand variety is one of the most beautiful varieties we have ever sent out, and is very largely planted by those who know its beauty. The color is a remarkable shade of deep orange yellow, shading to copery yellow, and then to almost white on the outside rows of petals; the petals are large, and each one widely bordered with bright crimson, which gives it a very striking and beautiful appearance. The flowers are large, very full and highly perfumed—indeed, the fragrance is as strong and penetrating as a Sweetbriar. A very distinct and beautiful Rose. For planting in open ground Helene Gambier takes front rank, being a hardy, vigorous grower, standing the sun and weather well, a profuse bloomer; unsurpassed for cutting. 15 cents each; large two-year-old plants, 35 cents each.

TRIOMPHE DE PERNET PERE

Originated and sent out by Jean Pernet, one of the most celebrated Rose growers of France, who has already given us some very beautiful Roses, but considers this the triumph of his life (the name translated would read, "Triumph of Father Pernet"). The flowers are extra large, having broad, thick petals and long, tapering buds, with delicious tea fragrance. Color a fine clear magenta red, sometimes passing to a bright crimson. Very striking and beautiful, and of such good substance that the flowers retain their beauty for a long time. Very brilliant and beautiful. 10 cents each; large two-year-old plants, 35 cents each.

Special Offer: THE FIVE BUCKEYE BEAUTIES FOR 65 CENTS.
THE FIVE IN TWO-YEAR-OLD PLANTS FOR \$1.65.

THE COCHET SET OF ROSES

Five Superb, New, Hardy, Ever-blooming Varieties, postpaid, 60 cents.

If you want five of the finest hardy ever-blooming Roses for outdoor cultivation, varieties that will produce hundreds of flowers throughout the growing season, order the five Cochet Roses.

NO MATTER WHERE YOU LIVE THEY WILL GIVE YOU ABSOLUTE SATISFACTION.

PINK MAMAN COCHET

The Queen of All Garden Roses

Such beauty and exquisite form as is possessed by this variety is well-nigh marvelous, and cannot be seen in any other Rose we know of, outside of its counterparts, White and Yellow Maman Cochet. The buds are beautiful, large, full and firm and elegantly pointed; as they expand they show great depth and richness, sometimes measuring two and a half inches from base to tip. Flowers superb when open, extra large, perfectly double and of splendid substance. Small pot plants will in the open ground quickly make large, strong bushes, and produce, on long, stiff stems, great numbers of perfect flowers that are enchanting in fragrance and delicate brightness. Perfectly hardy in all sections of the country. The color is rich, clear pink, changing to silvery rose. As we see it, one good Rose like any of the Cochet Roses is worth a whole collection of poor ones—at any price. **15 cents each; two-year-old plants, 50 cents each.**

WHITE MAMAN COCHET

No Finer Rose Than This

This Rose attracted our attention from the very first time we ever saw it in flower. It comes from France, the country that has produced nearly all of our best Roses. We are not alone in our admiration of it, as all the visitors to our establishment the past years have been unstinted in its praise. It is a vigorous grower, with beautiful, pretty foliage. In bud it resembles the Mermet family, being long and shapely, borne on long, stiff stems. It is of the largest size, and, as you will notice, the flower is built up, or rounded, and very double. The color is a pure snow-white. No Rose surpasses it in vigorous growth and in the immense size of its buds and flowers—indeed, nothing in the Tea family approaches it in size. Deliciously fragrant. **15 cents each; two-year-old plants, 40 cents each.**

SOUVENIR DE PIERRE NOTTING

A Grand New Yellow Tea Rose

This grand new Rose was raised by the well-known rosarians, Soupert et Notting, of Luxemburg, and has been well tested in this country, showing that it is well adapted to our climate. It is of strong, bushy habit, with splendid deep green foliage strong and healthy, so that it is almost immune against disease. The flowers are very full, large and extraordinarily lasting, keeping over a week when cut. The buds are very long, of a most beautiful shape, and stand proudly erect on long, straight stems. The color is yellow, with very delicate Chinese pink and saffron-yellow shadings; the center of the flower is a very rich golden-yellow. **15 cents each; two-year-old plants, 40 cents each.**

RED MAMAN COCHET

Or Helen Gould

Another season's trial has shown the Helen Gould to be one of our most valuable hardy crimson ever-blooming Roses, and we cordially recommend it for general planting. It is a remarkably vigorous grower, quickly throwing up strong shoots from the root and producing great masses of splendid Roses through the whole growing season. Flowers are extra large, perfectly double and deliciously sweet; color is rich, bright red, elegantly shaded and exceedingly beautiful. It is entirely hardy, and needs no protection in this climate, but the usual winter covering of leaves or garden litter is always advisable when con-

Maman Cochet

venient. No lover of fine Roses can afford to be without the Helen Gould; it pleases everyone and gives universal satisfaction. Do not fail to include it in your order now. **15 cents each; two-year-old plants, 40 cents each.**

YELLOW MAMAN COCHET,

Or Madame Derepas-Matrat

Everything considered, this is one of the most noteworthy introductions. Its gracefully molded buds, magnificent open flowers, stiff, strong stems, heavy foliage and vigor of growth and blooming capacity have made the Cochet Roses the most reliable of their class and color. There is a great need for this variety, for it will become equally as famous as Pink and White Maman Cochet. Color of flower yellow, with shades of pink and red; sometimes the flowers come bright pink. It is among the first to bloom in the spring, and it remains in bloom up until severe frosts. **15 cents each; two-year-old plants, 40 cents each.**

SPECIAL OFFER: The five Cochet Roses, fine plants, for 60 cents. The five in two-year-old plants for \$1.85. These Five Cochet Roses cannot be equaled anywhere, and at the low price at which they are offered they are a prize bargain.

THE "METEOR" COLLECTION OF Velvety-Crimson Roses

You Can't Get Better Red Roses Anywhere Than the Six Beauties Offered on This Page.

CRIMSON BEDDER

A Blaze of Glory. The plant is a short, upright grower, branching freely, every branch terminated by a cluster of beautiful buds and flowers. The flowers are large, full and regular. The color is a bright, glowing, velvety-crimson. It blooms constantly from early summer until late autumn. This is the grandest of all red Roses for bedding out—it is a perfect blaze of red all summer. We recommend this Rose highly. It is a rich, highly colored Rose; and one that will please. **15 cents each; large two-year-old plants, 40 cents each.**

SOUVENIR OF WOOTTON

An American variety of great promise, with the following good qualities: (1) Color velvety-red, equal to Jacqueminot; (2) perfume which cannot be excelled; (3) continuous flowering qualities; (4) the most prolific bloomer in existence, every shoot containing a flower bud; (5) habit exceedingly vigorous, and in foliage quite equal to the American Beauty; (6) it never makes imperfect buds, and dark weather deepens the color, giving it a deeper shade of crimson; (7) it is a full, double Rose, and is good in bud, half open or fully expanded. Full, open flowers, frequently six inches in diameter. This superb Rose is unquestionably one of the finest varieties ever introduced for either summer or winter blooming. We have tried this for hardiness in the open ground, and find it will live out all winter south of the Ohio River. It is one of the most satisfactory Roses for the amateur to grow. **15 cents each; large two-year-old plants, 40 cents each.**

PRINCESS SAGAN

The flowers of this variety are the richest crimson of any Rose in our vast collection. A single bud or blossom will catch the eye at a great distance, so brilliant is the color. Indeed, it is unmatched in its velvety richness; could well be termed "The Velvet Rose." It is as free in blooming as Bon Silene. One of our customers in California writes that she is kept busy by people asking what Rose this is. **10 cents each; large two-year-old plants, 35 cents each.**

ADMIRAL SCHLEY

Named in honor of the hero of Santiago and in every way worthy of that illustrious distinction. Magnificent Hybrid Tea Rose with flowers as finely formed as Meteor or Liberty. Deliciously fragrant, and in color a beautiful deep crimson. A strong grower, free bloomer; and a variety that should be grown in the home of every American citizen. We predict for it that it will become one of the most famous of Roses. The stock is very rare. After another year's trial we place this Rose in the front rank of red Roses. **15 cents each; two-year-old plants, 40 cents each.**

METEOR

A velvety-red ever-bloomer of the deepest glowing crimson, as fine as a Hybrid. Flowers of medium size, very double and slightly recurving. A beautiful open Rose, a free bloomer and a very excellent pot Rose. It is a vigorous, bushy grower, with healthy bright foliage of the deepest green. The best rich red Rose for the garden ever introduced. Our correspondents from California say that the flower of the Meteor equals General Jacqueminot, and will produce fifty flowers to Jacqueminot's one. This is unquestionably the best dark velvety-red Rose yet produced. Grand, both in bud and flower. It has our highest commendation. **10 cents each; large two-year-old plants, 40 cents each.**

The Grand Bedding Rose, GRUSS AN TEPLITZ

Or Greeting of Teplitz. (Virginia R. Coxe). This Rose has also been sent out under the name of Virginia R. Coxe. As a bedding Rose this is one of the finest and most useful varieties ever sent out. Many of our customers who bought it the past spring are realizing its value and singing its praises. It will take rank with Hermosa or Soupert. The color is the brightest scarlet, shading to deep, rich, velvety-crimson. It is very fragrant. The freest grower and most profuse bloomer of any ever-bloomer. The mass of color produced is wonderful, and the foliage is extremely beautiful, all the younger growth being a bronzy-plum color. A queen among scarlet bedders. It is a perfect sheet of richest crimson-scarlet all summer. It will undoubtedly supersede Agrippina, Queen's Scarlet and others of this class. **10 cents each; large two-year-old plants, 40 cents each.**

Crimson Bedder

SPECIAL OFFER The above six beautiful deep red velvety-crimson Roses, as shown on this page, sent for remittance of 65 cents; in large two-year-old plants, the six for \$2.00.

THE FAMOUS SOUPERT ROSE FAMILY

The best for pot culture in the house; the best for bedding. Continually in bloom. It makes no difference what season of the year it may be, they are always covered with flowers. With slight protection will live in the open ground.

SPECIAL OFFER: The four charming Soupert Roses for 40 cents. In large two-year-old plants the four for \$1.15. Nothing finer in the Rose line. Every one distinct in color.

**THE PREMIER
BEDDING
ROSES**

**New Yellow Soupert
MOSELLA**

One of the prettiest and most satisfactory Roses in this book. This is a strong indorsement, but this variety, in our estimation, merits it. It is remarkably free blooming, producing in continuous profusion throughout the growing season clusters of three to six flowers, as well as on single stems, which are exquisitely beautiful, being as large as the best Tea Roses, very double and of graceful form. The buds are perfect in their shape, and as they open do not look unlike Camellia flowers. The petals are tinted with white on yellow ground, which becomes golden in the center of the flower. In open ground Mossella is grand. It is a strong dwarf, bushy grower, hardy with protection. **10 cents each; large two-year-old plants 30 cents each.**

Clothilde Soupert

CLIMBING CLOTHILDE SOUPERT

Blooms all the time. Those who are acquainted with the superior merits of Clothilde Soupert will recognize in this climbing offspring one of the most valuable, if not the most valuable, climbing Rose that has ever been introduced. It is a climbing type of Clothilde Soupert, one of the most famous of all Roses. It is celebrated the world over as one of the most perfect Roses we have. In this variety we have the vigorous constitution of Clothilde Soupert combined with its truly wonderful freedom of bloom and its extreme hardiness. This new variety in a single season, even in small plants, will grow fifteen to twenty-five feet, producing cluster after cluster of the finest-formed flowers. In form they are distinct, large, round and flat, with beautifully imbricated petals, perfectly full and double and deliciously sweet. The color effect is magnificent—ivory white, shading toward the center to silvery-rose. Throughout the entire growing season it is literally loaded down with its large, handsome flowers. Needs no protection, having withstood with us a temperature of twenty degrees below zero in the open ground without the slightest protection of any kind. A whole book could be written setting forth the great merits of this variety, and then it would not be overdone. By all means include it in your order. It cannot fail to give satisfaction. **15 cents each; two-year-old plants, 40 cents each.**

CLOTHIDE SOUPERT

The best bedding or pot culture Rose known. Color a French white, deepening to a rosy-blush in the center, exceeding in distinctness of shadings the well-known Malmaison. Its greatest value lies in its compact, vigorous habit and wonderful profusion of bloom, even the smallest plants being literally covered with flowers. The form and substance of the flowers are so perfect that the hottest weather does not cause a deterioration of either, so that even in midsummer a bouquet of splendid buds and open flowers can be obtained from this fine variety. Too much cannot be said in praise of this Rose for bedding purposes. It deservedly earned its title of the "PREMIER BEDDING ROSE." Valuable as it is for garden purposes, it is even more so for pot culture, and ranks first for blooming in the house. It is entirely exempt from the diseases usually affecting Roses in the house. **10 cents each; large two-year old plants, 35 cents each.**

PINK SOUPERT

This is a true Soupert Rose. In bloom all the time. Double and sweet, of a clear, bright pink. This is a grand garden Rose. **10 cents each; two-year-old plants, 35 cents each.**

THE GREAT MERMET FAMILY OF ROSES

THE MOST FASHIONABLE CUT-FLOWER ROSES GROWN

These Mermet Roses have no equal. They are peerless in every respect. Vigorous growers, free bloomers, while flowers are as handsome as Roses can be. They rank in popular favor with the La France type. Amateurs can succeed with these Mermet Roses when they would fail with all others. The Mermet Roses are by all odds the very best Roses for garden culture. Are all identical in every respect with Catherine Mermet except in the color of flowers.

BRIDESMAID

Deep Pink Mermet. Here we have a new Rose, a sport from that old standby Catherine Mermet. This new variety retains all the good qualities of the parent, besides adding charms not possessed by the sweet Catherine. All know that Catherine Mermet takes precedence as a pink Rose. More plants of it are cultivated by the amateur and more cut bloom is sold by the flower dealer of it than any pink Rose. Why? Because the bud is of exquisite shape and contour, so solid and firm, and the stems are so long and stiff, that no other Rose will compare with it in keeping qualities after being cut. It is about two shades deeper in color—just enough to make it bright—and it is the same color all the time, under every condition of weather and surroundings. We recommend this Rose, believing that our patrons will be pleased with it. **10 cents each; large two-year-old plants, 40 cents each.**

CLIMBING BRIDESMAID

A Roses Among Roses. If there is one Rose more beautiful than another, that Rose is Bridesmaid. It is the standard pink cut-flower Rose of America. It has many rivals, but as yet holds its own as one of the grandest Roses in commerce. It represents the highest degree of beauty yet attained in Roses of this class. It is distinct in form, distinct in growth, and equally distinct in color. When we first offered this new variety as a sport from Bridesmaid its popularity was assured. It some-

times reverts back to the bush form, which is its only fault. We want our customers to try this Rose, more especially those whose winters are not too severe. It is quite hardy, but where the winters are very cold and long it should be carefully protected in open ground. It grows rapidly and strongly, and blooms as freely as does its parent, Bridesmaid, which is practically all the time. The flowers are simply beautiful (identical with Bridesmaid); clear dark pink; in bud they are superb beyond anything we have ever seen. This is one of the most valuable additions to the climbing Tea Roses made in recent years. **15 cents each; large two-year-old plants, 40 cents each.**

MURIEL GRAHAM

Yellow Mermet. Similar in shape to Catherine Mermet. Pale yellow, tipped with rose-pink. A strong and vigorous grower, and will prove to be valuable. All who know that old favorite Catherine Mermet will be pleased with this Rose, as it is one of the most beautiful Roses we grow. It is as large, or probably the largest Rose grown in the ever-blooming class. We are confident our patrons will be well satisfied with it. **10 cents each; large two-year-old plants, 40 cents each.**

CATHERINE MERMET

Light Pink. This is one of the finest Roses grown. Its buds are inimitable, faultless in form, and charming in every shade of color, from the purest silvery-rose to the exquisite combination of yellow and rose which illumines the base of the petals. Beyond doubt the Rose of all Roses. This charming Rose deserves and receives recognition from all Rose lovers. It is eagerly sought after in winter by the ultra-fashionable, and is perhaps the most admired of all the Tea Roses. The color is a delicate rose-pink, unapproached by any other. The buds are large, long and pointed, and of great substance and most delicious fragrance. For over twenty years it has reigned supreme in its class and color. You should not fail to have a Mermet in your collection. **10 cents each; large two-year-old plants, 35 cents each.**

THE BRIDE

Or White Mermet. The best pure ivory-white Tea Rose. The bloom is not finer than Niphetos, for that is impossible, but it is a strong grower, and will thrive where Niphetos will not do so well. Save in color it is identical with Catherine Mermet, from which it is a sport. The buds, which are of grand size, are carried high and erect on bright, smooth stems. A fine bunch of these buds, cut with long sprays of foliage, would grace any bride in her wedding robes. It is unsurpassed for purity of whiteness and for form and size. It "pinks" in the bright, hot weather of midsummer when planted out of doors. **15 cents each; large two-year-old plants, 40 cents each.**

The Bride

Five Beautiful La France Roses

These are all perfectly hardy Roses, blooming constantly, and have the most admirers of any Roses we grow. There are no better Roses than the La France Roses. A distinctive characteristic of the set in the true La France Fragrance by which every one may be known.

CLIMBING LA FRANCE

Hitherto the hardy climbing Roses have been almost totally devoid of perfume, and none of them have that form and substance deemed requisite in a high-class Rose. With the advent of the climbing La France these objections vanish, for it excels even its parent (La France) in size and quality of flower; it retains the charming peach pink color and the exquisite fragrance which have made La France the favorite it is. Small plants set out June 15th had attained a growth of fifteen feet by October 15th. The climbing La France is equally as hardy as its parent. It is a true ever-blooming, hardy climbing Rose, which will make it equally valuable for the North and South. This Rose has the one fault of sometimes reverting back to the bush form. 15 cents each; large two-year-old plants, 50 cents each.

WHITE LA FRANCE

Here we have a beauty indeed—one we can recommend to all, whether for outdoor culture or for pots in the house in winter. If you were to ask us to select five of the very finest Roses for you, we would be sure to include it in the five. Do you know La France? If so, you know this elegant new Rose—it is identical with La France except in color. It is pearly-white, sometimes tinted with fawn. Don't fail to get this beautiful Rose. 15 cents each; large two-year-old plants, 50 cents each.

PINK LA FRANCE

The Old Favorite. We have always given this the first place, the queen of all the Roses. Accounts come to us from all quarters every year describing the great profusion of its bloom from June until frost and extolling its fragrance and immense size. It is of superb form, and double as a Rose can be. No variety can surpass it in delicate coloring—silvery-rose shades, with pink. It has a satin sheen over all its petals. It is universally regarded as the most useful of Roses, for it is hardy beyond question. It blooms continuously. The flower is

large, finely built, endures for a great length of time, and is exquisitely colored and fragrant in the highest degree. 10 cents each; large two-year-old plants, 40 cents each.

RED LA FRANCE

Duchess of Albany. We wish to impress the fact that as a Rose for all purposes it has no peer. It is identical with La France excepting in three points. These are a more vigorous growth, a larger and more expanded flower and a deep, even pink in color—not shaded, but what is termed a solid color. You make no mistake to plant this variety. 10 cents each; large two-year-old plants, 40 cents each.

STRIPED LA FRANCE

Striped La France combines all the good qualities of La France in growth, fragrance, shape of bud and flower—in fact, does not differ from it except in two points. First, it is freer in bloom than the parent; second, it is nicely striped, the markings being plain and distinct and the variegation beautiful bright rose on satin-pink ground. 10 cents each; large two-year-old plants, 40 cents each.

The Beautiful Tulip Roses

THESE ARE CALLED TULIP ROSES BECAUSE OF THE FEATHERY SHADING OF THE LIGHT ROSE AROUND THE EDGE OF EVERY PETAL. THEY ARE DISTINCT FROM ALL OTHER ROSES IN THE PECULIAR MANNER OF THIS MARKING.

PRIMROSE

The sweetest, largest and freest-blooming Hybrid Tea Rose in cultivation. No description or illustration can do justice to the remarkable beauty and splendor of the flowers—they are grand in every way. It blooms steadily, bearing in unbroken continuity, on good, stiff stems, magnificent large flowers that frequently measure from four to six inches in diameter. The form is full, deep and wonderfully double. It is full to the center, and when entirely open the flowers do not look unlike Peonies. This resemblance is made all the more striking by the peculiar color, which is absolutely unlike any Rose we know. In the bud the color is a deep, rich carmine, which, as the flowers open, lightens to a soft, clear pink, with each petal distinctly edged with silvery gray. The effect is beautiful. The fragrance is simply delicious. It is a strong, healthy grower, forming a compact bush. In the open ground, where it is hardy, it does splendidly, commencing to bloom early in the season and continuing until severe freezing weather. Slight protection during winter will be beneficial. Probably the most valuable and satisfactory Rose for general cultivation sent out for many years, and people who plant it will make no mistake. **15 cents each; two-year-old plants, 40 cents each.**

MADAME DE WATEVILLE

This grand Rose is one of the most beautiful varieties we have ever sent out, and is largely planted by those who know its beauty. The color is a remarkable shade of creamy-yellow, richly colored with rosy blush. The petals are large, and each one widely bordered with bright crimson, which gives it a very striking and beautiful appearance. The flowers are large, very full and highly perfumed. For planting in the open ground Madame de Wateville takes front rank, being a hardy, vigorous grower, standing the sun and weather well, a profuse bloomer and unsurpassed for cutting. **15 cents each; large two-year-old plants, 40 cents each.**

ANTOINE RIVOIRE

Here we have a Rose that can be talked about, and when you have said all in its favor that you can think of, you will have still left something unsaid. It is a vigorous grower, with fine-shaped buds and flowers. Colors salmon flesh in center to the edge of its petals, shading to a creamy white with a delicate pink tinge. No other Rose we know of is either like it in color or makeup—the color is so fresh and clean. It will last longer by far than any Rose cut from the field, and retain its fresh, bright appearance. One customer writes us that in the heat of the summer when cut it keeps fresh from three to five days, while other Roses are droopy within a day. This is due to the thick, leathery-like petals seen only in this variety. This Rose is in a class all by itself. A No. 1 in every respect. **15 cents each; two-year-old plants, 40 cents each.**

GOLDEN GATE

There are so many beautiful Roses, and they are beautiful in so many different ways, that it seems scarcely possible for any one variety to be the most beautiful of all Roses; and yet if the question were to be decided we are strongly of the belief that the palm would have to be awarded to Golden Gate. This magnificent Rose is the

result of a cross between those old greatly admired varieties Safrano and Cornelia Cook, and, while combining the good qualities of both, is vastly more beautiful than either. The flowers are extra large, very full and finely formed and of excellent substance; the buds are long and of the most desirable form; the color is a rich creamy white, beautifully tinged with fine golden yellow. The petals are large and broad, and exquisitely bordered and tinted with clear rose, making altogether a Rose of the rarest and most indescribable beauty. Golden Gate is a strong, healthy grower and a most profuse and continuous bloomer. Will produce more perfect buds and blooms than almost any variety we know. It is excellent for bedding, also for house culture. In short, we can heartily recommend it as one of the finest and most beautiful Tea Roses ever grown. **15 cents each; large two-year-old plants, 40 cents each.**

Madame De Wateville

SPECIAL OFFER THE FOUR TULIP ROSES FOR 50 CENTS; LARGE TWO-YEAR-OLD PLANTS, THE FOUR FOR \$1.35

FIVE BEAUTIFUL MALMAISON ROSES

There are, we presume, but few persons who cultivate Roses that are not familiar with that old, tried and true variety "Malmaison." This Rose is known in the South as "Souvenir." It has been the one standard variety in Rose Gardens for the past thirty years, and, in fact, there is not a Rose extant that rivals it for general cultivation. We have the pleasure of offering four companions of it. They are exact counterparts of Malmaison in growth, foliage and freedom of boom—in fact, in every respect except the color of the flowers. We feel sure they will be a welcome addition to all Rose gardens.

"SOUVENIR" PINK
MALMAISON

STRIPED
MALMAISON

WHITE
MALMAISON

CLIMBING
MALMAISON

RED
MALMAISON

THE GRAND NEW ROSE, CLIMBING MALMAISON

This Rose is an exact counterpart of Malmaison in foliage and flower, but it is a rampant climber. You cannot tell the flower or foliage from that old-time tried and true variety Malmaison. It will be a welcome addition wherever climbing Roses are planted. Just imagine a Rose climbing over the side of your house or inclosing your veranda in its luxuriant foliage, bearing fresh-colored Roses of immense size and double to the center. It is the strongest and most rampant grower of any climbing Rose we have. It has made a growth the past season of twenty feet and bloomed every month of the summer. We can cheerfully recommend this Rose to all our patrons. This is the grandest climbing Rose we know of. 10 cents each; large two-year-old plants, 40 cents each.

A SPENDID ROSE, RED MALMAISON

The Brightest, Sweetest, Freest-Blooming Rose in Existence. This Rose is not so well known as it should be, as it is a first-class Rose in every respect, being an exact counterpart of Malmaison except in color, being a rich velvety crimson of satin finish. It is very bright and handsome, and is a great summer bedder. Red Malmaison is one of the loveliest of ever-blooming Roses. It has no superior and very few equals. Its color is something indescribable. A richer, deeper crimson was never seen in a Rose, while its fragrance is even more subtle and delicate than that of La France. It is a profuse bloomer, and as easy of cultivation as the most ordinary Rose; indeed, one finds in it every attribute one longs for in the Rose, and it might well be called the perfection Rose. 15 cents each; large two-year-old plants, 40 cents each.

The Wonderful New Rose, Crown Princess
Victoria, or

WHITE MALMAISON

This Rose has our highest commendation. It is a vigorous grower, with large, fine foliage, and is one of the loveliest of all Roses. The color is a pure, waxy snow-white; the center of the flower has a lemon tint—just enough to lighten and brighten it—and to those who desire a fine double flower when fully expanded, this will meet your wants, as it is very beautiful when full blown. Certainly a grand acquisition. Resembles that grand old Rose Malmaison in shape and fullness. We doubt very much if there is a finer Rose grown than this one. It is grand in every respect. We have tested it fully, and each year only confirms our high esteem for it. The best white Rose we have to offer you. 15 cents each; large two year-old plants, 40 cents each.

SOUVENIR DE LA MALMAISON

As known in the South as "Souvenir." This grand old variety, when used as a bedding Rose in summer, has no equal, as it produces the most perfect flowers in the hottest weather. Its rich flesh-colored flowers are of immense size, double to the center and produced in abundance, and have the requisite form and substance to withstand our dry, hot summers. Exquisitely fragrant; a noble Rose. 15 cents each; large two-year-old plants, 40 cents each.

Souvenir De Da Malmaison

NEW ROSE, BERTHA CLAVEL, OR STRIPED MALMAISON

This variety is a striped sport from old Souvenir de la Malmaison. The color is a creamy-white, with rose center, reverse of the petals striped carmine, light rose, making a charming combination of colors. We think this a novel and useful new Rose. Offered for the first time last year. 15 cents each; large two-year-old plants, 40 cents each.

SPECIAL OFFER: The five Malmaison Roses sent for a remittance of 50 cents; five large two-year-old size for \$1.65. A great bargain, as you get five elegant Roses at a very moderate cost.

SEVEN GOLDEN-YELLOW BEAUTIES

The Best of All Deep Yellow Roses

If you are desirous of having Yellow Roses, we would advise you to plant the Roses named on this page. They are all well-known varieties, and every one has merits of its own entirely distinct from any other.

PERLE DES JARDINS

Or "Pearl of the Gardens"

The one Tea Rose that you cannot do without. The majority of cut-flower buyers who order "a dozen Marechal Niel buds" the year round do not know that their orders are filled with Perles—and quite to their satisfaction, too, be it said, for though the two varieties differ, Perle does not suffer by comparison with Niel. It has absolutely no weak point, but it is a perfect and popular Rose. The color is faultless, whether the waxy petals show the cream tint of cool weather or take the richer golden shades which a warmer sun gives them. The form of the bud is rich, round and luxuriant. It is only equaled in beauty by the open Rose, which is full to the center and large. It is no shy, creeping plant, but is fairly riotous in growth, sending out quantities of beautiful foliage, thick, glossy and dark, every branch being tipped with the dark reddish-maroon of the young shoots, and bearing its buds or clusters of buds high above the leaves. **15 cents each; large two-year-old plants, 40 cents each.**

MADAME CECILE BERTHOD

Most beautiful, both in bud and flower, which is deep golden-yellow—in fact, the deepest yellow in color of any Rose we grow. The foliage is very bright. This is a Rose of magnificent size and color. We grow of this variety alone over fifty thousand, which is an evidence of how we prize it. Altogether a grand Rose, and always in bloom. **10 cents each; large two-year-old plants, 40 cents each.**

ISABELLE SPRUNT

A bright canary-yellow; large, beautiful buds, suitable for cut flowers; a very sweet tea scent; profuse bloomer. It is no doubt the freest bloomer of all yellow Roses. This variety has been a favorite in all gardens where good yellow Roses are planted for the past twenty years. There are none better. **10 cents each; large two-year-old plants, 40 cents each.**

ALLIANCE FRANCO-RUSSE

Another of the really good Roses of the year. Very large, double and of beautiful rounded form, a deep golden-yellow with touches of crimson—just enough color to make it light up well. This has the stiffest stems of all Tea Roses, which, coupled with its large size, beautiful shape and color, makes it a Rose to stand up well at the head. It takes rank with Marechal Niel and Etoile as a yellow Rose. **15 cents each; two-year-old plants, 50 cents each.**

LADY MARY CORRY

Growth vigorous, and of erect, branching habit; blooms of large size, freely produced and perfectly formed; color creamy-yellow, often golden-yellow. This new French Rose has impressed us as a wonderfully good Rose from every standpoint. We have tested it the past few years on our trial grounds, and we will grow it largely. **15 cents each; two-year-old plants, 40 cents each.**

COMTESSE DE FRIGNEUSE

In color charming, in freedom of bloom second to none. The buds are long and pointed and of good size. The color is a deep golden-yellow, with softer shade inside of petal. As a yellow Rose this takes rank next to Marechal Niel. **10 cents each; large two-year-old plants, 40 cents each.**

SPECIAL OFFER:—The seven beautiful Golden-Yellow Roses on this page for 75 cents; in large two-year-old size, the seven for \$2.50.

Alliance Franco-Russe

ETOILE DE LYON

This magnificent Tea Rose is a rich golden-yellow, a strong, healthy and vigorous grower; immense bloomer, bearing flowers and buds early and late. The flowers are very deep, rich and full, excellent substance, very sweet. Surely one of the very best and most beautiful yellow Tea Roses for general planting ever introduced. Remarkably hardy, both as to heat and cold, frequently standing the winters here uninjured in open ground protection, and blooming nicely all through the hottest part of the summer. **10 cents each; large two-year-old plants, 40 cents each.**

EVER-BLOOMING ROSES

ARRANGED ALPHABETICALLY

All the Roses in This List Are Old Favorites, or Choice New Varieties That Have Been Tested

AURORA

A new Rose that has come to stay. Very strong grower, free bloomer; color bright, glowing pink, deeper than La France. This is a finer pink Rose than either Mrs. John Laing or Anna de Diesbach, and all who know these famous varieties know that they are hard to beat. It has the true deep, penetrating fragrance of the Hybrid Perpetual, and is the sweetest of all Hybrid Tea Roses. It is a beauty from every point of view, and can be best described as grand, superb. You will make no mistake in growing it. **15 cents each; two-year-old plants, 40 cents each.**

AGRIPPINA

This is a splendid free-flowering, strong growing dark colored Rose, and beyond a doubt one of the most satisfactory varieties for open-ground culture, where it grows to perfection. The flowers are large, full and double; the color is a rich, rare shade of fiery red, brightened with crimson maroon. The fragrance is exceedingly sweet, and more pronounced than is found in most Roses. It blooms with wonderful freedom. A grand red variety, and one we think a great deal of. **10 cents each; two-year-old plants, 30 cents each.**

Antonine Verdier

Large, beautiful flowers; bright, glowing pink, beautifully shaded rich crimson, very full and sweet; immense bloomer, fine for bedding. **10 cents each; two-year-old plants, 30 cents each.**

ARCHDUKE CHARLES

Crimson-scarlet, changing to silvery-pink; beautiful. **10 cents each; two-year-old plants, 30 cents each**

ANGELA WELTER (New)

Flower large, very full, creamy-white, the center shading to yellow; free and fragrant. A magnificent variety, reminding one of Kaiserin in many ways. The Tea blood assures it more constant in bloom. Well worth a trial. **15 cents each; two-year-old plants, 40 cents each.**

BARDOU JOB

The Clematis Rose. This is not, strictly speaking, a new Rose, but its merits have only been discovered in the past few years. It is scarce, and will be so for some time to come. It is quite vigorous and strong. The foliage is large and leathery; the flowers are very large, and resemble a Clematis in shape; semi-double; the color is the deepest, richest velvety crimson of all Roses. We know of nothing in the Rose family so rich in color. A well-grown bunch of these Roses will startle you. **10 cents each; two-year-old plants, 40 cents each.**

BEAUTY OF STAPLEFORD

A Grand Red Rose. The flowers are very large and perfect in form, deliciously scented—tea fragrance; the color is clear, bright pink, shading to bright rosy-crimson. Makes large and beautiful buds, and is a constant and profuse bloomer. **10 cents each; large two-year-old plants, 35 cents each.**

BESSIE BROWN

A Rose of transcendent beauty, totally distinct and one of the largest and fullest we have ever seen. It is erect and vigorous in growth, flowering profusely in the open ground all through the summer; color pure white, sometimes faintly flushed pink; petals enormous and of shell shape. It is really marvelous that such large flowers can be so freely produced. Received gold and silver medal from the National Rose Society, England, and numerous certificates and prizes. This variety is a gem of the first water. **15 cents each; two-year-old plants, 40 cents each.**

BOUGERE

A Grand Garden Rose. Anyone who has seen this grand old sort growing in the open ground will agree that it deserves the highest words of praise we can give it, having been introduced in 1832. Since then it has been tried and found to be of rare value for general planting. The flowers are unusually large, deep, full and double. They are supported on long, stiff stems, and are produced in bountiful abundance throughout the growing season. In color they are bronze rose or violet-crimson, delicately shaded with lilac. Exceedingly sweet; remarkably hardy. **10 cents each; two-year-old plants, 35 cents each.**

BON SILENE

A Grand Old Rose. This remarkable Rose was introduced in 1839, and up to this time no new variety has superseded it, a fact that bears ample testimony of its valuable qualities. It is superb in every way. Perhaps the most noted feature is the immense size and beauty of its buds, which can not be surpassed for bouquets and decorative purposes. The color is deep rose, sometimes bright rosy-crimson, occasionally pale light rose. In the open ground it grows to perfection, producing crop after crop of its beautiful flowers in unbroken continuity from early spring until late in autumn. Of all the Teas there are none better. **10 cents each; two-year-old plants, 35 cents each.**

BURBANK

A Perfectly Hardy New Ever-blooming Rose. This lovely Rose was raised by Mr. Luther Burbank, of California, known the world over as the "Wizard of Horticulture," and is the only variety of seventy-five thousand cross-bred seedlings which he raised that he was willing should bear his name. This Rose is the only rival that the famous variety Champion of the World has. The color is described as cherry-crimson—it is, in other words, the very deepest and brightest pink Rose in cultivation. It is peculiarly adapted for both outdoor planting or for blooming in pots in the house during winter. It is a strong, vigorous grower, making well-rounded, bushy plants. The Burbank Rose is perfectly hardy, and will stand our most severe weather. The freest-flowering Rose in cultivation. The flowers are double, and it is most pleasing in its rich beauty and is delightfully fragrant. **10 cents each; two-year-old plants, 35 cents each.**

Bessie Brown

BELLE SIEBRECHT

This beautiful rose was raised in Ireland and named Mrs. W. J. Grant. It is known under this name in England as well. It was brought to this country and rechristened, Imperial pink—a rare color. The flowers, which are sweetly perfumed, are large, beautifully formed, of long, tapering shape, with high center. A most prolific bloomer, and the finest Rose of its color. Has swept all prizes wherever shown. **20 cents each; large two-year-old plants, 50 cents each.**

Belle Siebrecht

COMTESSE RIZA DU PARC

Coppery-rose, tinged and shaded with soft blush; has many admirers. **10 cents each; two-year-old plants, 30 cents each.**

CHRISTINE DE NOUE

Double Papa Gontier. This beautiful new red Tea is a very charming Rose, and promises to be one of the best of recent introduction. It is particularly valuable because red has been a very scarce color among Tea Roses, and this one seems exceptionally fine. It is a splendid grower, making a large-sized, graceful bush, with bright deep green foliage. A constant and very free bloomer. The flowers are well borne upon strong stems, and are unusually large and handsome. The buds are long and finely pointed, and the color is a clear, rich maroon or deep purplish-red, passing to lake, center sometimes streaked with silvery-white. The petals are finely imbricated, and the flowers are deliciously sweet. It is highly recommended as a valuable and in every way desirable Rose for general planting. **10 cents each; two-year-old plants, 40 cents each.**

CLARA WATSON

The flowers are very graceful, resembling Bridesmaid in form, and are produced in remarkable profusion. The buds are very beautiful, and are supported on long stems, making it desirable for cutting. The color is salmon-pink, very difficult to describe. Will take a place among the best Roses. **10 cents each; two-year-old plants, 40 cents each.**

COMTE AMEDE DE FORAS

This is a new Rose, and it shows on first trial decided merit. Has a fine bud of light apricot, deepening on the outer petals to pinkish-copper, with center of peach-pink. The colors harmonize without becoming an oddity. One of the best of the parti-colored section. **15 cents each; two-year-old plants, 40 cents each.**

CAROLINE MARNIESSE

A Grand Bedding Rose. A hardy Rose introduced in 1849 that is always in bloom. As a bedding Rose this variety has no equal. It is literally a continuous bloomer. When other Roses show only scattering blossoms or none at all, the rows of Caroline Marniesse are a perfect mass of flowers. The blossoms are bluish white, small but full, and borne in very pretty clusters. The bush is low-growing, about eighteen to twenty-four inches high, and especially adapted for a border. It is entirely hardy, having withstood unprotected a temperature of twenty-five degrees below zero without the least injury. **10 cents each; two-year-old plants, 35 cents each.**

COUNTESS DUSY

We have found this a most useful and beautiful general-purpose Rose. Every florist who makes up design work should grow a quantity of this variety. It is dwarf in habit, extremely free and branching in growth, blooms in great profusion and is pure white in color, petals imbricated, resembling in shape and style of flower White Malmaison, the bud pointed and the open flower of very large size. We strongly recommend this variety for market in pots and also as an outdoor Rose border as well as for design work. Has the earmarks of a good new Rose. **15 cents each; two-year-old plants, 40 cents each.**

COQUETTE DE LYON, or Yellow Hermosa

This is a most charming yellow Tea Rose. A grand grower, has elegant buds, and is so free in flower as to be called the Yellow Hermosa. This is the best blooming pure yellow Rose in our catalogue. We sold of this Rose the past spring thirty-five thousand plants. It is a Rose that will please all. **10 cents each; two-year-old plants, 40 cents each.**

CHAMPION OF THE WORLD

This Rose is the champion bloomer. It is claimed that one plant of it will produce more flowers during the year than any ten plants of any Tea Rose. It is a truly perpetual bloomer, never without flowers. Champion in hardiness. Though a perpetual bloomer, it is as hardy and robust as an oak, standing the severest winters of Vermont, where it originated, in the open ground without the slightest protection. The champion in fragrance. It has the most delicious and powerful Rose fragrance, which is maintained during the whole year. Its perfume in December is as rich, delicate and sweet as it is in June. It is also champion in form and color. Its blossoms are perfectly double to the center, and of the most perfect shape both in bud and blossom, while its color is a degree of loveliness which few Roses can equal, being a rich, deep rosy-pink, a shade the delicate richness of which is seldom seen. You will miss a beauty should you fail to get it. **15 cents each; two-year-old plants, 40 cents each.**

COUNTESS EVA STARHEMBERG

Yellow, with buff center, edged rose. An elegant Rose in every respect. **10 cents each; two-year-old plants, 30 cents each.**

CHARLES ROVOLLI

Color brilliant carmine, shading to silvery-peach; very delicate and beautiful; a grand garden Rose, always in bloom. **10 cents each; two-year-old plants, 30 cents each.**

DEVONIENSIS

The Charming Magnolia Rose. We doubt if there is scarcely anyone who does not know of the beauty of this famous old favorite. There is no other variety like it, and none more beautiful or desirable. If there is one variety more than another that we are partial to, it is the Devoniensis. It is fine everywhere. Planted outdoors it gives an abundance of its beautiful flowers all through the season. The color is a lovely creamy-white, with rosy center, large, full and double and deliciously scented. The only Rose having the true Magnolia fragrance. This is the one Rose that should be seen in every garden. **10 cents each; two-year-old plants, 35 cents each.**

DUCHESS DE BRABANT

The People's Rose. In the desire to obtain new varieties of Roses, rosarians and dealers are too often prone to overlook old standard sorts which are unquestionably meritorious. Some sorts are too good to be crowded to the wall by new aspirants for honors and to this class belongs the Duchesse de Brabant. Roses come and go, but these go on forever. Duchesse de Brabant unites in a pronounced degree the highest attributes of a garden Rose. It is vigorous, never fails to produce flowers, healthy, rarely diseased in any way; large, full blossoms, beautiful in bud or open flower; a beautiful shade of soft rosy-flesh, deepening to warm pink and bright rose. Delightfully fragrant. **10 cents each; two-year-old plants, 35 cents each.**

DOUGLAS

This fine variety is a strong, bushy grower and very constant bloomer, never without buds or flowers the whole growing season. Makes handsome crimson buds; the flowers are large and fragrant, and borne in great profusion all summer and fall; color deep, rich cherry-red, very bright and handsome; always shows up well. 10 cents each; two-year-old plants, 30 cents each.

DR. GRILL

Extra large, full flowers, rich rosy-pink, passing to salmon and fawn-tinted carmine, and richly perfumed. An excellent Rose in every way. This Rose, in many sections of the country, is a decided favorite. It makes handsome bushes, is a free bloomer and the color is much sought after. 10 cents each; two-year-old plants, 30 cents each.

EMPRESS EUGENIE

This is a prime favorite in the far South, where it is well known and fairly worshiped. It is as hardy as Hermosa, and should be planted in the North as well. The general makeup of the flower is on the order of Malmaison, deep pink in color. This is a beautiful pink Rose that will grow and bloom for everybody. 10 cents each; two-year-old plants, 35 cents each.

ENCHANTRESS

A noble Rose of the finest quality, cream-white, richly tinted with rosy-buff. Large, full, globular flowers; a free and constant bloomer. Fine for open ground, also for pot culture, conservatories, etc. An excellent fall and winter bloomer. 10 cents each; two-year-old plants, 35 cents each.

ELISE HEYMANN

This is, beyond question, one of the best of recent European introductions. We have given it a trial, and find it to be of unusual merit. It blooms with astonishing freedom, bearing its large globular flowers in immense clusters. It is as free blooming as any Rose in our collection. The color is light yellow, shaded with nankeen-yellow, center rosy-peach. Very free flowering. Vigorous growth, fine foliage and highly valuable, both in pot for late autumn and winter blooming as well as for general planting in the open ground during summer. We recommend it as one of the very finest Tea Roses in our collection. 15 cents each; two-year-old plants, 40 cents each.

FRANCIS DUBREUIL

A Grand Red Rose. This Rose has been on trial with us for the past two or three years. It has grown in decided favor with us after each season's trial. It is a distinct red Rose of many good qualities. The growth is vigorous, foliage small, color brightest scarlet, tinted crimson. It is very double and full, and altogether is a beauty. 10 cents each; two-year-old plants, 35 cents each.

FRANCES E. WILLARD**The Queen of White Roses**

Named in honor of the memory of the great apostle of temperance. By far the grandest of white Roses. There is nothing old or new to approach it in its many good qualities. Good grower; clean foliage; exquisite, shapely buds of the largest size. Open flowers that are perfect in shape; so perfect as to resemble a Camellia flower. Double and fragrant, and we repeat, the grandest of all white Roses. 20 cents each; two-year-old plants, 50 cents each.

FREIHERR VON MARSCHALL (New)

A Rose of transcendent beauty; buds long and pointed; flowers large, full, of perfect imbricated form; a rich, bright red Rose that is superb. 20 cents each; two-year-old plants, 50 cents each.

GLADYS HARKNESS

Growth very erect and vigorous, reminding one of the American Beauty. Profuse in bloom; flowers large, formed like a fine Hybrid Perpetual; color deep salmon-pink; has a splendid constitution and is very fragrant. This we think is the very best of the Testout family of Roses.

it being much more vigorous in growth than any of the other varieties of this type. The petals are large and elegantly formed, the color is bright and fresh. You will make no mistake to plant this grand Rose. 15 cents each; two-year-plants, 40 cents each.

GENERAL ROBERT E. LEE

General Robert E. Lee is a true ever-blooming Rose. In its freedom of bloom it takes rank in the lead of all other Roses. We have no hesitancy in saying that we believe it will produce more perfect Roses than any variety extant. With us it has been a mass of beautiful buds and Roses all through the year, both winter and summer. The buds are borne on long stems, and are long and somewhat more open at the end of the bud than s seen in other varieties, the arrangement of the petals interlacing so nicely as to give the bud a charming, light, fluffy effect. The open flowers of this Rose are perfectly double to the center. It is extremely beautiful both in bud and in the open flower. The coloring in this wonderful Rose is very difficult to describe. It is a shade of yellow hitherto unknown in this flower, and is what is termed a solid color, while the center of the flower may be a shade deeper than the outer petals, still it is hardly perceptible. As near as we can name the color it is soft Nas-turtium-yellow, or coppery-bronze. Taken altogether it is the most wonderful Rose in every particular of the century. 10 cents each; two-year-old plants, 40 cents each.

HERMOSA

The Old Favorite. Everybody knows this famous variety. It has been held in high esteem for many years, and it will always be popular, as it embraces so many desirable traits that go to make up the ideal Rose. It is hardy as an oak, and always covered with its clear pink blooms; there is not a single shade or color of any kind to mar its purity. We doubt if any Rose ever grown will take its place. No Rose will give more general satisfaction. 10 cents each; two-year-old plants, 40 cents each.

HOMER

Soft, clear rose, with salmon shadings; an excellent garden Rose. 10 cents each; two year-old plants, 30 cents each.

Elise Heymann

HIGHLAND MARY

This lovely Rose originated in Canada and claims Agrippina for its parent. It is a persistent bloomer, both summer and winter. Flowers large and sweet, blossoms beautifully cupped, each petal being white with a delicate lemon tint and broadly bordered with a delicate band of pink; truly fascinating. 15 cents each; two-year-old plants, 40 cents each.

HERZOGIN MARIE VON COBURG-GOTHA
(New)

A fine garden Rose; color pure white, passing to pale yellow edged and bordered with rose; a very handsome flower. 15 cents each; two-year-old plants, 50 cents each.

IDEAL (New)

A new Rose of this year. A most beautiful pink Rose; a big flower that will sell as a "fancy." This variety has been a favorite in the Philadelphia cut-flower market the past season. Of the La France type, but of a brighter shade of pink, and brings a very large percentage of heavy canes and big blooms. 15 cents each; two-year-old plants, 40 cents each.

Madame Lambard

J. B. M. CAMM

(New.) Growth much like that of a strong Hybrid Perpetual; blooms very large, extremely full of petals, always showing a pointed center; color pure pink; fine both in bud and open flower. The open bloom is so perfect as to resemble a Camellia; altogether a superb variety. 15 cents each; two-year-old plants, 40 cents each.

JULES FINGER

Fine rich rosy-red; extra large buds and flowers; constant bloomer; very sweet. A good bushy grower, producing lots of beautiful buds and flowers all the season. 10 cents each; two-year-old plants, 30 cents each.

LE PACTOLE

An Old-Time Favorite. This Rose is one of the oldest Tea Roses on our list, but still one of the best. It grows well, and forms a fine shapely bush, and is covered during the spring, summer and fall with its lovely pale sulphur-yellow blossoms. 10 cents each; two-year-old plants, 35 cents each.

LADY CLANMORRIS

Very Beautiful and Sweet. This is a new Rose, and one of the most elegant that it has ever been our pleasure to behold. Perfectly distinct; a splendid Rose of very robust growth and free branching habit. Flowers continually throughout the season. Blooms very large and of good form; petals large, smooth and of great substance; creamy-white, with delicate salmon center, edge of petals margined pink; a decided beauty. 15 cents each; two-year-old plants, 40 cents each.

LA SYLPHIDE

Blush, with fawn center; very large and double. This Rose is a prime favorite in the South. 10 cents each; two-year-old plants, 30 cents each.

LOUIS PHILLIPE

Beautiful dark crimson-maroon, large and fragrant; a constant and profuse bloomer; extra good for outdoor culture. This is by far the best of the group of China Roses. 10 cents each; two-year-old plants, 30 cents each.

LOUIS RICHARD

A fine Rose for the garden; coppery-rose beautifully tinted lilac; makes a handsome bush in every way. 10 cents each; two-year-old plants, 35 cents each.

LA TOSCA

A very desirable new Rose; strong grower; flower in the style of Killarney; color very light pink; almost white. 10 cents each; two-year-old plants, 40 cents each.

LUCULLUS

Beautiful dark crimson-maroon, large, full and fragrant; very double; a constant and profuse bloomer; extra good for outdoor culture. 10 cents each; two-year-old plants, 35 cents each.

LA PRINCESSE VERA

A Splendid Outdoor Rose. During the past season we had in our trial grounds several hundred varieties of Roses. For strong, clean growth, freedom and constancy of bloom and beauty of flower and color this variety was one of the few selected as the best. Without doubt this is a grand Rose for general planting, particularly for bedding in the open ground. The flowers are large, finely made and open beautifully. When fully open there appears to be a flower within a flower, so perfect is its form. The color is a rich ivory-white, shaded and veined with fine coppery-yellow and delicately penciled with pale blush. A truly grand and beautiful Rose, and one that by virtue of its great excellence ranks among the best in cultivation. It is certainly a La Princesse in fact as well as in name. 10 cents each; two-year-old plants, 35 cents each.

MADAME MARGOTTIN

An Old Favorite. A famous Rose of the most distinct and beautiful type. Flowers very large, full and double, borne profusely; color dark citron-yellow, bright red center; a strong grower and a remarkably fine Rose in every way. 10 cents each; two-year-old plants, 30 cents each.

MADAME LAMBARD

A Good Bedding Rose. A first-class Rose for bedding; extra large, full flowers, very double and sweet; color a beautiful shade of rosy-bronze passing to salmon and fawn, beautifully shaded with carmine. An elegant Rose, of vigorous habit and growth, very free and constant bloomer. 15 cents each; two-year-old plants, 40 cents each.

MADAME E. DURANTHON

New. This is one of the really elegant Roses, distinct and beautiful; very double, full and sweet; buds exceedingly large and pretty. The colors range from deep golden-yellow to rosy-blush and crimson; the colors are very rich; the fragrance is very delicious and distinctly different from any other variety we know. It is rich, and suggests the delicious fragrance found in Cherry blossoms. This is an exceedingly fine Rose, and one that everyone will like. 15 cents each; two-year-old plants, 40 cents each.

MARIE LOUISE

This Rose has been sold under the name of Cels Multiflora, Alba Rosea and Aurora, but in New Orleans and throughout the South it goes under the name of Marie Louise, and as we have a new Tea Rose named Aurora, we will henceforth catalogue it as Marie Louise. Flowers of large size and extremely profuse in its blooming, color white, tinged pink. Try this in your garden; it will please you. 10 cents each; two-year-old plants, 30 cents each.

MLLE. FRANZISCA KRUGER

The striking color of this handsome Rose places it at once in the front as a bud producer in the open air. It is closely allied to Catherine Mermet, and resembles it in everything save color. In its shading of deep coppery-yellow it stands unique and distinct from all others. At times the yellow is flushed with crimson. The flower when open is of good size and very symmetrical. One of the finest Roses to plant singly, in masses or clumps. 10 cents each; two-year-old plants, 35 cents each.

MONTHLY CABBAGE

A Grand Hardy Rose. We doubt if there is one person in a thousand that was raised in the rural districts or in the small towns back in the 50's or 60's that does not remember the old Cabbage Rose of our mothers' and grandmothers' gardens. They could hardly keep house without one or more of this favorite Rose planted in their yards. The old-fashioned Cabbage Rose bloomed once a year—in June. The Monthly Cabbage Rose is a continuous bloomer all through the summer. The color is a bright pink, lovely both in bud and open flower, both being large and double to the center. The fragrance is a true damask scent, and is simply delicious; a grand Rose. 10 cents each; two-year-old plants, 40 cents each.

MADAME SCHWALLER

Like Puritan, this Rose has the strong, firm growth of the Hybrid Perpetuals, the same form and finish of flowers, being especially beautiful when full blown. It is very free in bloom, and has the fragrance of the old June Roses. The color is a bright rosy flesh, paler at the base of the petals and deepening on the edges; apt to come in clusters, which are excellent for cutting. A Rose from which we hear very flattering reports from all directions. This grand Rose has more perfume than any we offer. Try it. It is magnificent. 10 cents each; two-year-old plants, 40 cents each.

MADAME WELCHE

A Beautiful Rose. The flowers have great depth and substance, and are of fine globular form, with broad, thick petals and large finely shaped buds. The color is a beautiful shade of soft amber-yellow, deepening toward the center to orange or coppery-yellow, delicately tinged and clouded with a pale, ruddy crimson. Both flowers and buds are remarkably sweet. It is fine for a conservatory, and none better for the open ground. 10 cents each; two-year-old plants, 35 cents each.

MADAME CAMILLE

Delicately rosy-flesh, flushed with salmon shades. A fine Rose for the amateur to cultivate, as it is a strong grower, with flowers of the largest size and not liable to disease. Price, 10 cents each; two-year-old plants, 30 cents each.

New Crimson Hybrid Tea Rose Magnafrano

MAGNAFRANO

New Crimson Hybrid Tea Rose. Ever-Blooming General Jacqueminot. This grand, new Rose is already popular because of its splendid crimson-scarlet color and magnificent buds; it combines the hardiness and vigor of the Hybrid Perpetuals with the free-blooming habit and delightful fragrance of the Tea Rose. The flowers are extra large, four to five inches across, very regular, full and double and deliciously sweet. Color bright rich crimson-scarlet. The bush is a strong, upright grower, very hardy and productive, recommended as one of the very best hardy ever-bloomers for garden planting. 15 cents each; two-year-old plants, 40 cents each.

MADAME CAROLINE KUSTER

A strong, vigorous grower with light lemon-colored flowers; bud is long and beautiful. Price, 10 cents each; two-year-old plants, 30 cents each.

MADAME DE VATRY

The Creole Beauty. One of the Brightest Roses. We consider this splendid variety to be not only one of the brightest, but one of the very best and most satisfactory Roses for general planting, especially outdoors. The people in the South fairly rave over its great beauty. It makes big, clean buds of great beauty and opens well, showing the large, full, double flowers to great advantage. The color is a rich red, changing to silvery peach—reminds one of the delicate hues seen on the inside of the fairest deep-sea shells—rosy-flesh bathed in golden amber; broad, shell-like petals, bright and beautiful; in every way a fine Rose. 10 cents each; two-year-old plants, 35 cents each.

MADAME JEAN DUPUY

A new Tea Rose that was introduced as an improvement on Mlle. Franzisca Kruger. It is a good grower and bloomer. Flowers of variable shades, including yellow, bronze and pink colors; the buds and flowers are both graceful and beautiful. 10 cents each; two-year-old plants, 40 cents each.

MRS. BEN. R. CANT (New)

A fine garden variety of even shade of deep rose or red, round and full, the form of a good Hybrid Perpetual. A very free grower; in fact, it is one of the strongest growing Roses we have. It flowers as continuously and freely as a China Rose, and is especially fine in autumn. This Rose is bound to take rank with the best Roses grown. **15 cents each; two-year-old plants, 50 cents each.**

MRS. DE GRAW

Everyone wants a hardy ever-blooming Rose, and when our attention was called to this grand variety we at once took steps to procure a stock of it. Following our usual practice we gave it a thorough trial before offering it, and we are glad to say that it has fully justified the high opinion formed of it when first seen by us. It is with the greatest pleasure, therefore, we announce to our customers we can confidently recommend it as being entirely hardy, equaling the tender sorts in profusion of bloom. From early summer until frost it may be depended upon to produce flowers in abundance. In color it is a rich, glossy pink, delightfully fragrant, and is such a strong, vigorous grower that it is almost impregnable against the attacks of the insects which usually destroy some of our finest Roses. Thus it is certain to be unequalled for the garden or cemetery. A royal Rose. Every shoot is loaded with flowers. **Price, 10 cents each; two-year-old plants, 40 cents each.**

MARION DINGEE

Marion Dingee promises to be of extraordinary value. It is a strong, vigorous grower, making a handsome, graceful bush, with large, thick, deep green leaves. The flowers are large, beautifully cup-shaped, moderately full, and borne in wonderful profusion all through the growing season; in fact, we scarcely know of any other Rose that will produce so many perfect flowers in a given time, and whether in open ground or under glass it is a most constant and profuse bloomer. The flowers are borne nearly upright, on long, straight stems, and are of excellent substance, having thick, leathery petals, holding their form and color a long time. The color is perhaps the most remarkable feature. It is a deep, brilliant crimson, one of the darkest, if not the very darkest, and richest colored Tea Roses in existence, and we have no hesitancy in asserting our belief that it is the finest crimson Tea Rose now known. **15 cents each; two-year-old plants, 40 cents each.**

MADAME ERNEST PERRIN

New. A first-class Rose of sterling value; grows stout and bushy, with fine foliage, and an early and constant bloomer; has enormous buds and large, handsome flowers; very fragrant and highly valued for garden planting. Color apricot, shaded yellow; the petals are shaded with cream and frequently come peachblow color. A grand variety, showing varvelous coloring. A Rose that has come to stay and take its place well up to the front. A great bearer, covered with buds and bloom all through the growing season. **15 cents each; two-year-old plants, 40 cents each.**

Mrs. Ben R.
Cant.

MLLE. GERMAINE TROCHON

New Hardy Ever-blooming Yellow Rose. Among the many new Roses imported by us of late years there are none in our opinion which are liable to have a wider popularity than this. It is a lovely shade of deep orange-yellow, sometimes varying in color to reddish-gold or shading to nasturtium-red. A grand Rose in every respect, as it is a constant and free bloomer. **15 cents each; two-year-old plants, 40 cents each.**

MARIE DUCHER

Strong grower; beautiful light rose; double and fine. **10 cents each; two-year-old plants, 30 cents each.**

MADAME JOSEPH SCHWARTZ

The Queen of Fragrance. A Rose on the style of Duchesse de Brabant; light pink, flushed white, cup-shaped; very fragrant. 10 cents each; two-year-old plants, 30 cents each.

MAURICE ROUVIER

A large, handsome Rose. Flowers of great depth; fine globular form, with broad, thick petals; color pink shaded buff with border of white; flowers and buds are remarkably sweet and the plant is a healthy grower, of compact, bushy habit, producing buds and flowers in abundance during the growing season. Fine for open ground as well as for greenhouse. Superb in every way. 10 cents each; two-year-old plants, 35 cents each.

MARIE VAN HOUTTE

This exceedingly lovely Rose cannot be surpassed by any Rose of its color. In the open ground it is truly magnificent. The flowers are extra large and are deliciously fragrant; the color is pale canary-yellow, shading to pale rose; magnificent. 10 cents each; large two-year-old plants, 35 cents each.

NIPHETOS

Immense long buds. This still holds the lead as being the most elegant white Rose. The buds are three inches long. It is positively startling in size and purity, and is always scarce. If this were a stronger growing variety it would take the lead of all white Roses. 15 cents each; two-year-old plants, 40 cents each.

PAPA GONTIER

A grand red Tea, of fine crimson shade and silken texture (as distinct from velvety texture). The bud is of fine size and graceful form. Extremely free both in growth and bloom. Very long and beautifully leaved stems can be cut, the foliage being very dark and heavy. One of the best, and a perfect bedder. If you desire a good Rose, one that will give entire satisfaction, you should procure this one, as it is a plant of great value. 10 cents each; two-year-old plants, 40 cents each.

PIERRE GUILLOT

This is the grandest of all red Roses. It is a constant bloomer; the buds and flowers are very large, the color is deep glowing red or crimson. Don't fail to try it. It is a very beautiful Rose, and satisfactory to our patrons. Price, 10 cents each; two-year-old plants, 40 cents each.

PRINCE OF BULGARIA

(New). A very vigorous grower, with large, bright green foliage, beautiful in form of bud, flower very large and full. The outer petals are extremely large, of superb rosy-flesh color, very fine and very free. First prize at the Paris Exposition. Very much like a superb Carnot in form. This is certainly one of the grand new Roses. Try it. 15 cents each; two-year-old plants, 40 cents each.

PEACE (New)

A grand new Rose introduced in 1902 and named in honor of the Peace of the Hague. A good grower and bears profusely its lovely flowers of pale lemon-yellow; buds very long and pointed, flowers large and full; very floriferous. 15 cents each; two-year-old plants, 50 cents each.

QUEEN'S SCARLET

Or Crimson Hermosa—This is without doubt the very best of all red Roses for bedding. It can be planted anywhere, being entirely hardy. The flowers are of large size and of a fiery scarlet, a color seldom seen in Roses. Indeed, a bed of this Rose produces a mass of red equal to a bed of Geraniums. It is planted everywhere on account of its color and freedom of bloom. None better. Try it. 10 cents each; two-year-old plants, 30 cents each.

RAINBOW

California's Striped Rose. A few years ago the professional florist would have laughed at the idea of a variegated Rose should anyone have mentioned it to him. Imagine a lovely pink Rose blotched and streaked with the darkest crimson (at the same time only enough to add to its beauty), with base of petals a rich amber. It is a most beautiful Rose, and attracts universal attention. The buds are long and handsome, having the same erect habit of growth as Papa Gontier, from which it is a sport. The Rainbow answers the above description, and has been recognized by the highest award at the recent fall exhibition of the California State Floral Society. 10 cents each; two-year-old plants, 40 cents each.

ROSOMANE GRAVEREAUX

New. This variety is of the general style of President Carnot, with an enormous long bud, producing a very large, double, open flower carried on a long, stiff stem; the petals are very large; color silvery-pink, with reverse of rosy-flesh; very fragrant and very free; a grand new Rose. 15 cents each; two-year-old plants, 40 cents each.

RED HERMOSA

This grand new Rose is identical with the old favorite Hermosa, except that the color is a bright red. All who know the Hermosa are familiar with its many good qualities—hardiness, free blooming, etc. Red Hermosa is just as fine. 15 cents each; two-year-old plants, 40 cents each.

SOUVENIR DE PRESIDENT CARNOT

This new Rose is away above the average in many good qualities. It is a rose of the largest size, beautiful both in bud and open flower. The buds come on long, stiff stems, in clusters of from six to twelve. Each individual flower stands out distinct on its stem. No crowding, as in the case of so many Roses that bloom in clusters. The color is distinct and novel—a lovely fawn, shading to pearl. It often measures five to six inches in diameter. Delightfully fragrant. We have no hesitancy in saying that this charming Rose will become as popular as La France, as it has all the good qualities of that Rose, and at the same time is distinct in every feature. It is indeed a wonderful Rose, one that everybody can grow and bloom. We know of no finer Rose than President Carnot. Try it; it will be sure to please you. Fine plants, 15 cents each; two-year-old plants, 40 cents each.

SOUVENIR ELISA VARDON

Tea. This is an old-time favorite, and goes under the name of Apricot in the South, and in California under the name of Laurette. It is a grand Rose, growing vigorously and blooming freely; color creamy-white, shaded with rose. 10 cents each; two-year-old plants, 35 cents each.

SOMBREUIL

A grand variety in every respect; combines vigorous growth with hardiness, and very floriferous; flowers of large size, pure white, tinged delicate pink; comes in immense clusters. Everybody should plant this beautiful Rose. 10 cents each; large two-year-old plants, 40 cents each.

SUNRISE

The Grand New Tea Rose. The most gorgeous Rose of its class yet introduced. It has made a sensation in England and taken first honors wherever shown. In bud and form it shows the highly brilliant colors of scarlet and yellow seen only in the Austrian Copper. As it opens the color deepens, the scarlet turning darker red, the yellow to orange and copper, the inside of the petals golden-yellow; the open flower is large, perfectly double and of grand form; the form and color of bud and freedom of growth and bloom will give Sunrise a high place among Roses. 15 cents each; two-year-old plants, 40 cents each.

SUNSET

Richly Colored. This orange-yellow variety is one of the finest Tea Roses grown. Flowers are large and double. The exquisite shades of coloring in this variety can only be compared to the gorgeous afterglow of a summer sunset, hence the name. Deliciously fragrant; a strong-growing and free-flowering variety. 15 cents each; two-year-old plants, 40 cents each.

SAFRANO

A Fine Old Rose. This is a splendid old-time Rose that has not been superseded by any newcomer of its class. It is a variety of great value, particularly for outdoor planting. It grows vigorously, and has the vitality necessary to produce a continuous crop of flowers from early summer until late in autumn; quite hardy. It is valued very highly for its beautiful buds and handsome flowers. The color is a bright apricot-yellow, changing to orange and fawn, sometimes tinted with rose. 10 cents each; two-year-old plants, 35 cents each.

SANGUINEA

Or Otaheite Rose. The Great Rose for House Culture. This old-fashioned Rose has been practically ignored in the past twenty years, except in certain localities where its worth and beauty have been known. It belongs to the Centifolia Muscosa section of Roses, and is the one Rose that is eminently adapted to house culture, as it thrives under almost any condition and surroundings. It is the only Rose in our whole list that will grow luxuriantly and bloom freely under adverse conditions. The foliage is small and of a reddish cast when growing rapidly. The flowers are semi-double, of the most intense velvety-crimson, very bright and brilliant and freely produced. Besides its adaptation to house culture, it is grand for bedding out for a mass of bloom. It is employed in the East around Long Branch, Newport and the suburbs of all the large cities by the hundreds of thousands for this purpose. Be sure and try this Rose, either indoors or out. You cannot help but succeed with it. We guarantee our stock true. 10 cents each; two-year-old plants, 35 cents each.

SOUVENIR D'UN AMI

A Famous Rose. Extra large globular flowers, like Queen except in color; very full and deliciously sweet; its color is a deep rosy-flesh, beautifully shaded with rich carmine; edges and reverse of petals silver-rose; a vigorous grower and profuse bloomer; for growing in open ground it is simply superb. 10 cents each; two-year-old plants, 30 cents each.

SOUVENIR DE CATHERINE GUILLOT

This is one of the most striking and beautiful variegated Roses ever introduced; the flowers are large, full and double. Color coppery-carmine, center shaded orange. The colors vary so much that hardly any two flowers are alike; sometimes they are clear rose, but are generally as described. The bush is a good healthy grower and a true ever-bloomer, flowering continuously all through the season. It is also quite hardy and fragrant, and is recommended as one of the best and most beautiful many-colored Roses yet introduced. **15 cents each; two-year-old plants, 40 cents each.**

SYLPH

Pretty as a fairy, as its name implies; flowers ivory-white with clear rose center, exquisitely beautiful and richly tea-scented. The plant is a strong, erect grower and abundant bloomer. Particularly desirable for outside planting. Certainly grand. **10 cents each; two-year-old plants, 35 cents each.**

SILVER KING

This new Rose is a beauty indeed—in fact, to see a bed of it in bloom is absolutely startling, it is so grand and beautiful. The bud and flower are of the largest size when fully expanded, cup-shaped, full and double, but the petals are so arranged as not to crowd one another. The color is a clear shell-pink, so exquisite as to resemble the delicate, soft pink seen in deep-sea shells. It is very fragrant, a true ever-bloomer, and hardy everywhere. This is the grandest of all light pink Roses. Be sure and try this Rose. **15 cents each; two-year-old plants, 40 cents each.**

SOUVENIR DE MADAME ANTOINE REBE

A splendid new crimson Rose, one of the best for all purposes. It makes immense buds and magnificent, large, bold flowers of great depth and substance. Color rich cherry-red, passing to clear, glowing crimson. Very fragrant and beautiful; a strong, vigorous grower and constant bloomer; one of the very best and most valuable for open ground. **15 cents each; two-year-old plants 40 cents each.**

TRIOMPHE DU LUXEMBOURG

An old Rose of decided merit; grand for the garden. Color delicate rosy-flesh, flushed with lavender and salmon shades. Extra fine. **10 cents each; two-year-old plants, 35 cents each.**

UNCLE JOHN (New)

White, flushed with pink; a chaste and perfectly formed flower of marvelous beauty. The blooms are large, of great substance, beautifully formed, with highly pointed center, from which the petals reflex; very sweet scented, very floriferous; a superb variety. **15 cents each; two-year-old plants, 40 cents each.**

VISCOUNTESS FOLKESTONE

No Rose in our catalogue has grown in popularity during the last few years like Folkestone. It is unsurpassed among high-colored varieties. It is graceful to the last degree, with strong, heavy foliage. The flower is delicately tinted flesh, almost white, and lustrous as satin. When full blown it is like a white Peony, but without a suggestion of stiffness. We have measured flowers of this variety six to eight inches in diameter. It is sweet-scented. **15 cents each; two-year-old plants, 40 cents each.**

We wish we could impress all our friends with the beauty of this Rose. A plant of Folkestone in the yard of a neighbor that has stood out unprotected the past several winters had flowers on it the past summer that were over seven inches in diameter. It looked like a huge Peony. It is a true ever-bloomer, and everybody should have Viscountess Folkestone; it will delight you.

WHITE BON SILENE

A Companion to Bon Silene. This elegant variety is valued for its buds, which are identical with Bon Silene except in color, which is pure white. It is a sport from Bon Silene, and has the same vigorous habit of growth. It is exceedingly fine for open-ground planting. **10 cents each; two-year-old plants, 40 cents each.**

WHITE BOUGERE

A Lovely New Tea Rose. A sport from that famous old variety Bougere. For open-ground planting it has no superior. The flowers are unusually large, deep, full and double. Long, stiff stems, and borne throughout the season in great abundance. The color is pure ivory-white. It never pinks at any season of the year. Very beautiful, and a particularly good Rose for general planting. **Strong, blooming plants, 10 cents each; two-year-old plants, 40 cents each.**

WINTER GEM

This is a very beautiful hardy Tea Rose. A perfectly wonderful bloomer, covering itself with lovely buds and flowers the whole year, or as long as it can get a chance to grow, either indoors or out. The blossoms are borne on long, graceful stems, fine for cutting, and are large, full and double. The color is an exquisite shade of lovely creamy-pink, very distinct and beautiful. It is a strong, rapid grower, and blooms very quickly, even from small plants. It flowers all the time, and particularly in winter, when taken indoors, hence its name, Winter Gem. But it is good both summer and winter, and can be depended upon for lovely buds and flowers as long as kept in a growing condition. It is one of the Roses you want. **15 cents each; two-year-old plants, 40 cents each.**

A Bunch of the Famous Rose Viscountess Folkestone.

EVER-BLOOMING ROSES

CLIMBING VARIETIES

In the South, or on the Pacific Coast, where they stand the winters, nothing can compare with ever-blooming Roses for beauty of bud and foliage. They are never to be forgotten when seen in full bloom, loaded with thousands of magnificent flowers.

NOTE.—The Climbing Roses are the most rampant and vigorous in the whole Rose family. If you want Roses to "get there quick," these are the ones to plant.

ALISTER STELLA GRAY

This is a Climbing Rose of decided merit. We know it to be a grand Rose. You will make no mistake in buying it as you will have a grand free-blooming climbing yellow Rose. It is a continuous bloomer, laden with bunches of Polyantha-like buds of orange-yellow; in fact, it is the freest-blooming of all the Climbing Roses. 10 cents each; two-year-old plants, 40 cents each.

AMERICA

Large, beautiful buds, flowers a rich creamy-yellow or fawn color. Should be more largely planted. 10 cents each; two-year-old plants, 40 cents each.

BELLE LYONNAISE

Our Southern friends are unbounded in their admiration of this fine Rose, which is seen there in its fullest perfection, being hardy in their section, where it is used as a pillar Rose. It is noted for the great size of its flowers, its delicate tea scent and its exquisite shade of color, being a blending of amber, carmine and cream. One of the finest Roses in our list. 10 cents each; two-year-old plants, 40 cents each.

CLIMBING METEOR

Undoubtedly the finest bright crimson hardy ever-blooming climbing Rose ever introduced. Makes exquisite buds and large, beautifully shaped flowers of true Jacqueminot color. A vigorous and constant bloomer; produces immense clusters of Roses all through the season. 10 cents each; two-year-old plants, 40 cents each.

CELINE FORESTIER

Deep sulphur-yellow, large, full flowers, perfectly double; a fine bloomer and good grower. 10 cents each; two-year-old plants, 40 cents each.

CLOTH OF GOLD

Or Chromatella—A clear golden-yellow, large, very full and double, highly fragrant. Highly prized in the South for pillars and verandas. We have the true variety. Solfatare is sometimes sold for Cloth of Gold. Cloth of Gold is a hardier Rose than Marechal Niel. A shyer bloomer than Marechal Niel, but a finer, richer flower. 10 cents each; two-year-old plants, 40 cents each.

CLIMBING DEVONIENSIS

A sport from Devoniensis, from which it differs only in climbing habit of growth. It is fully as productive as the old sort, and being more vigorous, is justly a grand Rose. White, tinged with blush; very sweet. 10 cents each; two-year-old plants 40 cents each.

Climbing Marie Guillot

CLIMBING CECILE BRUNNER

In this fine Rose we have the exact counterpart of Mademoiselle Cecile Brunner, except that it is a rampant climber. Flowers perfectly double and delightfully fragrant; color a rosy pink on a rich creamy-white ground; completely hides the bush when in bloom. 10 cents each; two-year-old plants, 40 cents each.

CLIMBING MALMAISON

See page 19 for description. 15 cents each; two-year-old plants, 50 cents each.

CLIMBING CAROLINE TESTOUT

A grand pink Rose of the largest size, the most beautiful of its color. For description see page v. **25 cents each; two-year-old plants, 60 cents each.**

CLIMBING CLOTHILDE SOUPERT

See page 15 for description. **15 cents each; two-year-old plants, 50 cents each.**

CLIMBING KAISERIN

This is a grand new pure white hardy ever-blooming Rose probably the very best of this color yet introduced. It is a strong, vigorous grower, throwing up canes six to eight feet high in a season. The flowers are extra large, very deep, full and sweet. Color rich creamy-white, delicately tinted with lemon. Both flowers and buds are beautifully formed and borne singly on long stems. Blooms constantly all through the season. **15 cents each; two-year-old plants, 50 cents each.**

CLIMBING WHITE PET

This Rose is quite popular where it is known, and deservedly so. It is a rampant climber bearing its pure white flowers in immense clusters. Very fragrant. **10 cents each; two-year-old plants, 40 cents each.**

CLIMBING MARIE GUILLOT

A Glorious New Rose. Known in some parts of the South as President Cleveland. Climbing Marie Guillot possesses all the valuable features of its famous parent, from which it differs only in habit of growth. It is one of the most rapid growing and vigorous Climbing Roses we have ever seen, small plants making a growth of ten to twenty feet in one season. It is an exceedingly healthy Rose, possessing every attribute that a perfect Rose should have. It blooms continuously throughout the season, the first and every year. The flowers are magnificently made, extra large, deep and double. The buds are particularly beautiful and the fragrance delightful. The color is pure snow-white, sometimes faintly tinged toward the center with pale yellow. It will prove moderately hardy with protection, but it will be seen at its best in the South, Southwest and Pacific Coast States (where the winters are mild). It will bloom the whole year round in the South, and wherever Marechal Niel is grown this variety will undoubtedly equal it in beauty of flower and surpass it in vigor of growth. It is one of the really grand Roses. **15 cents each; two-year-old plants, 50 cents each.**

CLIMBING WOOTTON

New Hardy Ever-blooming Crimson Rose. To our mind this is one of the best Roses in this book, for these reasons: It is hardy, has no weak spots, grows with wonderful vigor, blooms continually throughout the growing season, producing flowers that are nothing less than superb both in beauty and fragrance. These, we think, are the points that make a good Rose, and in this variety we have one. It is a sport from that famous Rose Souvenir of Wootton, and is identical with it, except that it is a strong, rampant climber, growing in one season to a height of ten to fifteen feet, and producing in wonderful profusion its superbly formed flowers, which are bright magenta-red, passing to violet-crimson, richly shaded. The flowers are large, full and regular, with thick, leathery petals and deliciously scented. Makes beautiful buds. As an outdoor climbing Rose it will take front rank because of its hardiness, strong growth and freedom of bloom. A well-developed bush covered with finely formed flowers is beautiful beyond anything we have ever seen. Truly this is a magnificent and valuable new Rose. **15 cents each; two-year-old plants, 40 cents each.**

CLIMBING BRIDESMAID

See page 16 for description. **15 cents each; two-year-old plants, 50 cents each.**

CLIMBING PAUL NEYRON

Madame Wagram—A grand new Rose. Paul Neyron has always been known as the largest Rose extant. In Climbing Paul Neyron we have this large size, coupled with its bright, fresh pink color, that no Rose excels. And it is also a true perpetual bloomer, the freest of all climbers. This Rose is a wonder. Be sure and try it. **10 cents each; two-year-old plants, 40 cents each.**

CLIMBING PERLE DES JARDINS

Few Roses have as firm a hold in popular favor and are so highly prized by the professional and amateur Rose growers alike as the Perle des Jardins. It is not only admirably adapted for forcing, but thrives well in the open air, blooming freely in either case. Its large, full, well-formed, golden-yellow flowers, borne on stiff stems, make this variety especially desirable for bouquets and artistic floral decorations, while the dark and glaucous foliage of the plant furnishes an excellent setting for the fragrant, delicate-hued blossoms. Hardy South. **15 cents each; two-year-old plants, 50 cents each.**

CLIMBING LA FRANCE

For description see page 17. **15 cents each; two-year-old plants, 50 cents each.**

DEPUTE DEBUSSY (New)

A strong, vigorous climber, clothed with fine foliage; flowers very large and full, nicely rounded in shape; color satin-rose, shaded with yellow at the base of the petals. **15 cents each; two-year-old plants, 40 cents each.**

ELIE BEAUVILLAIN

A fine free-blooming climber, bearing lovely flowers of a salmon-fawn color, much in the style of the old Gloire de Dijon. **10 cents each; two-year-old plants, 40 cents each.**

ESTELLE PRADEL

See Zelia Pradel.

GLOIRE DE DIJON

This is a famous old Rose. Stock of it always being scarce, it is one of the most desirable of all pillar Roses; color buff or salmon-rose; very fragrant. **20 cents each, two-year-old plants, 50 cents each.**

GOLD OF OPHIR

Ophire—Nasturtium-yellow, suffused with coppery red; one of the most beautiful of the climbing Roses. **10 cents each; two-year-old plants, 40 cents each.**

GAINSBOROUGH

This is a grand climbing Rose. We wish all of our customers could see its great beauty.

We are very proud to bring this fine Rose to the notice of all rosarians, be they amateur or professional. It originated with us a few years ago, since when we have given it the most thorough trial, and we are fully convinced that for a hardy ever-blooming climber it has no equal, even eclipsing that grand variety Mrs. Robert Peary. For beauty and size we place this variety at the head of the Hybrid Teas. The foliage is an exact counterpart of its parent, Viscountess Folkestone. Its delicate colors are hard to describe, being delicately tinted flesh, almost white, and lustrous as satin. When in full bloom it resembles a large, fine white, fluffy Peony, but without a suggestion of stiffness, often measuring eight to nine inches in diameter. An enthusiastic admirer describes it as a Rose reminding him of a beautiful girl wearing a light-colored Gainsborough hat ornamented with white ostrich plumm; hence the suggestion of its name. Be sure and try this grand Rose. **15 cents each; two-year-old plants, 40 cents each.**

GOLDEN CHAIN

Or Climbing Safrano (Reve d'Or)—A beautiful pillar Rose, being a strong climber; color orange-yellow or deep saffron; good size, full and sweet. All who know Safrano will appreciate a climbing form of it. Safrano is considered one of the best Roses. **10 cents each; two-year-old plants, 40 cents each.**

JAMES SPRUNT

Deep cherry-red flowers, medium size, full, very double and sweet. A strong grower and profuse bloomer. This is the darkest red of all the climbing Roses. **10 cents each; two-year-old plants, 40 cents each.**

LAMARQUE

Large, full flowers, borne in large clusters, pure white and double; a most beautiful Rose; a most rampant climber. **10 cents each; two-year-old plants, 40 cents each.**

MARY WASHINGTON

This is no doubt the most famous Rose of the century, made so by the history with which it is associated, the original Rose bush being planted by no less a personage than George Washington. It is a lovely Rose, and usually comes in large clusters of the purest white and very fragrant. It will live out anywhere, as it is perfectly hardy. A perpetual bloomer. **10 cents each; large two-year-old plants, 40 cents each.**

MARIE BULOW (New)

A very fine climbing Rose of the Marechal Niel type. Long, pointed buds, opening into a very large, full flower; color a delightful shade of rose, changing to carmine and pure yellow; a seedling of Marechal Niel. **15 cents each; large two-year-old plants, 50 cents each.**

RED MARECHAL NIEL

For years we have had the much-admired and ever-popular Yellow Marechal Niel, and recently to it was added the White Marechal Niel; but now, to cap the climax, the famous German rosarian Peter Lambert has brought out the Red Marechal Niel, a fitting companion to the other two and completing a most desirable trio. The Red Marechal Niel is the result of a cross between the ever-gorgeous General Jacqueminot and the Yellow Marechal Niel. Flowers are large, well-shaped, full, and of the form of Yellow Marechal Niel in the bud and open flower; color bright red, shading to crimson; fragrance delightful; very strong grower, as rampant as the Yellow Marechal Niel. **20 cents each; large two-year-old plants, 50 cents each; extra strong plants, \$1.00 each.**

YELLOW MARECHAL NIEL

A Rose so famous as to really require no description. Its magnificent golden-yellow buds are worn the world over; they illustrate the globular form in its last perfection, and are almost massive in dimensions. The reports from Southern growers tell of single plants showing one and two thousand blooms of Marechal Niel at a time. It is almost universally held to be the finest climber for indoors or out where the climate admits of its cultivation. This is one of the Roses that starts rather slowly and, for that reason, the best success will be had with the stronger plants. 10 cents each; stronger plants, 25 cents and 50 cents each, according to size; grafted plants, one year old, \$1.00; two years old, \$1.50; three years old, \$2.00.

NOTE—The Marechal Niel has weak roots until it gets well established. This is the cause of so much failure with this most desirable Rose. We have grafted plants that will be sure to live. Price, one-year-old plants, \$1.00; two-year-old plants, \$1.50; three-year-old plants, \$2.00. These are extra fine plants of this Rose, by far the best you have ever seen offered, and will be sure to please and delight you. We have an excellent stock of over five thousand strong grafted plants of Marechal Niel.

The Magnificent New Climbing Rose

PILLAR OF GOLD

Climbing Tea. Of all the good Roses we have ever introduced, this one we place at the head of the list. Pillar of Gold introduces the Rose lover to something quite distinct in climbing Roses. First, its growth is the most vigorous of all the climbers, often throwing shoots fifteen to twenty feet in one season; second, the color of its flowers places it in a distinct class by itself. Yellow climbing Roses, outside of Marechal Niel, are seldom mentioned, but in Pillar of Gold we have a jewel. The blooms are double to the center, of the largest size, and come in immense sprays or bunches of from five to ten blooms on a single branch and the effect throughout the summer is a perfect sheet of gold

and crimson. Under date of August 26, 1903, our grower in South Carolina writes: "The new Rose Pillar of Gold is certainly a great bloomer, for it has not been without bloom during the whole summer—this, too, with drier, hotter weather than we usually have." The color is a deep yellow, flushed with coppery yellow. Reverse of petals shows touches of bright rose. If you have seen the deep yellow of Mademoiselle Franzisca Kruger in the fall, when the nights get cool, then you get an idea of the beautiful deep golden-yellow of this Rose—the shades of color are simply indescribable. At times it is variable in color, coming a beautiful Bridesmaid pink. Base of petals deep golden yellow. It will attract and startle everyone who has had the pleasure of seeing it. Deliciously fragrant. We will stake our reputation that this Rose will never be superseded, as it will be impossible to approach its many good qualities. We can say for this Rose, after three years' trial out of doors, that it stands in a class by itself in immense growth, freedom of bloom, and in beauty of its perfectly double yellow blooms, flushed and centered with bright rose; a beauty indeed. 15 cents each; two-year-old plants, 60 cents each.

REINE MARIE HENRIETTE

Red-Flowering Gloire de Dijon—A strong, vigorous grower; flowers large, full and of fine form; color a pure cherry-red, and sweet scented. Throughout the South this is considered the best red climbing Rose; thousands of it are planted in New Orleans alone; very desirable. 10 cents each; two-year-old plants, 40 cents each.

New Pedigree Rose
Pillar of Gold

REINE OLGA DE WURTEMBERG

This is one of the grandest of all red climbing Roses, much sought after and planted in California and throughout the South. It is a rampant grower, fine bloomer, bearing flowers of richest red; grand. 10 cents each; two-year-old plants, 50 cents each.

SOLFATARE

Fine clear sulphur-yellow, large, full and double; very sweet. This is often sold for Cloth of Gold. It is an entirely different Rose. Blooms in immense clusters. 10 cents each; two-year-old plants, 40 cents each.

STRIPED REINE MARIE HENRIETTE

For description see page v. 25 cents each; two-year-old plants, 60 cents each.

WILLIAM ALLEN RICHARDSON

Orange-yellow, with outer petals lighter, center coppery-yellow. This Rose is a prime favorite wherever grown, on account of its attractive yellow color. 10 cents each; two-year-old plants, 40 cents each.

THE BEAUTIFUL

WHITE MARECHAL NIEL

The fame of Marechal Niel, with its large, deep golden-yellow flowers, is so world-wide that nothing further need be said of this new variety to make it instantly popular than that it is the exact counterpart in every respect of Marechal Niel, its parent, save the color of the flower, which is pure white; totally distinct. We have seen Marechal Niel growing to perfection here in the North, surviving the severest winters, but it is less hardy than the average Climbing Tea or Noisette. In the South it will be grand—just as good as Marechal Niel; if carefully protected in the North it will also prove itself a magnificent Rose. For house or greenhouse culture it ranks among the first. As a companion plant to Marechal Niel we anticipate a splendid demand for it. Young plants, 15 cents each; stronger plants, 25 cents, 50 cents and \$1.00 each, according to size and age. It pays to buy a strong plant.

ZELIA PRADEL

Vigorous climber; has lovely pure white buds; flowers are full and sweet; blooms in clusters. An old-time favorite; in many localities it is given the preference. 10 cents each; two-year-old plants, 40 cents each.

HARDY HYBRID PERPETUAL ROSES

OF SPECIAL MERIT

HYBRID PERPETUALS are considered the most valuable of all hardy plants. They are distinguished by their vigorous, upright growth and large, bold flowers, frequently measuring five to six inches in diameter. They thrive and succeed in all localities, and are entirely hardy in any part of the country, and will live through severe winters with a light protection of leaves or coarse manure. Some varieties do not bloom until the second year, but when fully established they all bloom freely at the usual time, early in the season, and continue to bloom during the summer and autumn months. Hybrid Perpetuals will bear a considerable amount of hardship and neglect, but improve greatly with good cultivation and rich soil. They should invariably be planted in open ground, as they are not suitable for house culture.

Don't fail to try Conrad F. Meyer, Captain Haywood and Frau Karl Druschki.

ANNA DE DIESBACH

Glory of Paris—An offspring of the famous old favorite La Reine, and also the seed parent of that glorious variety Paul Neyron, which facts should be effective evidence of its good qualities. The color is the most lovely brilliant carmine; long, pointed buds and large, finely formed, compact flowers, very full and double and delightfully sweet. A vigorous grower and fine bloomer. One of the really good Roses. 15 cents each; two-year-old plants, 40 cents each.

ALFRED COLOMB

A bright carmine-crimson, very large, full and of fine globular form. 15 cents each; two-year-old plants, 40 cents each.

BALL OF SNOW

In the Ball of Snow we have a Rose of large size, which is perfectly double, exquisitely fragrant, pure white color and entirely hardy. It is invaluable for cemetery or other planting, where white flowers are desired. 15 cents each; two-year-old plants, 40 cents each.

BLACK PRINCE

This is by far the richest Rose yet introduced. It is so intense in color that the exclamation on seeing it is, "Oh, that lovely black Rose." It is very velvety in texture. A most superb Rose, and one that will always be found in the standard list of Roses, as it has come to stay. You should try it. 15 cents each; two-year-old plants, 40 cents each.

BARON DE BONSTETTEN

Splendid large flowers, very double and full; color rich dark red, passing to deep velvety-maroon; highly scented and very beautiful. 15 cents each; two-year-old plants, 40 cents each.

New Hardy Ironclad Ever-Blooming Rose

CONRAD F. MEYER

This magnificent new Rose was introduced by the celebrated Dr. Muller, of Germany, in 1899, and has just found its way to America. It belongs to the Hybrid Rugosa family of Roses, but as it takes on more of the characteristics of the Hybrid Perpetuals, we list it with them. It is perfectly hardy and blooms all through the summer and fall. The flowers are four inches across, perfectly full and double. The color is clear flesh-pink with bright red center; it is very sweet and has the delightful fragrance of the wild rose or sweetbriar. It has been called the "Ironclad" Ever-Blooming Rose, for, besides being perfectly hardy, it is entirely free from the attacks of insects, rust or blight, and is a real ironclad continuous blooming Rose, entirely different from the old ever-blooming varieties, and having a different style of beauty. This is certainly a grand variety. 25 cents each; two-year-old plants, 50 cents each. To all Rose lovers who want a strong-growing, free-blooming, perfectly hardy anywhere Rose, beautiful, fragrant flowers, we say plant Conrad F. Meyer.

COUNTESS OF ROSEBERY

We have in this charming variety probably the most beautiful Rose grown. No other Hybrid can approach it in exquisite coloring. Indeed, no one would take it for a Hybrid, as it is as delicate and beautiful in its tints as the most gorgeous of the Teas. The color is satin-pink in the center, and deepens to the outer petals to a bright rose. The feathery shading gives it the appearance of two distinct colors. It has completely captivated us. Very free flowering, and a good grower. Be sure and try it. 15 cents each; two-year-old plants, 40 cents each.

CAPTAIN CHRISTY

The flowers are of magnificent form, very double and stand erect in their martial bearing. The color is a fresh, delicate pink; with deeper shadings in the center of the flower, the whole flower possessing a bright, satiny appearance. A most desirable variety. Certainly the most beautiful Rose in this color we grow. It is a free bloomer. 15 cents each; two-year-old plants, 40 cents each.

CESHUNT HYBRID

This Rose is growing in favor as it becomes known. A most beautiful deep rose or red. 10 cents each; two-year-old plants, 40 cents each.

CAPTAIN HAYWARD

This grand Rose ranks with Frau Karl Druschki and Conrad Ferdinand Meyer. We claim for it, without fear of contradiction, the following good points: The strongest grower, the freest bloomer, the richest colored, the handsomest shaped of all red H. P. Roses. This Rose is in a class by itself among red Roses. Color richest crimson-scarlet; both bud and flower are perfect. 20 cents each; two-year-old plants, 50 cents each.

COQUETTE DES ALPES

A fine formed, pure white Rose. Occasionally shows light flesh when first opening. Beautiful, shell-shaped petals, evenly arranged. Flowers of good size, perfect and of fine form and finish. One of the finest, freest and most beautiful of the white Hybrids. Almost as free a bloomer as the Teas. Very suitable for cemetery planting. 15 cents each; two-year-old plants, 40 cents each.

Conrad Ferdinand Meyer

CLIO

New Hardy Rose. Two first-class certificates; award of merit Royal Horticultural Society. This variety is of very vigorous growth, and has large, handsome foliage. The flowers are flesh color, shaded in the center with rosy-pink; they are very large, of fine globular form and freely produced. A grand addition in the style of Baroness, and unquestionably the finest of all Roses for flowering in pots and for forcing. 15 cents each; large two-year-old plants, 50 cents each.

DINSMORE

We quote the introducer's description: "For years we have been looking for a variety which had all the desirable qualities of a bedding Rose—that is, one which was of good color, fine form, profuse bloomer, and which would stand the rigors of Western winters without protection—and we can conscientiously say that until the Dinsmore was produced there was none to our knowledge that combined all these qualities. It is a vigorous, healthy Rose, of dwarf, branching habit, and is simply loaded with flowers all summer long, being more profuse than most of the tender, ever-blooming Roses. The flowers are large, perfectly double and of a dazzling scarlet-crimson color, and have the rich, spicy fragrance peculiar to the best hybrid Roses. We have proved the Dinsmore to be entirely hardy. It blooms incessantly, and is one of the most beautiful bedding Roses." 15 cents each; two-year-old plants, 40 cents each.

FRANCOIS LEVET

This is undoubtedly one of the most beautiful of all Roses. It is elegantly formed, very full and double, and the color is a very distinct and handsome shade of clear coral-rose, beautifully suffused with lavender-pearl; delightfully fragrant, a good bloomer and entirely hardy. 15 cents each; two-year-old plants, 40 cents each.

GLOIRE DE L'EXPOSITION DE BRUXELLES

The largest, sweetest and best of all hardy Roses. It is a genuine hardy ever-blooming Rose. For immensity in size, rich color, exquisite form and delicious fragrance it stands without an equal. It is a quick and bushy grower and continuous bloomer, makes magnificent buds and large, deep, double flowers, and is valuable both for house and garden culture. The color is a rich

velvety-crimson. The true stock of the Bruxelles Rose is both scarce and valuable. We guarantee all the plants we send out to be true to the name, so that all those who have never seen this superb Rose can order with a certainty that they will receive fine young plants, stocky, strong and sturdy, absolutely true to name, both one and two-year-old plants. 15 cents each; two-year-old plants, 40 cents each.

GLOIRE LYONNAISE

This grand Rose is the nearest yellow Hybrid Perpetual we have. It cannot be called deep yellow, but rather a pale shade of chamois or salmon-yellow, deepest at center, sometimes passing to a rich creamy-white finely tinted orange and fawn. The flowers have all the beauty of Tea Roses, are large, full and delightfully sweet. This we consider one of the very best Roses we have ever seen; it will be sure to delight you. 15 cents each; two-year-old plants, 40 cents each.

GIANT OF BATTLES

In this hardy Rose the color is a most intense glowing red; makes the curling velvety petals fascinating beyond description. The flowers are very large, perfectly double, and freely borne on long, strong stems, which point gives them a superb prominence either growing on the bushes or cut for decorative purposes. The habit of growth is vigorous and upright, with particularly handsome and massive foliage. 15 cents each; two-year-old plants, 40 cents each.

Frau Karl Druschki
(The Snow-White Hardy Perpetual Rose)

DUKE OF EDINBURG

This is, without question, the darkest crimson Rose of all the hybrid varieties. It is intense velvety-crimson, very bright and rich. A grand Rose. 15 cents each; two-year-old plants, 40 cents each.

EARL OF DUFFERIN

Fine velvety-crimson, beautifully shaded with dark, rich maroon; very large, full and finely formed. Fragrant and free bloomer. 15 cents each; two-year-old plants, 40 cents each.

New Snow-White Hardy Hybrid Perpetual Rose
FRAU KARL DRUSCHKI

This magnificent variety has taken first prizes at all the great flower shows of Europe, and is undoubtedly one of the grandest hardy pure white Roses ever introduced. Makes splendid buds and immense flowers, four to five inches across, perfectly double and delightfully fragrant, large thick petals, very double and handsome. Bright, shining green leaves, elegantly veined; a healthy, vigorous grower, entirely hardy and a constant and abundant bloomer. Recommended by the leading Rose growers of Europe as the most beautiful and satisfactory snow-white perpetual Rose ever seen. We have grown this Rose for three years and can, without hesitation, say that as a hardy white Rose it has no rival, outclassing all comers; superb. 25 cents each; two-year-old plants, 50 cents each.

GENERAL JACQUEMINOT

A rich velvety-crimson, changing to scarlet-crimson. A magnificent Rose, equally beautiful in the bud or open. This is the best known of all Hybrid Perpetuals, and is without a rival in fragrance and richness of color. It is, moreover, as easy of cultivation as many of the more common varieties, and perfectly hardy. 10 cents each; two-year-old plants, 40 cents each.

GENERAL WASHINGTON

This magnificent Rose is one of the best for general planting. Color brilliant, shining crimson, very rich and beautiful, flowers large and perfectly double. A free and regular bloomer. 15 cents each; two-year-old plants, 40 cents each.

HER MAJESTY

Her Majesty originated in England, and was named in honor of the queen. It is the largest and most beautiful Hybrid Perpetual Rose ever grown. Blooms are of immense size, remarkably beautiful form, perfectly double. Color a lovely shade of rosy-pink, passing to a clear flesh, elegantly tinged and shaded with amaranth and silver-rose. Delightfully fragrant. Its immense size, perfect symmetry and exquisite coloring combine to make it the Rose of Roses. The plant is a strong, upright grower, and entirely hardy. 20 cents each; two-year-old plants, 60 cents each.

GLOIRE DE MARGOTTIN

This grand new Hybrid Perpetual Rose originated in Europe, and is believed to be one of the very finest varieties of recent years. The flowers are very large and of symmetrical form, somewhat globular, very full and deliciously scented. The color is a clear, dazzling red. Certainly one of the most brilliant Roses ever seen. It is a free bloomer and vigorous grower, and is recommended for great beauty and wonderful color. **15 cents each; two-year-old plants, 40 cents each.**

JOHN HOPPER

One of the most reliable and satisfactory Hybrid Perpetuals ever grown. Flowers are large, very regular and full. Color brilliant rose, changing to a bright, glowing pink, shaded with rich scarlet. Very sweet. Profuse bloomer. **15 cents each; two-year-old plants, 40 cents each.**

JOHN KEYNES

The flowers of this variety are large and full, of a bright scarlet-crimson, shaded maroon. The plant itself is of sturdy, compact growth. A very valuable variety. Has sprung into popularity at a single bound. Very desirable. **15 cents each; two-year-old plants, 40 cents each.**

JUBILEE

It has a wealth of color, a pure red in its deepest tone, shading to deep crimson-red and velvety maroon-red in the depths of the petals. "The coloring is alive," as one expressed it. "It fairly glows in its rich warmth of coloring," another said. The rich velvety finish to its petals is all its own, and is not even approached by any other Rose yet introduced. It is admirable, unique, and as Mr. F. Schuyler Matthews, the celebrated artist, said, "This Rose contains the darkest color, combined with pure color, of which nature is capable." It required centuries and the skill of the world's hybridizers to produce this peerless Rose, perfect in all its attributes, peerless in its magnificent color, and it is fair to assume that it will again require the centuries to produce its equal—if it is ever produced, for nature is not prolific in repetitions. **15 cents each; large two-year-old plants, 40 cents each.**

LADY HELEN STEWART

This is a Rose par excellence, free growth, free bloomer; bloom of fine build and substance; petals large and thick, deep glowing red, highly perfumed; very beautiful. **15 cents each; two-year-old plants, 40 cents each.**

LA REINE

A beautiful clear, bright rose; fine full form, very fragrant. It is well named The Queen. **15 cents each; two-year-old plants, 40 cents each.**

LOUIS VAN HOUTTE

A rich crimson, heavily shaded with maroon, beautifully formed double flowers. One of the best for general planting. **15 cents each; two-year-old plants, 40 cents each.**

MADAME ALFRED CARRIERE

Extra large, full flowered, very double and sweet; color a rich creamy-white, faintly tinged with pale yellow; exceedingly beautiful. It is a strong, hardy climber and free bloomer. This Rose is one of the finest of all climbing Roses, and is becoming famous in many localities. Try it. **15 cents each; two-year-old plants, 40 cents each.**

MADAME PLANTIER

Not a true Hybrid Perpetual. Blooms only in the spring, but at that time is literally covered with pure white, perfectly double, fragrant flowers, which hang on for a long time—makes large, dense bushes; as hardy as an oak; a beautiful cemetery Rose. **15 cents each; large two-year-old plants, 40 cents each.**

MAGNA CHARTA

A splendid Rose. Extra large, full flowers, very double, of fine form and sweet; color clear rosy-red, beautifully flushed with violet-crimson. A sure and profuse bloomer, one of the hardiest and best for general planting, and also excellent for forcing. Large light green foliage; flowers very fragrant. **15 cents each; large two-year-old plants, 40 cents each.**

MADAME CHAS. WOOD

A true perpetual bloomer. Begins to bloom almost as soon as planted, and continues throughout the season. The flowers are extra large, very double and full and quite fragrant; color a bright, fiery scarlet, passing to fine rosy-crimson, elegantly shaded with maroon. Very showy and handsome, and one of the best Roses ever introduced for general planting. **15 cents each; large two-year-old plants, 40 cents each.**

MRS. CLEVELAND

A grand Rose. Color rich velvety red; very striking and beautiful flower, large and fine, and deliciously fragrant. **15 cents each; two-year-old plants, 40 cents each.**

MARGARET DICKSON

Awarded the Gold Medal and Six First-Class Certificates in England. This magnificent new white Hybrid Perpetual Rose was raised and sent out by Messrs. Alexander Dickson & Sons, of Belfast, Ireland. It is unquestionably the greatest acquisition made in Roses for the past ten years. Some idea of its beauty and worth can be formed from the fact that wherever it has been exhibited in Great Britain it has carried off the first honors, receiving in one year the gold Medal of the National Rose Society of New England and six first-class certificates. No other Rose has ever received so many certificates of merit in a single year, and while it has never been tested in America, we have no hesitancy in saying it is the best white Hybrid Perpetual for planting in the garden. The color is white, with pale flesh center, petals very large, shell-shaped and of immense substance. The flowers are of magnificent form, produced singly on long, stiff stems, and very double, and have the true Magnolia fragrance. The habit of growth is vigorous, with large, luxuriant foliage. **20 cents each; large two-year-old plants, 50 cents each.**

MADAME MASSON

An excellent Hybrid Perpetual, noted for its constant and profuse bloom. The flowers are large, color a clear, bright rose, highly perfumed. One of the best for planting. This Rose is a very superb variety, and should be more generally known. You should try it. **15 cents each; large two-year-old plants, 40 cents each.**

MADAMOISELLE MARIE RADY

A clear, bright red, finely penciled with rich maroon. Very large, full flowers, fragrant and beautiful. The buds are solid and beautifully formed, the petals close upon each other in folds of deep crimson, shaded with velvety-maroon; in the open flower they are regularly and elegantly reflexed almost to the center. A rich, glowing flower, double and perfect to the last, even when it is fully expanded. **15 cents each; large two-year-old plants, 40 cents each.**

MRS. JOHN LAING

An elegant new constant-blooming Hybrid Perpetual Rose; one of the very finest in its class. Color a clear, bright shell-pink, exquisitely shaded. The buds are long and pointed, the flowers extra large and full, borne on long stems and exceedingly sweet. Valuable both for open ground and greenhouse culture. A most exquisite Rose. **15 cents each; large two-year-old plants, 40 cents each.**

MARCHIONESS OF LORNE

This fine new English Hybrid Perpetual was introduced by Messrs. William Paul & Son, of London, who say: "This beautiful Rose, dedicated by special permission to Her Royal Highness, the Princess Louise, Marchioness of Lorne, produces flowers of an exceedingly rich, fulgent rose color, slightly shaded in the center with vivid carmine. They are large, very sweet, full and finely cup-shaped; petals large, and buds long and handsome. It is especially remarkable for its truly perpetual habit, every shoot being crowned with a flower bud." **15 cents each; large two-year-old plants, 40 cents each.**

MADAME ISAAC PEREIRE

One of the most lovely of all Roses; strong grower with bright carmine flowers; very vivid color. Much admired in the South. 10 cents each; two-year-old plants, 40 cents each.

OAKMONT

Fine cherry-rose, shaded with carmine; an abundant bloomer and an all-round good Rose. 10 cents each; two-year-old plants, 40 cents each.

PAUL NEYRON

Deep, shining rose, very fresh and pretty; flowers very large, often measuring five inches in diameter. Without doubt the largest flower of all Roses, and it has this merit—though very large, the buds always develop fine, perfect Roses. It is, moreover, a good, strong grower, with nice, almost thornless, stems, which often attain six to seven feet in a single season. We know of no Rose possessing so many good points to recommend itself as the Paul Neyron. Grown by thousands in the Eastern cities for its good free-blooming qualities. 15 cents each; two-year-old plants, 40 cents each.

PRESIDENT LINCOLN

The largest and sweetest of all hardy Roses. It is a genuine hardy ever-blooming Rose. For immensity of size, rich color, exquisite form and delicious fragrance it stands without an equal. It is a quick and bushy grower and continuous bloomer, makes magnificent buds and large, deep double flowers, and is valuable both for house and garden culture. The color is a rich velvety-crimson. The true stock of President Lincoln is both scarce and valuable. We guarantee all the plants we send out to be true to name, so that all those who have never seen this superb Rose can order with a certainty that they will receive fine young plants, stocky, strong and sturdy, absolutely true to name. 15 cents each; two-year-old plants, 40 cents each.

PRINCE CAMILLE DE ROHAN

The Black Rose. This is a magnificent Rose, celebrated the world over for its large, handsome, fragrant flowers and the freedom with which they are produced. The color is a deep, rich velvety-crimson, passing to intense maroon, shaded black; at a short distance they appear really black. This is one of the most handsome Roses we have ever seen. It is the nearest black. Although the same claim is made for others, this variety is the darkest. 15 cents each; two-year-old plants, 40 cents each.

ROBERT DUNCAN

Irish variety of great merit either for garden decoration or for cut flowers. The color is bright crimson, petals large, shell-shaped and of immense substance; flowers very large, full and perfectly formed. Growth vigorous and of free-branching habit, flowering freely and continuously from early in summer until late in autumn. The foliage is distinct and proof against mildew. 15 cents each; two-year-old plants, 40 cents each.

ROGER LAMBELIN

One of the most remarkable Roses yet offered. The petals are irregular on the edges, like a double Petunia; the color is glowing crimson throughout, except the edges of the petals, which are

**Roger Lambelin**

all distinctly marked with a white band, forming a sharp contrast and the most unique combination of colors known in Roses. The growth is free and vigorous, and the fragrance is delightful—equal to the finest of the hardy Roses. This is a novelty of the most striking order. 20 cents each; two-year-old plants, 50 cents each.

ULRICH BRUNNER

Splendid upright grower, with bright, healthy foliage. The flowers are good size and of fine form, with shell-shaped petals. One of the most abundant bloomers; color cherry-red. 15 cents each; two-year-old plants, 40 cents each.

VICK'S CAPRICE

New Hardy Rose. This is the only hardy Rose that has any variegation. It is a vigorous grower, and bears large and fragrant flowers of bright rose, distinctly striped a rich crimson. It is altogether a most unique and pretty variety; indeed, this we consider as good as any hybrid grown. It is a continuous bloomer; flowers of the largest size. Don't fail to grow this Rose—a Rose that is sure to attract attention. We always have a large sale for this Rose. 15 cents each; two-year-old plants, 40 cents each.

Think of it, Good & Reese Roses boxed up for six months, soaked with salt water and then grew and bloomed

GOOD & REESE CO., Springfield, Ohio.

February 2d, 1905, Beaver Falls, Pa.

Gentlemen:—You will recall that two years ago, this spring, I sent you an order for Roses to be carefully packed to go to Rev. C. E. Hurlburt in Africa. In a letter from him dated Dec. 10th, 1904, just received, he enclosed the petals of a rose taken that day from one of the plants referred to. I herewith enclose two or three of them. Brother says, "They are fine of form, beautiful in coloring and exquisite in perfume." They were six months reaching him. I thought you would be interested in hearing of the fate of the Roses you started on this long journey to Africa.

Cordially,
MISS ALICE GRAY.

We wrote this lady asking the route the Roses had taken to reach Africa and why it had taken so long. Her reply dated the 27th of February says, "The shipping route to Kijiba B. E. Africa, is as follows: From Philadelphus to Hamburg via Hamburg and American Line, from Hamburg to Mombasa via 'O'St. Africa Line,' from Mombasa to Kijiba by rail, although the time the Roses were sent out, the railroad had not been built and they were transported by pack over one hundred miles. The vessel was lost and her cargo thrown up on the coast, so that was another cause of delay. Ordinarily, freight goes through in three months."

The Famous Japanese RAMBLER ROSES

THEY CLIMB

These famous Roses are too well known to need an extended description. 10 cents each, except where noted: the ten Rambler Roses for 85 cents. Large two-year-old plants 40 cents each; the ten for \$3.25.

[Photograph of Dorothy Perkins Grown as a Pot Plant

DOROTHY PERKINS

In general habit closely resembling Crimson Rambler, but of a beautiful shell-pink, full and double, of an unusually large size for a Cluster Rose. The trusses are made up of from thirty to forty flowers, and even more on the stronger branches. A decided acquisition. 15 cents each.

CRIMSON RAMBLER

Recognized as the most beautiful of crimson climbing Roses. Thousands have been planted in the last few years, and almost invariably have given satisfaction. Flowers are produced in large pyramidal clusters, thirty-five to forty in a cluster, completely covering the plant from the ground to the tips. Nothing is more effective.

PINK RAMBLER

Resembles Crimson Rambler in every respect but color, which in this is clear pink. The mature flowers often change to creamy white when fully matured.

NE PLUS ULTRA

(Weigand's Crimson Rambler). This new Rose comes from Germany. The introducer describes it as an improved Crimson Rambler, a little fuller in the flower, a little deeper in the color, but the most marked improvement is in the habit, which is much more branching than is Crimson Rambler, forming a fine bush or shrub on which the foliage can hardly be seen for the blooms. It comes into flower from ten days to two weeks earlier than the parent.

QUEEN ALEXANDRA

The English Rambler—Very much like Crimson Rambler in growth, with pink blooms. Received the Gold Medal of the National Rose Society in England.

PHILADELPHIA RAMBLER

Same as Crimson Rambler, except that it is a deeper crimson color. Elegant.

YELLOW RAMBLER

Rosarians have been for many years crossing or hybridizing various Roses with a view to obtaining a hardy yellow climbing Rose, but the combination of climbing habit and yellow coloring with hardiness was one that seemed impossible to obtain, and was almost despaired of. The yellow Rambler has been found to successfully withstand, without protection, a continued temperature of from zero to two degrees below, which proves it to be far harder than any other yellow climbing Rose yet introduced.

PSYCHE

The Soupert Rambler—The flowers are produced in clusters of eight to thirty-five. The color is white, with delicate pink center, and with yellow base to the petals. Might best be described as a Soupert Rambler, as the bloom resembles Soupert very much in color.

WHITE RAMBLER

This charming new Rose of the Rambler variety is a wonder. It climbs rapidly, is entirely hardy, produces immense clusters of pure white Roses, perfectly double, of delightful fragrance and of an immaculate white. It is, without question, the very best climbing Rose extant.

BLUEMCHEN

(New.) Best described as a rose-pink Rambler. A most profuse bloomer, with the habit of the Centifolia. This variety is as ornamental in the autumn, when covered with its scarlet hips, as in the spring with its sheet of bloom.

HARDY CLIMBING ROSES

PRICE 10 CENTS EACH, EXCEPT WHERE NOTED; 6 FOR 50 CENTS; 13 FOR \$1.00. YOUR SELECTION OF VARIETIES. TWO-YEAR-OLD PLANTS 35 CENTS EACH; 3 FOR \$1.00.

BALTIMORE BELLE

Very double, bluish white, in large clusters, completely enveloping the whole plant when in bloom.

CRIMSON RAMBLER

The greatest of all climbing Roses. See page 36 for description.

CARMINE PILLAR

A distinct and wonderfully beautiful variety. Color a delightful shade of carmine. This Rose is hardy everywhere; be sure and plant it.

CAROLINE GOODRICH

This is a hardy ever-blooming red Rose named by many the Climbing General Jacqueminot. Always in bloom; very fragrant.

DEBUTANTE

It blooms freely under all conditions, and makes one of the finest pillar Roses imaginable. Flowers are quite double, pure white, borne in clusters, very showy; perfectly hardy.

DOROTHY PERKINS

See page 36 for description. Price, 15 cents each.

EVERGREEN GEM

A very vigorous grower; the flowers are single and light yellow; fine.

EMPRESS OF CHINA

When it first opens the flowers are a beautiful red, but soon turn to a lovely light pink, and it blooms so profusely as to almost hide the plant. It is perfectly hardy, and is a vigorous grower. Don't fail to try this beautiful Rose, as it will please you.

FARQUHAR

This variety makes a growth of twenty to twenty-five feet in a single season. Has bright, glossy-green foliage, which does not drop until cut down by severe frosts. It is perfectly hardy in all sections, and does not require protection. Bears magnificent clusters of bright pink double flowers on long stems.

GARDENIA

Bears beautiful double light yellow flowers, resembling a Cape Jasmine bloom in shape; beautiful.

JERSEY BEAUTY

Vigorous flowers, single, pale yellow, with stamens golden-yellow.

MANDA'S TRIUMPH

Produces large clusters of well-formed double flowers of pure white two inches in diameter.

MILLEDGEVILLE, or Pride of the South

A splendid variety; color a rich satiny-pink, very fresh and beautiful; fine large globular flowers; full regular form, very double and sweet; a profuse bloomer and quite hardy.

PHILADELPHIA RAMBLER

New; one of the best of Roses. See page 36 for description.

THE SENSATIONAL CLIMBING ROSE

KEYSTONE

The only hardy ever-blooming yellow climbing Rose. Deep lemon yellow, similar to Coquette de Lyon. Fragrance delicious, like that of Magnolia blossoms. The open flower is perfectly double, resembling Clothilde Soupert. It is the first and only hardy ever-blooming yellow climbing Rose, and is freer growing than any other variety. Is perfectly hardy. blooms with wonderful freedom, is absolutely impervious to insect attacks, and has a vigor of constitution found in no other Rose. Attains a height of fifteen feet in a single season, branching freely, and has withstood without protection, winter after winter, in the most exposed location, a constant temperature ten to twelve degrees below zero. It possesses every feature a good Rose should have.

PINK RAMBLER

Belongs to the famous Rambler Roses. See page 36 for description

PINK ROAMER

Color bright, rich pink, center almost white, brightened with orange-red, producing an effect which with its fragrance makes it one of the most valuable Roses in cultivation.

PSYCHE

A grand Rambler Rose. See page 36 for description.

PRAIRIE QUEEN

An old standby variety, and one that will always be popular. Bright rosy-red; large, compact and globular flower. No collection of hardy climbing Roses is complete without it.

QUEEN ALEXANDRA

One of the Rambler Roses. See page 36 for description.

RUBIN

Rich ruby-red. This is a true Rambler, and is being planted largely.

RUSSEL'S COTTAGE

Dark red, very double and full; extra strong, rampant grower.

SEVEN SISTERS

A splendid Rose, blooming in clusters; crimson, changing all shades to white.

SOUTH ORANGE PERFECTION

Produces multitudes of the most perfectly formed double flowers about one and one-half inches in diameter; soft blush pink at the tips, changing into white.

SWEETHEART

Flowers are a beautiful shade of rosy-pink, produced very freely, and has a long blooming season. May be used as pot Roses, allowed to trail over rockeries or terraces, or trained to climb over trellises and pillars.

TENNESSEE BELLE

A robust, vigorous climber and free bloomer; flowers a bright, beautiful pink.

UNIVERSAL FAVORITE

Double flowers of a beautiful rose color over two inches in diameter.

WHITE RAMBLER

A grand Rose, hardy everywhere. See page 36 for description.

WM. C. EGAN

This is probably the best of this type of Roses. It is a fine grower, the flowers are large, the color a beautiful shade of rose.

YELLOW RAMBLER

See page 36 for description.

POLYANTHA, or FAIRY ROSES

Price, 8 cents each. Large, two-year-year-old plants, 35 cents each.

Clothilde Pfitzer—A beautiful white variety.

George Pernet—It is continually in bloom, the flowers being quite large for this class, of a beautiful flat form. The color is a very bright rose, with touches of yellow, and passes to peachblow with silvery-white shadings. The prettiest of all Polyanthas.

Jeanne Drivon—Color light flesh, changing to white. Very perfect double flowers.

Marie Pavie—Beautiful white, flushed with pink.

Mademoiselle Cecile Brunner—Larger flowers than any of the others, perfectly double and delightfully fragrant; color a rosy-pink on a rich creamy-white ground.

Mignonette—A lovely Fairy Rose. Full, regular flowers, perfectly double and deliciously perfumed; color a clear pink, passing to white, tinged with pale rose.

Philippine Lambert—Silvery-pink, center deep flesh; buds carmine-pink, flowers very full and beautiful imbricated form, blooming in clusters; extra fine.

Primula—China rose at the edges, with snow-white center.

Paquerette—We consider this the best of all Polyantha Roses. The flowers are pure white, about an inch in diameter, flowering in clusters of from five to fifty blooms. Very full, prettily formed, recalling the blossoms of the double-flowering Cherry, and fully equals the double white Primrose in profuse blooming during the winter. This is a variety that everyone is pleased with.

Perle d'Or—Charming and very distinct; color a coppery-gold, changing to fawn and salmon; flat, rayed form, very double and elegantly perfumed.

Princess Marie Adelaide—Large, double, deep pink flowers, better than pink Soupert; a gem in every way.

Schneewitchen—A profuse-blooming white Polyantha, in large clusters; has a beautiful center of yellow stamens; blooms small and dainty.

SPECIAL OFFER:—The set of twelve Fairy Roses named for 75 cents; Any seven for 50 cents:

NOTICE—We cordially recommend these exquisite ever-blooming Fairy Roses. They are of a shrubby, compact growth, bloom profusely all through the season, and are very desirable for bedding, as well as for edging, borders, etc. They are moderately hardy, but should have a covering of leaves or litter just before winter begins.

Giants of Battles

The Five Nearest Black Hardy Roses

Price, 50 cents for the set. Two-year-old Plants, the five for \$1.25. We have frequent inquiries for very dark, Hardy Hybrid Perpetual Roses. In the following list you will find the nearest black Hardy Hybrid Perpetual Roses. They are the darkest of any and exceedingly beautiful.

Duke of Edinburgh—The flowers of this variety are large and full, of bright scarlet-crimson, shaded maroon. The plant itself is of sturdy, compact growth. A very valuable variety.

Jubilee—A very free-blooming, rich velvety crimson Rose. A thrifty grower, and one of the best for general planting.

Madame Masson—An excellent Hybrid Perpetual, noted for its constant and profuse bloom. The flowers are large, color a clear, bright rose, highly perfumed. One of the best for planting. This Rose is a very superb variety, and should be more generally known. You should try it.

Giants of Battles—The buds are solid and beautifully formed, the petals close upon each other in folds of crimson, shaded with velvety maroon; in the open flower they are regularly and elegantly reflexed almost to the center. A rich, glowing flower, double and perfect to the last, even when it is fully expanded.

Prince Camille de Rohan—Very dark, rich velvety crimson, passing to an intense maroon, shaded black; large, full flowers, looking at a little distance as if really black; one of the darkest Roses; very handsome.

MIDWINTER COLLECTION OF EVER-BLOOMING ROSES

ALL NEW KINDS. PRICE FOR COLLECTION OF CHOICE "MIDWINTER" BLOOMING ROSES, ONLY 50 CENTS.

We have made a selection of the very best Roses for winter blooming, embracing a wide range of color. We can recommend this collection to all who desire to grow Roses in the house during winter.

The Bride—The best winter-blooming white Rose. Planted by the millions by growers of cut flowers. None finer.

Bridesmaid—This is a fit companion for the Bride. It is also planted by the millions for winter blooming. The best deep pink Rose for this purpose.

Papa Gontier—Deep red; very free and very sweet.

Bon Silene—Deep rose, illumined with bright red. A grand winter bloomer. Very sweet.

Safrano—The old standby for a winter bloomer. Lovely saffron-colored buds of the most delicious fragrance.

Isabella Sprunt—Flowers freely during the winter; flowers of the richest yellow color.

REMEMBER, this entire collection of six Midwinter Blooming Roses for only 50 cents. These Six Midwinter Blooming Roses in two-year-old size for \$1.50.

SUPERB CEMETERY COLLECTION OF

Pure White Hardy Roses

This Beautiful, Hardy, Ever-Blooming Cemetery Collection, for 50 Cents; Two-Year-Old Plants, Five for \$1.25.

Lady Emily Peel—A charming Rose, medium sized and full, regular form, very sweet. Color pearl-white, sometimes tinged and shaded with pale rosy-blush.

Coquette des Alpes—A finely formed pure white Rose. Occasionally shows light flesh when first opening; beautiful shell-shaped petals, evenly arranged. Flowers of good size, perfect and of fine form and finish. One of the finest, freest and most beautiful of the white Hybrids.

Ball of Snow—In the Ball of Snow we have a Rose of large size which is perfectly double, exquisitely fragrant, pure white

color and entirely hardy. It is invaluable for cemetery or other planting where white flowers are desired.

Madame Alfred Carriere—A finely formed pure white Rose. Occasionally shows light flesh when first opening; beautiful shell-shaped petals, evenly arranged. Flowers of good size and of fine form.

Madame Alfred de Rougemont—A strong, vigorous grower. Begins to bloom at once, and continues until stopped by severe freezing. Pure snow-white flowers, finely tinged and clouded with pale rosy-blush. Large, full and double, and borne in large clusters. Fragrant and good.

MISCELLANEOUS ROSES

Price, 10 cents each, except where noted; any six for 50 cents. Two-year-old plants, 35 cents each.

CHEROKEE

This is the famous Cherokee Rose of the South. Hardy everywhere; creamy-white; single.

DOUBLE CHEROKEE

A beautiful hardy Rose, bearing double white flowers; very fine; hardy.

FORTUNE'S DOUBLE YELLOW—THE SAN RAFAEL ROSE

Hardy; bronzed yellow or copper and fawn color. This is a desirable Rose to plant anywhere, as it is hardy, vigorous in growth, and the color is very beautiful and unique.

LAEVIGATA

A hardy evergreen Japanese Rose, with the most beautiful glossy green foliage; pure white flowers, the center of each flower being filled with golden stamens.

THE TRUE OLD ENGLISH SWEETBRIAR ROSE, EGLANTINE

Very desirable for shrubberies and general planting. Flowers are bright pink and single, but the exquisite fragrance of the flowers, leaves and young branches in the early spring frequently perfumes a whole neighborhood. 25 cents each. Only one size of this Rose to offer.

THE LADY BANKS OR BANKSIAN ROSES

These are fine climbing or trailing Roses, should bloom the second year after planting, and are very beautiful. As the flowers are produced on the old growth they should be pruned very little. The flowers are quite small, very double, come in immense clusters, and have a delicious violet fragrance; indeed, if you were blindfolded you could not detect the difference between the fragrance of the Banksia Rose and the Violet. There are two colors:

White Banksia—Pure white; beautiful; perfect form.

Yellow Banksia—Fine clear yellow; very full and beautiful.

THE MICROPHYLLA OR BURR ROSES

These are hardy and vigorous semi-climbing Roses, and are extremely satisfactory for cemeteries, rock work, covering old walls, mounds, etc. Strong and bushy growers, with small, glossy green foliage, and nearly evergreen in habit; the flowers are entirely double. Splendid for Rose hedges.

Microphylla Alba—A strong grower and continuous bloomer; flowers perfectly double, sweet, and the purest white in color.

MEMORIAL ROSES

These are most desirable Roses for planting on banks or slopes and for covering graves; entirely hardy everywhere.

Wichuraiana—(The White Memorial Rose.) It readily adapts itself to any soil, and will do well under any conditions. The pure white single flowers appear in greatest profusion during the month of July, after the June Roses are all past. A fine cemetery Rose, as it creeps on the ground. Hardy everywhere.

Wichuraiana Rubra—(The Red Memorial Rose.) This is identical with Wichuraiana, except that the flowers are a carmine-red. Hardy everywhere.

ROSA RUGOSA

A type of Roses that are the coming Rose for general planting. Foliage is fine and practically evergreen. They make handsome bushes without any flowers. Perfectly hardy everywhere.

Madame Georges Bruant—This is a Hybrid Rugosa, and hardy everywhere. Blooms constantly, bearing pure white, fragrant flowers. As desirable a Rose as we offer. Don't fail to try this hardy Rose.

TREE ROSES

The Tree Roses are grafted on hardy Rose stalks, about four feet high; are tree shaped, and when in full bloom are objects of beauty, making handsome plants for the lawn or Rose border. In this shape we offer only the Hybrid Perpetual or Hardy class. We have them in twenty-five of the choicest varieties in the different shades of pink, rose, red, crimson, and white.

Fine, strong trees
that will bloom
nicely the first
year, \$1.00 each,
\$9.00 per dozen.

WHAT ONE OF OUR CUSTOMERS SAYS

DIXON, ILL.,
August 10, 1906.

THE GOOD & REESE CO.,
Springfield, Ohio.

GENTLEMEN:—The Roses purchased of you last spring arrived in splendid shape; fine plants, with strong, healthy roots; every bush is living and is blooming in bright, brilliant beauty. I am perfectly pleased in every respect with my purchase, and all who have seen them praise and admire them. Having had thirty years' experience in Rose culture, I can truly say that the Good & Reese Co. are the loyal leaders and real rosarians of the world,

Yours truly,
DONALD F. HAYDEN.

JACKSON, MISS.,
September 30, 1906

THE GOOD & REESE CO.,
Springfield, Ohio.

GENTLEMEN:—The order of Roses came in perfect condition. You have my thanks for the additional plants sent gratis. I honestly do not see how on earth you can afford to send the fine, large, strong plants you always do (this being my third order from you) for the prices you ask. However, that's your affair, but I, in common with your other customers, profit by it. I'm almost inclined to believe that some plutocrat of the Carnegie order has endowed the "Champion City Greenhouses" for the purpose of assisting in the free distribution of fragrance and beauty throughout this country.

With regards and best wishes, I am
Very sincerely yours,
GARRARD HARRIS.

G. & R. ROSES DO WELL IN TEXAS

HOUSTON HEIGHTS, TEX.,
February 10.

GOOD & REESE CO.,
Springfield, Ohio.

GENTLEMEN:—Your splendid package of two-year-old Roses was received two weeks ago. They are the finest lot of plants I have ever received, and I want to say to Mr. Good that we did not pick off the leaves, as he suggests, and after having been in the ground two weeks

not a single one of the old leaves has fallen, and every one of the thirty-two plants has put out new shoots and leaves, and in one or two cases buds, and are growing today as well as though they had never been transplanted.

Very truly yours,
D. D. COOLEY.

LOUISVILLE, KY., April 6, 1906.

MESSRS. GOOD & REESE CO.,
Springfield, Ohio.

DEAR SIR:—My Roses arrived yesterday in fine shape, and are now all in the ground. They are all certainly fine plants, and I thank you a thousand times for your liberality; you have certainly treated me grand in sending all two-year plants. I shall always speak a good word for Good & Reese Roses. They always come true to the marked variety, and are superior to plants we buy around here. Most of the plants I bought last year are beginning to sprout, and combined with those just received I will have a bed of Roses that will be hard to equal. I will write again later and advise how they are getting along. Thanking you again for the fine plants, and wishing you continued success, I remain,

Respectfully,

GEO. EYRISCH.

MONTHLY OR EVER-BLOOMING CARNATION PINKS

The Divine Flower. THE "NOVELTY" SET OF NEW CARNATIONS—A collection of the best novelties of recent introduction. Strong plants, 15c. each. Set of six varieties for 60c. postpaid. Please order as the "Novelty" Set.

For beauty of flower, ease of culture, certainty and freedom of bloom, together with exquisite fragrance, this is well called the "Divine Flower." Plants in the open ground quickly make larger specimens, and when brought indoors in the fall produce an abundance of flowers throughout the entire winter. Carnation blooms are expensive; don't buy them—grow them yourself. Pinch the plants back frequently during the growing season. In the fall bring indoors, place in a four or five-inch pot, keep in a temperature of forty or fifty degrees at night, and they will yield an immense number of flowers with splendid stems, as fine as those sold by florists. If not pinched in they will bloom profusely during the summer. We offer the finest varieties in existence. There are none better. Remember that every plant we send out is true to name and genuine. In price we easily beat all competition. Your order is not complete without some Carnations.

New Scarlet-Crimson Carnation, ADONIS

Another grand new variety, so distinct that it stands alone. Awarded the Lawson Gold Medal, also the S. A. F. Medal at the Carnation Society's convention last year. The flowers measure three and one-half inches when well grown; long, strong stems, two to three feet; a healthy, vigorous grower. But its color!—a glowing scarlet-crimson, intense and fiery with its rich ox-blood shadings far and away beyond all other Carnations.

New Pink Carnation, ENCHANTRESS

(The Great \$10,000 Beauty.) The great forward stride in Carnations is made more manifest in this than any other since the advent of the Mrs. Thomas W. Lawson. It was raised by the same grower, and he pronounces Enchantress superior to it. The flowers are three and one-half to four inches across when well grown; the stems are strong, and from two to four feet long; the color is a superb shade of rosy blush-pink, richer and warmer toward the center; an early and continuous bloomer, a strong, healthy grower; the ideal Carnation in every way. Ten thousand dollars was paid for the stock of it by a cut-flower grower, the best evidence of its value.

The Sensational Carnation, MRS. THOS. W. LAWSON

The grandest of pink Carnations—a true exhibition variety. Bloom large and spreading, stem stiff; a good grower. All newcomers will have to meet comparison with the Lawson. Very free for so large a flower. The Lawson is the queen of a class all her own, just as American Beauty is among Roses. No grower can afford to be without it. Thirty thousand dollars (\$30,000) was paid for this variety, the highest price ever paid for any flower.

New Fancy Carnation, PROSPERITY

This is the largest Carnation ever offered. It is a wonderfully free bloomer, considering the monster size that the flowers attain. White overlaid with pink, in mottles reminding one of the beautiful tints seen in Azaleas.

New Pure White Carnation, HER MAJESTY

Purity of color fairly glistens all over this flower; form is simply perfect; size larger than any other white; stem the strongest, and about thirty inches long. It is bound to become the standard white for both winter and summer blooming, as it will start blooming July 1st and continue until the same time a year later. The calyx never splits, and the bloom always comes perfect.

GAIETY (New)

Color pure white, with a very few narrow pink pencillings about the edge, leaving the body of the flower pure white. Size large and full; form very round and symmetrical. One of the best producers, beginning to bloom early and continuing throughout the season without intermission.

STANDARD SET OF CARNATION PINKS

HERE IS AN OFFER THAT STANDS FOR QUALITY, QUANTITY AND CHEAPNESS

Strong plants, 10 cents each, seven for 50 cts.; set of TEN, postpaid, for 65 cts. Please order as the "Standard" Set.

Estelle—One of the most fragrant Carnations we have seen. Color a clear, bright, glowing scarlet; a most continuous bloomer, and distinct in color from any other sort offered. Greatly admired by all who have seen it growing here.

Morning Glory—This variety has been greatly admired wherever it has been seen for its desirable color, being a beautiful light pink satin color; flowers large size and very freely produced. Plant of grand habit and vigorous growth. It is a superb variety.

Jubilee—Very dwarf, and of a nice bushy growth, forcing very long flower stems, each individual flower possessing a stem varying from three to eight inches in length. It has perfectly formed flowers; color a rich, bright, dazzling scarlet. We unhesitatingly recommend this sort.

Gold Nugget—This is a pure yellow Carnation, of strong growth and very profuse flowering. The florets are large and double, and taken all in all it is the very best yellow Carnation out.

Della Fox—Its color is almost indescribable. Of a rosy orange shade, striped and flaked with carmine, never bursts its calyx, is very free and early flowering, and can always be cut with a long stem, a most desirable feature in the colored Carnation nowadays.

Abundance—Flowers very large and perfect in form; color a bright rosy pink, with salmon shading when the flowers are fully expanded. A very healthy grower and remarkably free bloomer. Plant dwarf, growing about fourteen inches high. This we consider one of the best pink varieties ever offered and an excellent variety for pot culture.

White Cloud—This variety is the largest white Carnation in cultivation—often measures four inches in diameter. The flowers are of the purest white, with petals of great substance, making it one of the very best.

Genevieve Lord—As large as the largest light pink ever offered. A few blooms last season measured nearly four inches. It has taken first prizes wherever offered.

Whitcomb Riley—The ground color is the faintest blush, lightly penciled in soft pink. The bloom is fluffy in appearance, exquisitely beautiful in form. One of the grandest of all Carnations.

Bon Ton—This is by far the darkest Carnation ever seen, and at the same time the most abundant bloomer. Brilliant dark red, shaded with richest maroon, fringed petals, nearly every flower being on a long stem. This variety surpasses in richness of color the most perfect Jacqueminot Roses.

SPECIAL OFFER Both the "Standard" and "Novelty" Collections of Carnations, sixteen most distinct sorts, for only \$1.00. You cannot duplicate these for this sum elsewhere. Order these two sets of Carnations, and you will have all that is desirable in this favorite flower.

"PHENOMENAL" COLLECTION of FUCHSIAS

These are the best varieties of the Fuchsias, and embrace all the colors known in this beautiful flower. Be sure and try them. Price, 10 cents each, 3 for 25 cents; or the sixteen for \$1.10. Any 8 varieties, 50 cents.

Gladstone—This is a new variety and is a rival of Phenomenal for being the largest double Fuchsia. It has an enormous, wide-spread corolla, and the stamens are curiously attached to the petals. Extremely free. A startling variety.

Phenomenal—The king of Fuchsias. The grandest of them all. Phenomenal is the largest flowered Fuchsia in cultivation. The plant is a tall grower, branching like a tree. The leaves are dark, glossy green, with veins of dark crimson, giving the foliage a rich, ornamental appearance. The flowers are of enormous size, a single flower measuring three and a half inches across; sepals bright scarlet, with rich violet-purple corollas, very double.

White Phenomenal—Same as above, but with large snow-white flowers.

Rose Phenomenal—Same as Phenomenal, except that the flowers are a brilliant rose color.

Note—The three Phenomenal Fuchsias named above have enormous sized flowers and are all beauties.

Champion of the World—Large flowers, well reflexed, and of a most beautiful coral-red, corolla most intense bright, dark purple. Grand.

Jupiter—New. One of the prettiest of all Fuchsias. Large, double flowers of a clear magenta, with dark crimson veins. Don't fail to try it.

New Trailing Queen Fuchsia—This Fuchsia is an entirely new departure, differing from all other large flowering varieties in its habit of growth, as it is a trailing vine. The young plants, as they commence growth, creep out to the edge of the pot and then go trailing downward. It continues growing and branching in this way until the vines are a solid wavy mass of the most elegant foliage and flowers. The flowers are borne in large, drooping clusters. Very large, long, graceful.

Mrs. E. G. Hill—A variety unsurpassed among all the Fuchsias with white corolla. In fact, nearly perfection as to free growing and habit; strong and bushy, beginning to bloom quite early in the spring and continuing very late. Tube and sepals very brilliant, deep scarlet, thick and leathery in texture. Corolla is very large, double and pure white.

General Roberts—A remarkable, beautiful variety of drooping habit. The blooms are from four to five inches in length, borne in large clusters, single corolla, of a rich plum color, tube and sepals crimson.

New Fuchsia, Silver King—A novelty in the Fuchsia family. Very different from the other varieties, in that the beauty lies in the foliage, from which it gets its name. It resembles Black Prince in growth and flowers, while the foliage is covered with a silvery white, which makes a pleasing combination.

New Double White Fuchsia, White Giant—The largest and best white Fuchsia grown. Fine form, very double. Color pure white. This is a better grower than Storm King, and superior to that variety, or in fact any of the white Fuchsias. We find it to be an excellent winter bloomer. It gives us much pleasure to offer this grand Fuchsia.

Speciosa—All who know it value it very highly for its quality. Habit is erect and compact, presenting a decidedly neat and attractive appearance as a pot plant. The fine star-shaped flowers are produced in profusion, and begin when plants are quite young. The flowers are four inches or more in length, tube and sepals bright rose, corolla brilliant carmine; it blooms quite freely.

Black Prince—This is, without question, the very finest Fuchsia grown for the amateur to cultivate. It makes a shapely bush, is robust in growth, free from disease and insects, and is probably the freest in blooming. We have seen specimen plants six feet in height and four feet across loaded with thousands of bright buds and blossoms of a beautiful waxy carmine or pink color. Certainly a plant of easy culture.

Rosain's Patrie—A splendid white variety. A wonderfully free bloomer and quite early. Tube and sepals rosy-carmine, corolla of the purest white.

Avalanche—Has beautiful foliage, with flowers of deepest, rich dark purple. Very desirable.

Fuchsia—Storm King

New Double Perpetual-Flowering Weeping Fuchsia, Storm King—This grand plant is of the most beautiful weeping habit. The branches, drooping as they do, lend the plant a charming grace which is rarely found. The buds, for two weeks before they expand, are balls of glowing scarlet-crimson. The flowers continue to grow larger and larger after they expand. The sepals are of the same glowing scarlet-crimson as the buds, while the large double corolla is of a delicate waxy whiteness, elegantly penciled with a deep and bright crimson. Its flowering qualities are most remarkable, for it is never out of bloom when it is in a healthy condition. See illustration.

A LIBERAL OFFER!

You will notice the regular price of this set of magnificent Fuchsias is \$1.60. We offer to send you them, postpaid, for \$1.00.

The Twelve Best Double Geraniums

PRICE, 10 CENTS EACH, THE SET OF TWELVE FOR \$1.00

We expect to keep the excellence of this collection up to the very highest notch. We do this by replacing the varieties we have hitherto had in this collection that do not come up to our standard, with better sorts, while at the same time we retain all the kinds that have been superseded, but still maintain the lead in their color for the best all-round Geraniums. Our customers in this way are assured in ordering this collection that they are getting the very best selection that could possibly be made, embracing the widest range in color of this most excellent plant. Be sure and try this collection; there are none better.

Jean Vlaud—This is the best large-flowering double pink Geranium in cultivation. Anyone seeing a specimen truss cannot fail to become enthusiastic over it, pronouncing it the largest and finest Geranium in cultivation. The flowers are borne on bold trusses of enormous size, almost spherical, and as many as sixty florets have been counted on a single truss. The color is the richest deep pink, shading near the base of the petals to light pink, the base of the upper petals creamy-white.

S. A. Nutt—This is the darkest and richest Geranium grown. It is a very bright, dark, deep, rich velvety maroon, an excellent bedder and a perfect pot plant—one that must find its way into every collection.

Emerson—Distinct rosy-salmon. A decided acquisition; unexcelled.

Queen of the Fairies—Clear apricot-salmon, shading toward the center to a white eye; most beautiful.

Firebrand—The brightest, richest scarlet; none better.

Heteranthe, or Double General Grant—Color of the flower is a light vermilion-red of a most pleasing shade. The flowers are absolutely perfect in shape, contour and makeup, trusses exceptionally large and borne in immense spherical balls, often measuring eight inches in diameter. It does finely in the open ground, and is perfectly reliable as a bedding Geranium of the highest merit. It makes a compact, dense growth, and has all the qualities that go to make the perfect bedder that it is. Fine also in pots. The very finest scarlet bedder.

Hoff Beach—Deep magenta; the best bedding Geranium of its color.

John Doyle—This is claimed by all Geranium growers to be the very best bright red bedding Geranium extant.

Alphonse Ricard—Color bright vermilion-scarlet. The trusses are so freely produced as to almost conceal the foliage.

Marquis de Castellane—This is a deep solferino in color. It has a splendid habit, and the color is decidedly unique and bright for a Geranium.

Beaute Poitevine—This variety is conceded to be the best semi-double salmon-pink Geranium in existence; a most profuse bloomer.

La Favorite—In this Geranium we believe we have the finest double white Geranium in cultivation. The flowers are borne on large trusses of the purest snow-white, retaining this pure whiteness even in the height of summer, and for winter blooming they are all that can be desired. Do not fail to add this charming variety to your collection.

The Twelve Best Single Geraniums

PRICE, 10 CENTS EACH, THE SET OF TWELVE FOR \$1.00

We follow the same method in selecting our Single Geraniums as we do our double ones—that is, the very best of each collection that can be found is placed in the collection from year to year, always dropping out sorts that have been superseded by better ones of their color.

Mary Hallock Foote—A light, clear salmon, blending into dark shades. The yellowish-salmon gives it a special delicate shade seldom seen in Geraniums.

Clyde—Rich cerise-red. A grand bedder, and a Geranium that pleases everybody.

Gettysburg—Deep solferino; color very distinct and beautiful.

Madame Brunt—It is entirely distinct from any other variety known, and is quite different from the usual marked varieties that have from time to time made their appearance. It has round florets, upper petals creamy-white, with distinct rosy-pink border; lower petals salmon-rose, streaked with pure lilac—a most novel color. It is extremely free flowering, and produces fine trusses of magnificent blooms.

Snowdrop—Enormous-sized trusses of pure snow-white, retaining its pureness the entire season. In freedom of bloom, splendid habit and growth of plant this variety resembles the excellent double white variety La Favorite. We believe this to be the very best single white up to date.

Athlete—Truly a wonderful Geranium. The individual florets are very large; color dazzling crimson.

Wonder—Very large, trusses of fiery scarlet, with shadings of maroon and crimson. Trusses held well above the foliage. In color and profusion of bloom a grand Geranium.

General Grant—The old standby as a bright red bedding Geranium. It is a mass of scarlet all summer. It has no superior.

Madonna—Color as delicate a pink as Rose Mme. Gabriel Luizet, deepening to a soft peachblow, a mingling of shades heretofore only found in the Lady Washington class. A perfect single Geranium of an entirely new shade.

Granville—Clear rosy-pink. Stands the hot sun better than any other single pink, and is invaluable as a bedder. Best of its class.

Mrs. E. G. Hill—Large trusses composed of large-petaled, very round perfectly formed flowers; color a brilliant deep apricot-salmon; very free blooming. One of the best of single Geraniums, and undoubtedly it has a brilliant future as a bedding plant.

J. P. Cleary—Enormous trusses; color a most brilliant shade of deep orange-scarlet; color so brilliant as to completely dazzle the eye. This is the freest-blooming single scarlet Geranium that we have had on our place for many years. The best single Geranium for bedding purposes.

PELARGONIUM, or Lady Washington Geraniums

Without any boasting we claim to have the finest collection of these handsome Lady Washington Geraniums in the country, barring no one. We here offer twelve distinct sorts, every one entirely different in color and every one a beauty. The Lady Washington Geraniums are the handsomest of all flowers—once seen, never forgotten. Price, 25 cents each, any five of your selection for \$1.00; the entire set of twelve beautiful sorts for \$2.00.

CAPTAIN RAIKES

A grand ruffled, or fringed, variety, with very large flowers borne in large, fine-shaped trusses; color bright red, with lighter center, with heavy maroon blotches in upper petals.

CRIMSON KING

Rich bright red, with lovely ruffled violet throat; distinct.

DOROTHY

It is a perpetual-blooming variety, usually commencing to bloom in December or January and continuing throughout the spring and summer. The throat and edges of the petals are pure white, each shaded toward the center with rich carmine pink, with a glowing crimson blotch on each. We have always been unable to supply the demand, but now have a fine stock of plants to offer.

GOLD MINE

Rosy-scarlet, with white throat; each upper petal has a shining black blotch.

GAMBETTA

Brilliant dark red, with distinct black blotches on each petal.

Remember, the above twelve, the most beautiful of all Geraniums, for \$2.00. There is nothing to compare with these for beauty in the plant line.

LINDA

Rosy-salmon; two upper petals black-spotted; a grand sort.

MRS. ROBERT SANDIFORD

(The New Double White.) The flowers are three inches across, of the purest snow-white, and perfectly double and very free in bloom. You cannot imagine anything prettier.

MADAME THIBAUT

(The New Double Pink.) The flowers are three inches in diameter, perfectly double, of the brightest pure pink, beautifully ruffled edges; very free in bloom.

MARIE MALLET

Lower petals white, upper petals black, bordered red; elegant.

MRS. BRADSHAW

Large flower, pure white; with each petal showing dark maroon center.

PRINCE GEORGE

Clear pink, each petal blotched crimson. Considered by many who have seen it to be the prettiest.

VICTOR

The flowers are a bright cherry-red, with white at the base of each petal; the two upper petals are dark crimson-maroon. The flowers are of immense size and are very freely produced.

Pansy Geranium

MRS. LAYAL

This new and beautiful Pansy Geranium is of easiest growth, dwarf in habit, and literally covered with flowers all the time, and as it requires little or no attention it is invaluable as a window plant. The colorings and markings of the flowers are most extraordinary—light pink, white, dark purple, black, etc., almost rivaling the Pansy in uniqueness of flower. It is this combination of coloring which obtained for it the popular name of Pansy Geranium. Strong plants, ready to bloom, 25 cents each, two for 40 cents.

OUR SPLENDID

Ivy Geraniums

These Geraniums are fine for baskets and vases, and are especially fine for pot culture in the house. They have the handsomest flowers of all the Geraniums. One of our local florists who grows for the home market a houseful of these new Ivy Geraniums says that he sells as many of them as all other Geraniums combined. This speaks volumes for their loveliness. Try them.

New Double Ivy Geranium, Souvenir Charles Turner—One of the handsomest Ivy Geraniums ever introduced. Flowers two and a half inches in trusses six inches across. The color is a deep, bright pink, approaching scarlet in color, the upper petals feathered maroon; quite double; awarded numerous certificates.

New Double Ivy Geranium, Comtesse Horace de Choiseul—A fit companion of Joan of Arc. The plant is vigorous, leaves without zones, flowers very large, two inches across, double and imbricated, in good trusses; color a bright golden-salmon. We have no hesitancy in saying that this is the richest-colored flower of any grown. All who see it say, "Is it possible that is a Geranium flower?"

New Double Ivy Geranium, Galilee—Another grand sort, one of the most remarkable of recent introduction. The trusses are of immense size, flowers very large and double and of a most charming shade of lovely rose-pink varied with lilac. A magnificent variety.

THE ABOVE FOUR IVY GERANIUMS, 10 CENTS EACH.

Pansy Geranium

New Double White Ivy Geranium, Joan of Arc—"This is one of the most beautiful plants that it has ever been our privilege to offer. The flowers are perfectly double, white as snow, and literally cover the plant when in full bloom. The foliage is extremely handsome, the dense glossy-green leaves making a most effective background for the great clusters of snow-white flowers." The foregoing was our description of last year, and another season's trial makes us heartily endorse it.

GOLDEN-BRONZE and SILVER-LEAVED GERANIUMS

Price, 10 cents each.

Mountain of Snow—Deep green, with broad margin of pure white; red flowers; an old-time favorite.

Bronze-Bedder—New; brightest and best of all; grand.

Crystal Palace Gem—Golden-yellow margin, central disk green.

Exquisite—Large chocolate zone, golden-yellow center.

Mme. Sallerot—Green with white border; bushy grower.

SWEET-SCENTED GERANIUMS

Price, 10 cents each, three for 25 cents.

Oak-leaved—Resembling oak leaves; black center, green bordered.

Apple-Scented—Foliage smells like ripe apples; an old-time favorite.

Balm-Scented—Delicious balm fragrance.

Nutmeg-Scented—Small leaves with nutmeg perfume

Rose-Scented—The old-time favorite.

King Humbert

KING HUMBERT, The King of all Cannas

Four feet. A bed of five hundred plants of this beautiful Canna, supplied by the Good & Reese Company, planted in Snyder Park, of Springfield, Ohio, the past season, was the admiration of all—in fact, it was the mecca for all visitors to this park, that has become famous for its flowers. Snyder Park has over three hundred acres and many beautiful beds of flowers, but nothing in the flower line attracted the attention that this king of Cannas did. The individual florets actually measure six to seven inches in diameter. The flower truss is large and stands erect; color bright orange-scarlet; the foliage is round and massive; deep bronzy-red in both foliage and flower. No Canna approaches it; magnificent. **Fine plants, 50 cents each.**

MARTHA WASHINGTON**THE BEST PINK**

Three feet. Strong grower, and one of the freest-blooming Cannas we have ever seen. Flowers are of large size, with well-rounded petals, good substance and not too compact; color is bright, clear pink. Considered by experts to be one of the best Cannas ever introduced. It is the only bright pink Canna. Extra fine. **25 cents each.**

TARRYTOWN**A GRAND VARIETY**

No variety approaches it for display. **Three feet.** The flowers are large, but its particular value lies in the earliness with which it blooms, the abundance of flowers produced, its branching habit and the length of time the flowers remain after they open. Another point of superiority is the fact that the flowers are thrown well above the foliage, and the heads of the bloom are held very evenly, and so freely produced that the foliage is almost hidden. One characteristic of this variety which largely gives it its value is its wonderful branching habit, two or three spikes of flowers being in bloom on the same stem at the same time, producing a mass of bloom. The flowers, which are an exceedingly brilliant carmine-crimson, have decidedly more substance than any other variety, and last for an unusually long time. **25 cents each.**

NIAGARA**NEW CRIMSON AND GOLD CANNA**

Two and one-half feet. Among the multitudes of new Cannas, Niagara stands pre-eminent. Great, handsome trusses; color rich, deep crimson, with a wide, irregular border of deep golden-yellow; brighter, deeper and richer than any of its class. **25 cents each.**

The
Good & Reese
Company's
NEW
EVER-BLOOMING
PEDIGREE
Cannas

EASTERN BEAUTY

Four feet. This magnificent new Canna is entirely distinct from all other Cannas. Fine bronzy-red foliage, with large flower heads of clear pink overlaid with bright salmon. Distinct and beautiful; gorgeous. **25 cents each.**

CRIMSON BEDDER

Three feet. The best of its color, and the finest of all bedding Cannas. Of compact habit, with abundant bright green glaucous foliage, always clean and fresh, and the earliest and freest bloomer of all. Florets large and open, in large, compact trusses; bright, glowing crimson, borne in such masses as to produce a literal blaze of color. It sheds or cleans itself admirably, and far surpasses in every way all crimson Cannas for bedding. **25 cents each.**

BUTTERCUP**THE FINEST YELLOW CANNA**

Two and one-half feet. An early and constant bloomer. Large, beautifully formed flowers in fine, large, handsome trusses. Color rich golden-yellow without markings, suggesting in its rich and pure color the wild Buttercup of the field. Always shows up bright and clear. The best of all yellow Cannas. **25 cents each.**

LOUISIANA**New Grand Prize Giant-Flowering Canna Lily**

At the Louisiana Purchase Exposition, St. Louis, where all the finest Cannas were on exhibition, Louisiana was pronounced the finest Orchid-flowering kind in existence. Height five and one-half to six feet. Its flowers are like beautiful Orchids; size often more than seven inches across, and every inch a vivid scarlet. It blooms tremendously, often four or five stalks flowering at once. You cannot conceive of anything more gorgeous. Its intense brilliancy and beauty are simply indescribable. **40 cents each.**

SPECIAL OFFER

THE EIGHT NEW PEDIGREE CANNAS on this page, costing \$2.40, for only \$1.85. This is a great bargain, and enables you to get the best in Cannas at a nominal cost.

5 Grand Orchid-Flowering Cannas

ENTIRE SET OF FIVE ORCHID-FLOWERING CANNAS FOR 60 CENTS

Canna Italia

New Giant-Flowering Canna, Italia—Immense flowers of the true Orchid form; center brilliant red, petals widely bordered with clear yellow; striking and handsome; height three to four feet. (See cut.) **15 cents each.**

Giant-Flowering Canna, Austria—Gigantic in size; grows four and one-half feet high, with leaves fifteen to eighteen inches long and eight to ten inches broad, flowers six to seven inches across, and borne erect in large, bold trusses; color pure deep golden-yellow; vigorous grower. **Three to four feet. 15 cents each.**

Mrs. Kate Gray—This is an extraordinary grand Canna in every way. Flowers are of gigantic size, measuring six inches in diameter—much larger than Italia or any of the Italian varieties. In color the flowers are very brilliant deep orange, round and full, and are thrown high above the foliage, making them very showy and effective. It is one of the most effective bedders we have. It is a very free bloomer, and bears a large number of flowers on each spike; has tropical foliage. But added to this are its gigantic flowers, borne in large clusters towering on large flower spikes high above the foliage, and produced in the greatest profusion. Notwithstanding its immense size, it is as free a bloomer as any of our best standard sorts. All who have seen it in our grounds the past summer unite in pronouncing it the finest thing in Cannas sent out for a long time. **Four and one-half feet. 15 cents each.**

Alemannia—Alemannia is a truly splendid variety, grows four and one-half feet high, with handsome foliage and bears grand clusters of splendid flowers. The outer petals are bright scarlet with a broad yellow border, the inside colors being scarlet and dark red beautifully mottled and variegated, exceedingly showy and handsome. **Four and one-half feet. 15 cents each.**

Pennsylvania—Worth particular attention to this grand new American Hybrid Orchid-Flowering Canna, because in addition to being one of the largest and most magnificent varieties ever introduced, it is the only pure deep red flowering one in the Orchid-flowering class. The flowers are immense, often seven inches across, with petals two and one-half inches broad borne in splendid branching spikes. A tremendous bloomer; begins quickly, keeps it up. This Canna was the most magnificent of all those grown on our grounds here last summer. Its grand size, pure deep scarlet color and profuse blooming habit place it at the head of Orchid-flowering Cannas to date. No one could be disappointed with Pennsylvania. It has no equal. **Four and one-half feet. 15 cents.**

SPECIAL OFFER—THE FIVE ORCHID-FLOWERING CANNAS FOR 60 CENTS

The Good & Reese Company's Standard Ever-Blooming Cannas

These are the best varieties in cultivation. Always in bloom. They are not like the old varieties of Cannas that seldom flower, but are always covered with large, handsome trusses of bloom. Be sure and give them a trial. **Price of plants to bloom this spring and summer, 15 cents each, any four for 50 cents; the set of thirteen for \$1.25.**

Alphonse Bouvier—Bright crimson flowers; five feet.

Alsace—A wonderfully free bloomer; flowers light sulphur-yellow, changing to white; three and one-half feet.

Chas. Henderson—Fine deep crimson; has many admirers; three and one-half feet.

David Harum—Deep red flowers, bronze foliage; three and one-half feet.

Souvenir d'Antoine Crozy—Intense scarlet, rich and dazzling, bordered with a broad, rich golden-yellow edge; three and one-half feet.

The Express—Deep, rich velvety crimson; two and one-half feet.

Egandale—Foliage dark red, flowers deep red. We place this variety at the head of the list. **Four and one-half feet.**

Florence Vaughan—Rich golden-yellow, spotted with bright red; beautiful; four and one-half feet.

Madame Berat—Pure soft pink; a variety admired by all; four feet.

Mme Crozy—Bright red, with narrow margin of golden-yellow; three and one-half feet.

Queen Charlotte—Brilliant orange-scarlet, with a distinct golden belt around each petal; three and one-half feet.

Robert Christy—Brilliant orange-scarlet; a fine bedder; four and one-half feet.

Burbank—Bright golden-yellow; three and one-half feet.

CHRYSANTHEMUMS

THE "UP-TO-DATE" SET

IN ORDERING SAY "UP-TO-DATE" SET The Chrysanthemums named on this page are the choicest productions from all exhibitions and sources up to date. Our patrons can rely on them being each and every one the very choicest color, as awards are not given until the judges are satisfied that they are better than any existing sorts. So if you wish to be up to date and have the very best, order this set.

PRICE, 20 CENTS EACH; THE SET OF EIGHT FOR \$1.25

JEANNIE NONIN

Scored 98 before the C. S. A. Committee and won the silver cup at Chicago. For Thanksgiving and later this has no rival. Of the largest size, perfectly globular, finely finished, an easy doer, and a splendid keeper and shipper. This variety is queen of commercial whites, the color being very pure. The most valuable introduction of recent years from the American standpoint.

LILY MOUNTFORD

A beautiful variety, with outer rows of petals pure pink; center blush; very large and fine; one of the finest of English importations. Midseason.

S.T. WRIGHT

Midseason. Japanese incurved. Deep rosy-crimson, with bronze reverse and greenish gold tips; the color is quite unique and charming; the petals are rather short, and when they reflex, as they mostly do, it is strikingly distinct and beautiful. The general color effect is claret-crimson of velvety surface. Makes a grand bush plant; flower very massive.

MRS. WM. DUCKHAM

A grand golden-yellow reflexing variety, almost identical in shape with Cheltoni, but larger and much better in color; has a fine thread of red on edge of each petal, but becomes pure golden-yellow as it matures; a most wonderful keeper. Midseason.

ETHEL FITZROY

Early. Orange-amber, shaded red; very large, very easy to do; a bold, fine Japanese incurved, with broad curling florets; has proved a popular color with general buyers; one of the finest on the list.

SUNBURST

Midseason; Japanese incurved; a most beautifully formed flower of striking color; the base of the petals is an intense yellow, gradually shading to pale yellow at the tips. A strong, free and healthy grower, equally valuable as an exhibition or commercial variety.

COLOSSE GRENOBLE

A monster white, flushed pearl-pink, which should be in every collection; the form of the flower, a horizontal arrangement of petals which attains great depth, adds to its impression of size. For exhibition collections and for conservatory use there is nothing finer; early mid-season.

Clementine Touset

CLEMENTINE TOUSET

The bloom is the largest obtainable white for the date, having received the C. S. A. certificate on October 8th. It is one of the most lasting varieties, either on or off the plants; has splendid stem and foliage. The finest early commercial variety of recent years; a very profitable sort.

NEW

CHRYSANTHEMUMS

THE CREAM OF THE WORLD'S COLLECTION

Price, 7 cents each; any eight, your selection, for 50 cents; any twenty for \$1.00

Every Chrysanthemum on this page has won a medal. Indeed, some of them have won several. You can order from this list with the assurance that any one of them will be a beauty. The price we offer them at is very low, as you will see by comparing them with any flower catalogue published.

Robert Halliday—A perfect flower of deep golden-yellow; has a fine color and decorative form. Extra fine.

Black Hawk—An extra fine deep crimson variety of the largest size. None finer of its color.

Percy Plumridge—One of the grandest of yellow Chrysanthemums. Flowers are large and of fine form and finish.

Estelle—One of the best white varieties for exhibition or for commercial purposes. Extra.

President Wm. B. Smith—Beautiful pink-tinted, delicate lemon. Has always been a great favorite.

Pride—This lovely variety is in great demand by the florists, as it is a great cut flower sort. Pure white; early.

Wm. Duckham—An immense Japanese, colossal in size and graceful in form. Color tender pink.

Wm. H. Chadwick—A grand double white, of fine size and great substance; very rounded in form, incurving and full. By far the best of its style, and a prize-winner wherever shown.

Vivand Morel—This grand variety has literally leaped into popularity. Flowers so large as to startle you. The color shades from a few rows of lavender pearl to the richest pink.

Mrs. Henry Robinson—This is another early white commercial Chrysanthemum of great merit. Large, double, snow white, beautiful.

Miss Florence Pullman—This variety is of mammoth size, purest snow white in color. Very broad, heavy, deep flower, measuring fourteen inches in diameter.

Ivory—A favorite early white variety, always seen at the exhibitions. One of the finest of the entire "Mum" family.

Shilowa—A favorite dark crimson variety. Has won many prizes.

Lillian E. Bird—A beauty in every respect. Of the very largest size, long, tubular petals of perfect form, producing flowers which are twelve inches in diameter. The color is an exquisite shade of shrimp pink.

Orizaba—Very delicate pink, perfectly incurving, broad petals, extremely delicate in color and finish. Extra good.

Miss Minnie Bailey—One of the grandest all-pink Chrysanthemums. In finish it is exquisite, showing not the slightest trace of coarseness.

Invincible—The best very late white Chrysanthemum. Can be had in bloom Christmas. Flowers are of large size and of the very highest quality.

Mrs. Jerome Jones—One of the finest white Chrysanthemums ever raised. Flowers of exquisite form and finish. Grand.

Mrs. Perrin—Still the brightest of all the pinks. Beautifully formed.

Major Bonaffon—One of the very best deep golden-yellow Chrysanthemums. Beautiful flower, both in form and color; incurved.

Mrs. W. B. Chamberlain—The blooms are eight to ten inches in diameter, the color is a delicate lavender-pink, petals incurved.

Golden Wedding—Flowers of mammoth size, deep golden yellow. Nothing finer among the yellows. Shines like burnished gold. The standard for measuring color.

John K. Shaw—The best early pink. The first to come into bloom, being ready to cut October 8th. Excellent.

Australlan Gold—Deep golden-yellow of the richest hue; of immense size. The petals are feathery, incurved and whorled. One of the finest, and no collection is complete without it. It is indeed gorgeous in its color and bearing.

Helen Bloodgood—A splendid pink variety, high and bright in color, globular in form, full. Extra good in every point.

Benjamin Giraud—Rich crimson-maroon. Quite unequaled

Golden Wedding

for brilliancy and velvetiness.

Frank Thompson—Beautiful white, deeply flushed pink. This grand variety has won many medals and prizes.

Golden Wonder—The color is a grand, deep golden yellow, as is also the spread of the bloom. The petals have a velvety finish. This variety is superb.

Modesto—Still the best commercial yellow; has no faults. **Monrovia**—Brilliant straw color, incurved, carrying its flowers on long, stiff stems. Very large, if not the largest in this line of color. A large, grand flower.

Intensity—An extra fine crimson variety, flowers are very large and exceedingly double. Extra desirable in every way.

Maud Dean—An immense pink variety, finely incurved petals, broadly shell-shaped. One of the largest flowers exhibited in the fall shows. Almost a pure self-pink.

PRIZE-WINNING CHRYSANTHEMUMS

The Chrysanthemums named on this page are the choicest productions from all exhibitions and sources up to date. Our patrons can rely on them being each and every one the very choicest color, as the awards are not given until the judges are satisfied that they are better than any existing sorts. So if you wish to be up to date and have the very best, order this set. PRICE, 10 CENTS EACH; THE SET OF TEN PRIZE-WINNING CHRYSANTHEMUMS FOR 75 CENTS; ANY FIVE FOR 40 CENTS.

COLONEL D. APPLETON

This is the finest golden-yellow Chrysanthemum ever sent out. It is an ideal exhibition variety, with flowers of immense size, measuring twenty-two inches in circumference. Has won prizes wherever shown.

BLACK BEAUTY

Dark velvety crimson, beautifully reflexed; extremely fine; grown in sprays; shows no reverse.

R. E. RICHARDSON

Schray's Pink

The brightest, clearest shade of pink yet produced in the "Mum" family. Both color and form are exquisite, incurring just enough to show the high color of the inside of the petal; form very fine. Won the silver medal at the Chicago show as the best pink not lighter than Morel; also best pink at the Brooklyn show against other entries; certificate of merit at the Philadelphia show.

Marie Liger

This variety swept the shows last fall with its charming beauty, taking every premium in its color, which is a lively pearl-pink, deepening to a very bright shade at the base of the petals.

LAVENDER QUEEN

An immense solid flower of perfect form. It is a lovely color—soft, silvery lavender-pink; decidedly distinct from any other pink; the same shade as the light-colored pink Orchids.

Marie Liger

YELLOW EATON

A bright yellow sport from Timothy Eaton, only a shade lighter than Appleton, and especially valuable as the best in its color to follow that fine variety up to the close of the Chrysanthemum season. Foliage very beautiful, stem first-rate, and quite strong enough to hold up the monster blooms, which do not show the coarseness sometimes attributed to other yellows. For everybody's use, and for commercial purposes as well as for show, we can cheerfully recommend this grand variety; it is strictly A No. 1. Scored 91.

MRS. E. THIRKELL

This is one of the finest yellow Chrysanthemums. A large broad-petaled Japanese flower, with perfect stem and foliage.

MRS. O. P. BASSETT

Very early. A sport from Mrs. Henry Robinson, blooming at the same time. Identical in every respect except color. Beautiful light canary-yellow, deepening toward the center. This is one of the most elegant Chrysanthemums.

CONVENTION HALL

In actual beauty this variety is still unsurpassed. It will hold first place for many a day to come. Of incurved, globular form, pure white color.

TIMOTHY EATON

The giant white Chrysanthemum. This certainly is a very giant among its

fellows. Flowers can easily be grown twenty-four inches in circumference; color creamy-white. The first year it was shown it captured every prize for which it was entered—among them four silver cups creating a sensation.

OSTRICH PLUME CHRYSANTHEMUMS

PRICE, 10 CENTS EACH; THE SET OF SIX FOR 50 CENTS

Below we offer a grand collection of these unique Chrysanthemums. The term "Ostrich Plume" is applied to this type on account of the feathery growth with which the petals are thickly covered.

F. J. TAGGART

A grand deep golden-yellow, probably the finest of the hairy section.

MONARCH OF OSTRICH PLUMES

Bright chrome-yellow. Is quite large for this type. Of beautiful form and finely incurved.

WHITE SWAN

Decidedly the best white Ostrich Plume variety yet introduced. A strong grower and an early, profuse bloomer. Flowers large, perfectly formed; pure white, with creamy center, inner petals nicely incurved and well covered with hair, or plush. Very pretty.

LOUIS BOEHMER

Has a wonderful hair-like growth, or excrescence. Color a most beautiful shade of lavender pink, shaded silvery-pink on

ends of petals. Flowers splendidly incurved, inside of petals deep rose. For evening wear the Louis Boehmer is sure to be in demand. Flowers enormous. It is absolutely free from any taint or blight.

HAIRY WONDER

Enormous terra cotta broad, spreading Japanese variety, with extremely wide cupping and incurving petals, which are covered with glandular hairs. Reported as the largest and best hairy variety ever exhibited. Habit, stem and foliage perfect.

WILLIAM FALCONER

This grand variety will increase the popularity of and interest in this beautiful class. Color is an exquisite shade of rosy-blush, changing to a delicate flesh-pink as flowers advance in age. Flowers are of the largest size, and borne on strong, vigorous stalks.

PALMS

PALMS ARE EASILY GROWN AND INCREASE THEIR VALUE TWO TO FOUR FOLD EVERY YEAR.

Palms are now indispensable for all decorations, whether in or outdoors, and for tropical bedding.

It may be well to state here that young Palms do not resemble the illustrations given, as they do not show their character leaves until the second year, so that when you get your small Palm plants, and see long, narrow leaves, instead of the character leaves as shown in the illustrations, do not think the wrong kind has been sent you.

The following is a select list of rare and handsome varieties that can be recommended for apartments, conservatories, decorations or vase plants during the summer. They are all grand plants, and of the easiest culture.

CHAMEROPS EXCELSA—A handsome, fan-leaf Palm of rapid, easy culture Very valuable and useful for outdoors during the summer. **Young plants, from 2½ inch pots, 15 cents each.**

KENTIA BELMOREANA—This is one of the finest pot plants imaginable, and the easiest to grow of any of the Palm family. Being almost hardy, it is not injured by slight changes in temperature, and its stiff, glossy leaves enable it to stand the dry, hot air of the living room without injury. The leaves are a deep, glossy green, fan-shaped, split deeply into segments. This is, without exception, the most hardy of its class. Very graceful for table decoration. It is scarcely equaled, and, were we to select one Palm only, it certainly would be a Kentia.

No. of Leaves.	Height In.	Price Each
Young Plants.	2½ in. Pots	\$0.25
3 to 4	10 to 12	.50
3 to 4	12 to 15	.65
4 to 5	18 to 20	1.00
5 to 6	20 to 24	2.00

PHOENIX RECLINATA—One of the hardiest of the Date Palms, with dark green, feathery foliage of strong growth, and is especially valuable for outdoor decoration, as it stands sun and wind without the least damage, even in most exposed positions.

Young plants, two and one-half inch pots, 15 cents; nice plants, ten to twelve inches high, 75 cents.

PHOENIX CANARIENSIS—This is a true Date Palm. Young plants, two and one-half inch pots, 15 cents.

LATANIA BORBONICA—The well-known Chinese Fan Palm. This is one of the most exquisitely graceful among Palms. Its wide-spreading, gracefully arching leaves are elegant and effective for apartment decorations. It is considered the handsomest and most valuable of all Palms.

No. of Leaves.	Height Inches.	Price Each.
Young Plants.	2½ in. Pots	\$0.15
2 to 3	10 to 12	.50
3 to 4	12 to 15	1.00
4 to 5	15 to 18	1.50

WASHINGTONIA FILIFERA—A beautiful Palm. It has elegant dark green, fan-shaped leaves, from which hang thread-like filaments. We have only small-sized plants of this Palm. **Nice young plants, from two and one-half inch pots, 10c.**

CYCAS REVOLUTA (Sago Palm).—These are magnificent plants, of noble, majestic habit and most impressive. They are probably the most valuable decorative plants grown, both for lawn and house decorations. Their heavy, glossy, deep green fronds resist alike the gas dry heat, dust and cold to which decorative plants are frequently exposed.

No. of Leaves.	Height Inches.	Price Each.
6 to 8	12 to 15	\$ 1.50
8 to 10	18 to 20	2.25
12 to 15	18 to 20	3.50

ARECA LUTESCENS—This majestic Palm is without a peer for strength and elegance combined. Its dark, glossy green leaves are gracefully curved on slender stems, and the entire foliage is gracefully disposed. The trunk and stems are a golden yellow, irregularly spotted with bronzy-green, giving it a peculiar charm. The built-up plants of this Palm—that is, three plants in a pot—are very handsome and deservedly popular.

No. of Leaves.	Height Inches.	Price Each.
Young Plants.	2½ in. Pots	\$0.15
4 to 5	12 to 15	.50
8 to 10	10 to 12—3 plants in a pot	.75
10 to 12	20 to 24—3 plants in a pot	2.00

COCOS WEDDELIANA—The most elegant and graceful of all the smaller Palms. Its slender, erect stem is freely furnished with its graceful, arching leaves of a rich green color. Admirable for fern dishes, as they are of slow growth and maintain their beauty for a long time. **Three inch pots, twelve inches high, 50 cents each.**

Kentia Belmoreana

Cycas Revoluta

SEAFORTHIA ELEGANS—A most useful conservatory or lawn plant. Leaves from two to ten feet long. Largely grown on account of its hardy constitution and useful and graceful character. They soon develop into noble specimens. **Nice young plants, from two and one-half inch pots, 15 cents each.**

SPECIAL OFFER:—We mail FOUR DISTINCT PALMS, young plants, for only 50 cents.

FERNS

BOSTON FERN

Nephrolepis Exaltata Bostoniensis—In the vicinity of Boston no other plant is so extensively used as this graceful Nephrolepis, which differs from the ordinary Sword Fern in having much longer fronds, which frequently attain a length of six feet. These arch and droop over very gracefully, on account of which it is frequently called the Fountain Fern. This drooping habit makes it an excellent plant to grow as a single specimen on a table or pedestal. **Good plants, 20 cents each; strong plants, 50 cents each; large, fine specimens, 75 cents to \$1.00 each, according to size.**

NEPHROLEPIS PIERSONI

The Tarrytown Fern—In this beautiful new Sword Fern we have a rival of the Ostrich Plume Fern. The fronds are the same size, only not so feathery. Beautiful. **Price, 20 cents each; large plants, 50 to 75 cents and \$1.00 each, according to size.**

NEPHROLEPIS EXALTATA

This is the old-fashioned Sword Fern, and many prefer it to the newer varieties. It is of upright growth, makes handsome specimens, and is fine for planting in vases, etc. **Price, 15 cents each; large plants, 40 cents each.**

NEPHROLEPIS SCOTTII

The True Friend Fern—Since the famous Boston Fern was introduced we have several new Ferns that are competitors of it for the honor of being the most beautiful. This will prove a true friend to all plant growers, as it is so easy to grow and manage in the window garden, or in fact anywhere that other Ferns fail. It is new and a beauty. Try it. **Price, 20 cents each; large plants, 50 cents each.**

NEPHROLEPIS ELEGANTISSIMA

The Ostrich Plume Fern—The grandest of all Ferns. In fact, it is a plant that appeals to everyone, and on that account will prove a much more valuable and profitable plant than the Boston Fern, which has had the most phenomenal sale of any decorative plant that has ever been grown, but which cannot be compared to the Ostrich Plume Fern for beauty or general effectiveness. Everyone who has seen it is charmed with it. As some one has expressed it, "There is nothing like the Ostrich

The Ostrich Plum Fern.

Plume Fern in cultivation. In decorative effect it so far outdistances the original variety that there is positively no comparison to be made. We consider it the most valuable novelty that has been introduced in many, many years." It has taken gold medals wherever shown. **Fine young plants, 25 cents each; strong plants, 75 cents to \$1.00 and \$1.50 each, according to size. These are fine plants, and will not disappoint you.**

NEPHROLEPIS WHITMANI

An Improvement on All the Other Ferns

In this we have unquestionably the most valuable Nephrolepis of the Ostrich Plume type yet introduced. Not only is it of dwarfier and more compact habit than the Nephrolepis Elegantissima, but the pinnae, being more deeply divided, give the plant a much more graceful appearance, while another important point in its favor is the fact that not a single frond has ever reverted to the common Boston Fern. **35 cents each; large plants, 75 cents, \$1.00 and \$1.50 each.**

The Wonderful Japanese Fern Balls.

CULTURE OF FERN BALLS—All you have to do to start them to growing is to soak them well with tepid water for half an hour and hang them up in a warm room. It usually takes about six weeks to start them. They need no earth, dish or pot. Simply soak them and hang them up. Repeat this watering every day. **Price, 50 cents each.**

Fern Ball—Before Starting Into Growth

Fern Ball—After Starting Into Growth

General Collection of Plants

ABUTILON

Chinese Bell Flower, or Flowering Maple.

Price, 10 cents each; the set of five distinct kinds for 40 cents; any three for 25 cents.

Souvenir de Bonne—The leaves, a beautiful green, are regularly banded with gold, the flower stem is eight to nine inches long, and the bloom very large and bright orange-red in color.

Erecta—Flowers large and cup-shaped. Color a delicate satiny-pink.

Scarlet Gem—A rich bright scarlet.

Golden Bells—Large, well-shaped flowers of deep yellow.

Eclipse—This is an elegant foliage plant, and one of the prettiest we know. It is new, and the flowers, which are produced in profusion, set the plant off to good advantage.

ACALYPHAS

Acalypha, Sanderii

Acalypha Marginata—A charming variety. Deep green foliage, with a distinct margin on the edge of each leaf of bright pink; lovely. 10 cents each.

Acalypha Sanderii—The most sensational new plant introduced for years, and one of the most striking flowering ornamental plants. Strong, free growth, with large dark green leaves, from each axil of which rope-like spikes of velvety crimson flowers from one to two feet long and nearly one inch thick are gracefully suspended. 15 cents each.

SPECIAL OFFER—The Two Acalyphas for 20 cents.

ALTERNANTHERAS

These are the little dwarf red and yellow plants that only grow a few inches high, and are used to make letters, designs, or borders for beds. We offer two kinds, red and yellow. 8 cents each, 75 cents per dozen, \$5.00 per hundred. Fifty or more plants at the hundred rate.

ARAUCARIA EXCELSA

Araucaria Excelsa

Norfolk Island Pine—Various names have been suggested for this grand plant to properly convey to the mind the appearance of it. Some have called it the "Christmas Tree Palm," from its resemblance to a Christmas tree; others have called it the "Star Palm," because the leaves are arranged to form a perfect star. But no descriptive name can give an adequate idea of its beauty. It has deep green, feathery foliage, arranged in whorls, rising one above the other at regular distances. Its symmetry of form, grace and beauty of foliage are unequalled in the vegetable kingdom. It is easily grown in the house, and is highly ornamental. It requires the same culture as the Palm. Extra fine plants, \$1.00 each; extra fine specimens, \$1.25 each.

ALYSSUM, GIANT DOUBLE FLOWERED

It is indispensable as a cut flower, being a beautiful white and very fragrant. A very useful edging plant. Continues to bloom until November, as light frosts do not injure it. Also fine for winter blooming in the house. Elegant for baskets, vases or window boxes. 10 cents each.

ALOYSIA CITRIODORA

Lemon Verbena—This plant has the most fragrant foliage of any plant grown. The fragrance is that of the lemon. One plant will scent up a whole yard. Grows rapidly; exquisite. Can be wintered over in the cellar. 10 cents each.

AGERATUMS

AGERATUM PRINCESS PAULINE

Its peculiarity consists of both blue and white being combined in the same flower, the body of the flower being white, while the stamens, forming an outer ring, are sky-blue, giving the flowers a pretty variegated appearance. 10 cents each.

NEW AGERATUM STELLA GURNEY

It is a decided improvement in color, being the deepest blue yet introduced, and is exceptionally free flowering, not only in summer, but the year round. Ageratums are useful for borders, also for baskets and vases. These two varieties are grand. 10 cents each.

AGERATUM, WHITE CAP

Pure white flowers. 10 cents each.

THE THREE VARIETIES OF AGERATUMS FOR 20 CENTS

AMARYLLIS

Amaryllis Belladonna Major

One of the most lovely flowers imaginable. It throws up strong stalks, which support immense panicles of lovely shell-pink flowers with a clear white throat. It has the largest bulbs of any of the Amaryllis. 50 cents each for fine extra large bulbs to bloom at once.

Amaryllis Formosissima—(Jacobean Lily) This grand bulb will flower either winter or summer. Keep dry during summer for winter blooming, and reverse the order for summer bedding. The flowers are of the darkest scarlet, very rich and pure, and produced freely. Strong blooming bulbs, 25 cents each.

Amaryllis Johnsonii—One of the most gorgeous bulbous plants grown. We have seen specimens of a few years' growth that completely filled a window. Nothing is more showy than this grand plant during late winter or early spring, bearing large flowers of intense crimson with a delicate white feather in each petal. It is most superb. Strong bulbs to bloom at once, 25 cents each.

Amaryllis Equestre—(The Eagle Lily.) This is entirely different from the other varieties of Amaryllis. The flower in shape and size resembles the Lily Candidum. The color is a brick-red, quite distinct and novel. Fine bulbs to bloom at once, 25 cents each.

ASPARAGUS SPRENGERI

The Emerald Feather—A most desirable species, especially useful to grow as a pot plant for decorative purposes or for planting in suspended baskets. The fronds are frequently four feet long, of a rich shade of green, and most useful for cutting, retaining their freshness for weeks after being cut. It will make an excellent house plant, as it withstands dry atmosphere, and will succeed in almost any situation. 10 cents each; large strong plants, 25 cents each.

Asparagus Plumosus Nanus

Asparagus Sprengeri

ASPARAGUS PLUMOSUS NANUS

The Climbing Lace Fern—This graceful climber has to a great extent taken the place of the once popular Smilax in all fine decorations. It possesses the advantage of being much more graceful—its foliage being finer than that of the most delicate Fern—and will last for weeks after being cut, the whole plant being of a bright, cheerful green. Excellent house plant, succeeding under almost any condition. 10 cents each for fine plants; large, strong plants, 25 cents each.

AGAPANTHUS UMBELLATUS

Blue African Lily, or Lily of the Nile—A splendid ornamental plant, bearing clusters of bright blue flowers on long flower stalks and lasting a long time in bloom. There is no finer plant for outdoor decoration planted in large tubs on the lawn. 25 cents each.

Agapanthus Umbellatus

Anthericum Picturatum

A lovely plant for baskets and vases, or as a pot plant it will enrich any collection. Deep green foliage, with broad white stripes. Long stalks of white flowers. Very beautiful and scarce. 20 cents each.

ANTIGONON LEPTOPUS

(Illustration on page 54)

Mountain Beauty—We believe this to be one of the most beautiful as well as one of the rarest climbers in existence. It is hardy in the South, and, once planted, practically everlasting. It produces immense clusters of the most exquisite flowers imaginable. The flowers are borne in most prodigious profusion, and a well-established plant, loaded with its gorgeous carmine flowers, is one of the grandest sights we have ever seen. It is a bulbous plant, dying down each year. The plants we will send you are dormant—that is, bulbs without foliage, like a Dahlia, 10 cents each.

Antigonon leptopus

AZALEA INDICA—Chinese Azaleas

No plant has increased in popularity during recent years with such amazing rapidity as the Chinese Azaleas. A few years ago the annual importation of these from Belgium into the United States would hardly exceed twenty-five thousand. Today it reaches five hundred thousand. At Easter they are seen in every church and in the windows of our finest residences. The ease with which they can be grown, their diversity of color and freedom of flowering will always keep them in public favor. The plants we offer are all set with buds, and are beautifully trained specimens, and will flower in the springtime in any ordinary living-room. We give their time of flowering, so you can have a succession of bloom. In summer set out of doors in the shade and keep moderately wet. Plants twenty-four inches in circumference, 60 cents each, any six for \$3.50.

THE TWELVE BEST AZALEAS

- Apollo—(Medium.) Crimson-scarlet; best red
- Bernard Andrea Alba—(Late.) Superb white.
- Dr. Moore—(Late.) Intense rose, tinted white and violet.
- Deutsche Perle—(Early.) Ivory-white; extra fine.
- Empress of India—(Late.) Salmon, with white border; magnificent variety.
- Madame Van der Cruyssen—(Late.) Glossy rose, tinted with amaranth. By many thought to be the best of all.
- Professor Wolters—(Medium.) Beautiful variety; rose, white bordered.
- Sakuntala—(Medium.) A grand variety; very double, of the finest white.
- Sigmund Eucker—(Early.) Lilac-rose, bordered with white, blotched crimson.
- Simon Mardner—(Early.) Intense velvety rose; a grand variety.
- Schrijveriana—(Late.) Very double, pink and white, with darker center; splendid.
- Vervaneana—(Early.) Clear pink, white margin, very large flower.

AUCUBA, or SILVER SHRUB

A lovely half-hardy evergreen shrub, with laurel-like foliage of olive-green, spotted with silver spots. This is hardy in the far South where it can be planted out. A grand decorative plant grown in pots for the porch or lawn. Fine plants, 30 cents each; extra strong plants, 50 cents each,

Azalea Indica—(Chinese Azalea)

BASKET PLANTS

We have a great many calls for plants suitable for baskets and vases. We grow these plants in large quantities, and can furnish them at 5 cents each, or twelve distinct plants for 50 cents.

BOUGAINVILLEA SANDERIANA

The Chinese Paper Plant—This beautiful free-flowering plant was introduced recently, and on account of its free-blooming qualities has become very popular, especially as a plant for Easter decoration. It is of a strong, rapid growth, and the brilliant rosy-crimson blossoms in large racemes are produced from early March until midsummer, making a floral display that is really dazzling; in fact, a well grown specimen will frequently flower the greater part of the year. Altogether a most desirable subject for the conservatory or window garden. Very rare. 25 cents each.

FLOWERING BEGONIAS

Price, 10 cents each; any six, your choice, for 50 cents; any three for 25 cents.

- Alba Picta—Long pointed, slender leaves, thickly spotted with silvery-white; foliage small and elegant; lovely pink flowers.
- Argentea Guttata—Lovely green foliage, with spots of silvery-white.
- Bertha—This is the freest flowering Begonia we have. It blooms the year round, makes a handsome window plant, with its beautiful foliage and bright currant-red flowers.
- Decorus—This is the white-flowering Rubra. Very similar to it, but with white flowers.
- Dewdrop—A grand variety with white flowers.
- Weltoniensis—Beautiful pink flowers; summer bloomer; extra fine.
- Fuchsioides Coccinea—Elegant free-blooming variety. It resembles Hybrida Multiflora in growth; flowers bright scarlet.
- Hybrida Multiflora—This beautiful plant makes handsome specimens, with its graceful branches and pendulous flowers of bright rosy-pink; very floriferous.
- McBethii—Shrubby in growth, with very deeply indented leaves, which are fine and small. Very free flowering, being constant the year round. A fine summer bedding plant if given light soil and perfect shade. Put it among your Ferns. White flowers, waxy in texture, carried in panicles.
- Rubra—Has strong, slender branches, gracefully drooping under heavy waxen leaves and pendent panicles of coral-colored flowers as large as a hand. Medium sized plants are frequently seen with more than twenty such panicles at a time.
- Robusta—Bright rose and pure white; coral-red buds. This is a very desirable variety.
- Sandersoni—(The Coral Begonia.) One of the best flowering Begonias. The flowers are of a scarlet shade of crimson, borne in profusion for months at a time; resembles coral.

**New Star Begonia,
RICINIFOLIA MACULATA**

This handsome Begonia is a wonder. Foliage is large and beautifully mottled. Flower stalk is thrown well above the foliage. Both flower heads and individual florets large. A beautiful pink color. A grand Begonia 25 cents each.

TUBEROUS-ROOTED BEGONIAS

These are among the very handsomest of our summer-blooming plants, flowering throughout the season, and as fine and varied in their colors as the Geranium family. They are splendid bedders, delighting in a light soil of woods earth, very old cow manure and sharp sand. See that the bed is in partial shade, and you will be delighted with the results. In the South, or where they cannot be planted in the shade of a house, a covering of burlap or canvas some six or eight feet above them, merely to throw off the sun's rays, will allow them to come to absolute perfection, but they must have plenty of light and air. Do not allow them to become dry. During the hot weather they will take two waterings a day. When through flowering they can be dried off, shaken free of earth, wrapped in cotton until May, when they may be started again.

Single—White, yellow, crimson, rose, scarlet. 10 cents each; three for 25 cents.

Double—In the same colors. 15 cents each; six for 75 cents.

BROWALLIA GIGANTEA

A charming new flowering plant that may be put to many useful purposes. The plant is a strong, compact, bushy grower, producing a profusion of florets about one to one and a half inches in diameter, of an intense indigo-blue, fully as intense as the Marie Louise or California Violet. It bids fair to supplant the Lobelia as a bedding plant, is valuable for cut flowers, as it is never out of bloom, and may be grown as a flowering plant for Easter. 10 cents each; three for 25 cents.

BRUGMANSIA, or ANGEL'S TRUMPET

Brugmansia, or Angel's Trumpet

Here is a plant for the masses. It grows easily, blooms freely, and the flower is something to be proud of. The Brugmansia blooms indoors in winter and in the garden in summer. The plant has large, tropical leaves, with blooms eight inches long by six inches wide at the mouth, resembling a trumpet, hence the name "Angel's Trumpet." Pure white in color and as fragrant as a Jasmine. Blooming plants, 35 cents each.

CUPHEA TRICOLOR

An elegant window plant; blooms the year round; bright scarlet flowers, curiously shaped; a gem. 10 cents each.

CRAPE MYRTLE

Handsome shrubs when in bloom. The flowers cover the entire plant. Hardy in the South. We have three kinds in the following colors—pink, crimson, and purple. 15 cents each.

Flower of Tuberos Begonia

CROTONS

The Crotons are among the finest foliage decorative plants known. As easy to grow as Coleus, and much brighter in their coloring. Our customers everywhere, especially in the South, should bed out Crotons. They can be lifted and potted in the fall, and make handsome houseplants. The leaves of all are more or less veined and margined, sometimes entirely variegated, with shades of yellow, orange and crimson. Some have long, narrow leaves, arching gracefully, fountain fashion; others are broad and short, oak-leaved; some recurve very much, others are twisted corkscrew-like. Crotons love heat, sunshine and moisture. The Crotons are fast becoming one of our most beautiful bedding plants, and are also one of the handsomest house plants in pots. 10 cents each; three for 25 cents; the set of eighteen for \$1.35.

Aucubæfolium—Broad green leaves, with yellow spots.

Aurea Maculatum—Long leaves; deep green; profusely spotted with bright yellow; fine bedder.

Cooperi—Long leaves of yellow, red and green.

Cornutum—Yellow and green; very distinct.

Disraeli—Oak-shaped leaves, with red, yellow and green colors nicely blended.

Dermanianum—Chocolate, with bright orange red spots.

Interruptum—Long narrow leaves, center yellow and red; fine bedder.

Irregulare—Leaves irregular in shape; colors red, yellow and green; fine bedder.

Ingomar—Lovely green leaves with bright yellow center.

Makoyanum—Chocolate and carmine markings; broad leaves.

Maximum—Large, broad leaves, green, with brightest yellow markings.

Majesticum—Long leaves of yellow, green and red.

Picturatum—Long leaves of yellow, green and red; fine bedding.

Pictum—Lovely marking of green and orange.

Splendens—Green, with bright yellow veinings.

Spirale—Leaves twisted like a corkscrew; very pretty.

Volutum—Green, with yellow center; curled like a ram's horn; lovely.

Weismanii—Long leaves, mottled golden-yellow.

Crotons

NEW AND SCARCE CROTONS

The following varieties of Crotons are quite an improvement over the older kinds, the foliage being more distinctly marked with brighter colors, therefore more attractive. **15 cents each; any four for 50 cents; the set of twelve for \$1.35.**

Alice—Broad leaves of red, yellow and green markings; beautiful.

Andreanum—Always scarce; has broad leaves of red and yellow and orange shade.

Baroness Rothschild—Broad leaves of bright crimson, yellow and green markings; a very desirable variety; fine bedder.

Inimitabilis—The brightest of all Crotons; crimson, yellow and green.

Johannis—The longest leaves of any Croton, with beautiful markings of bright yellow on dark green background.

Maculatum Katonii—Oak-shaped leaves of deep green, with bright yellow markings.

McArthurii—Broad-leaved, green and golden-yellow.

Nestor—Olive ground, pink midrib and green spots; finest of all Crotons; fine bedder. We have a fine stock of this superb Croton.

Day Spring—A fine variety that beds well. Irregular markings of yellow and red on subdued green background. As pretty as the highly colored autumn leaves; fine bedder.

Prince of Wales—Long, twisted leaves of yellow, green and red.

Queen Victoria—A very bright variety. A great favorite, and always hard to get. Medium long leaves, with brightest crimson, yellow and green markings. Very desirable.

Veitchii—Yellow, green and crimson. One of the best. Always scarce and much sought after. Fine bedder.

We are, without doubt, the largest growers of Crotons in America.

CAMELLIA JAPONICA

This is the famous "Japonica" of the South—Leaves glossy green, flowers of exquisite beauty and waxy texture. From pure white to crimson in almost endless variegation, the pure white ones generally prized above the colored varieties. Culture nearly related to that of the Azalea, but their success is more certain. Requires shade and moisture throughout the hot season. Time of blooming is in winter and early spring. Requires a moderate and uniform temperature, with as little artificial heat as possible. When set with flower buds great care must be taken in watering. When left too dry the buds are sure to drop. We have a fine assortment of those named below. Plants two to two and a half feet high, 75 cents each; the set of twelve distinct kinds for \$8.00; any four for \$2.75. All our Camellias are double flowered.

Palazzo de Cristal—Blood-red, very distinct in form and color.

Princess Bacciochi—Bright red, each petal banded with pure white. Extra fine.

Madame A. Vershaefft—White, petal banded with crimson.

Maiden's Blush—(Lady Hume's Blush.) Rosy-white, or delicate blush; very tender; handsomely imbricated.

Leopold I—Deep crimson-red, imbricated; formed like the hundred-leaved rose.

Jubilee—White, delicately splashed with rose, finely imbricated; a charming variety.

Franz Van Damme—Large, deep rose striped with white; petals large and well imbricated.

Chandeleri Elegans—Grand Peony-shaped flowers; lively red, spotted with white.

Countess Paolina Maggi—Flowers white, of waxy transparency; often shows tints of delicate shell-pink.

Countess Lavinia Maggi—Flowers superb white, splashed and striped cerise.

Auguste Delfosse—A brilliant rosy-yellow, petals striped.

Alba Plena—Best white, petals beautifully imbricated.

CLERODENDRON BALFOURI

A Plant of Great Beauty. Makes a grand bedding plant where both foliage and bloom are desired. The flowers, which are of a bright scarlet, are encased by a bag-like calyx of pure white, the trusses or panicles of flowers are upward of six inches in length, and when trained upon trellises and hanging down have a rich and elegant appearance. **10 cents each.**

Camellia Japonica

CALADIUM ESCULENTUM OR ELEPHANT'S EAR

Elephant's Ear

One of the most beautiful and striking ornamental foliaged plants in cultivation, either for culture in large pots or tubs or for planting out on the lawn. Will grow in any garden soil, and is of the easiest culture. When of full size it stands about five feet high, with immense leaves often measuring four feet in length by two and one-half in breadth. The roots should be preserved in dry sand in the cellar during winter, out of danger from frost. **Good bulbs, 10 cents each, \$1.00 per dozen; large bulbs, 25 cents each, \$2.50 per dozen; mammoth bulbs, 50 cents each.**

CALADIUM, FANCY-LEAVED

Fancy-Leaved Caladium

A fine decorative plant for open-ground or pot culture. Foliage is beautifully variegated, being striped and mottled with crimson, yellow, pink, green, etc. The bulbs should be potted early in the spring, and after growth begins placed in a shady location. We have twenty distinct kinds. **Price, 20 cents each, three for 50 cents; twelve distinct kinds, \$1.75.**

QUEEN OF NIGHT CACTUS

Cereus Grandiflorus, or Night-Blooming Cereus—Decidedly the finest flowering plant in cultivation. Imagine a dozen flowers unfolding, with the setting sun, their hundreds of wax-like petals encircled by a wreath of gold, in continual motion. Imagine such a flower three feet in circumference, perfuming the surrounding air with the most delicious fragrance known. Does it not deserve its royal title? It grows and blooms with the greatest ease, requires absolutely no care, living for months without water, increasing in value yearly. We have the genuine variety, the only one with fragrant flowers twelve to twenty inches across, and can furnish nice plants at **15 cents each.**

Lobster Cactus—Fine winter bloomer; beautiful pink flowers; blooms when quite small. Nice plants, **15 cents each.**

Cyclamen, or Persian Violet

CYCLAMEN

Persicum Giganteum, or Persian Violet—This is a decided improvement over the old variety, being of a more robust habit and stronger grower. Produces flowers on short, stout stems, and of immense size, often measuring, on well-grown bulbs, two inches in diameter. The foliage is also beautiful, and it is a charming winter bloomer. 10 cents each.

CYPERUS ALTERNIFOLIUS

Umbrella Plant—This is a plant of the easiest culture, and a large specimen is as handsome as a Palm for decoration. It makes a handsome pot plant, or can be used in baskets or vases, making a charming effect. It will grow luxuriantly in water, and is therefore indispensable for aquariums or fountains. 8 cents each.

UMBRELLA PLANT

CALLA LILIES

New Dwarf Calla Lily, Little Gem—This Calla only grows about eighteen inches high, and is the freest blooming of all the Callas. The bloom is pure white. The following facts will convince anyone of its great superiority over the old sort. Of dwarf habit. The same plant will grow and bloom for years, and the quantity of bloom which a good plant will produce is astonishing. A large plant is hardly ever without one or more flowers. All in all, it is one of the most desirable plants we have ever offered. 15 cents each, two for 25 cents.

Calla Richardia—(Spotted Calla.) Plant with beautiful spotted leaves. It flowers abundantly during the summer months when planted out in the open border. The flowers are shaped like those of a Calla, and are pure white, shaded with violet inside. Keep dry in the winter, and start in the spring like a Dahlia. The plant belongs to the same order as Calla Ethiopica. Blooming bulbs, 10 cents each; larger size, to produce a dozen blooms, 25 cents each.

Calla Hastata—This is the yellow Calla. It is just like the others, only the flower is a lemon-yellow. It is very distinct, and will enrich anyone's collection. 25 cents each.

Calla Ethiopica—(Egyptian Lily.) This is the well-known Egyptian Lily, or Lily of the Nile, with large white flowers, broad foliage, and it will prosper under very adverse circumstances. If you want large Callas, send to us, as we are headquarters for them. We have three sizes. Small plants, to bloom next winter, 10 cents each; strong blooming bulbs, 25 cents each; mammoth bulbs, to make ten to twelve blooms, 50 cents each.

SPECIAL OFFER—The set of four distinct Callas, all blooming bulbs, for 60 cents.

COLEUS

We have a collection of one hundred kinds of the most distinct sorts out. Leave the selection of varieties to us, as it is hard to describe the various tints. Price, 5 cents each, twelve for 50 cents; twenty-five distinct varieties for \$1.00. These are all good bedders, standing the hot sun without losing their colors. Price of Coleus by the hundred, when sent by express, \$3.00.

- Autumn Glow**—All the beautiful tints of autumn leaves.
- Bronze Queen**—A deep bronze with fine yellow edge.
- Black Bird**—Very dark with reddish cast.
- Butterfly**—A crimson bronze, old gold and green.
- Bizarre**—Crimson center, edged with green and gold.
- Beauty**—A crimson bronze, with three colors.
- Chicago Bedder**—Green and gold; an excellent bedder.
- Dora Clapp**—Crimson center, with bronze and green edge.
- Empress of India**—Crimson, with golden edge.
- Fire Brand**—A fine bedder; dark crimson, shaded garnet.
- Fire Crest**—The foliage is a brilliant carmine-crimson shade. The edge is slightly marked with golden-yellow.
- Golden Bedder**—Deep golden-yellow; a fine bedder.
- Golden Verschafeltii**—This ranks first in yellow varieties.
- Hero**—A deep jet-black.
- Hiawatha**—Bronze and yellow spotted.
- Progress**—A beautifully mottled red, green and bronze.
- Retta Kirkpatrick**—Bright green; large, deep yellow center.
- Setting Sun**—Crimson, with brightest golden edge.
- Verschafeltii**—A rich velvety crimson; the best bedder.
- Yeddo**—Color deep golden-yellow, splotched bright green.

Remember, the above twenty choice Coleus for only \$1.00; any ten for 50 cents. You have never seen anything so grand in the Coleus line. Try them, and see what a beautiful bed you can have, and with but little care.

DRACENAS

Dracena Indivisa—This variety is used very extensively as a center plant for vases, urns, etc. It stands full exposure to the sun, its long, narrow, graceful foliage contrasts beautifully with other foliage and flowering plants. 10 cents each; strong plants, 20 cents each.

SHASTA DAISIES—New

Shasta Daisies

The Shasta Daisy is one of the most marvelous productions in the flower line that has ever been brought to the notice of floriculturists. It is the first of a new type, which has been obtained by hybridization and rigid selection through a series of years. Its first qualification is extreme hardiness. Second, it is perennial, blooming better and more abundantly each season. Third, it is not particular as to soil. Fourth, it blooms for several months. Fifth, the flowers are extremely large and graceful, averaging about four inches in diameter, with petals of the purest glistening whiteness, which are borne on single, long, stiff, wiry stems. Sixth, the blooms when cut remain perfectly fresh and in good condition for two weeks or more. No other flower can compare with it in usefulness. 15 cents each, two for 25 cents.

Maximum Robinsoni—This is unquestionably the most desirable Shasta or Moonpenny Daisy yet introduced, on account of its remarkable floriferousness. The flowers, which are of medium size, are of a glistening white, with long, narrow petals, deeply cut or fringed at the end. Hardy everywhere. 20 cents each, three for 50 cents.

King Edward VII—Same as above, but deep yellow. Perfectly hardy. Extra fine. 20 cents each, three for 50 cents.

MARGUERITE DAISIES

Marguerite Daisy, Madame Gailbert—This is one of the finest new plants that has ever been introduced. Nothing can be imagined that is finer. All know the old varieties of Paris Daisies, how beautiful and much sought after for decorations of all kinds. This new variety blooms constantly and will produce ten blooms to the old variety's one. Nothing is so airy and graceful as these blossoms of large white petals showing a yellow disc. **10 cents each.**

Marguerite Daisy, Etoile d'Or—The new yellow Paris Daisy, similar to Madame Gailbert, but a rich golden color. The two varieties go handsomely together. **10 cents each.**

Agatha Celestis, or Celestial Daisy—The flowers are a delicate sky-blue, with a yellow disc. It is certainly a charming plant. Dwarf-growing, not over a foot to eighteen inches in height, and the bushes fairly swarm with its lovely blue blossoms. The cut-flower stores in the cities use them by the hundreds of thousands. Blooms from November to June. Very desirable. **15 cents each.**

The entire set of Shasta and Marguerite Daisies, six lovely kinds, for 75 cents.

DAHLIAS

Within the last year or two a wonderful revival of interest in the Dahlia has resulted in their now being important rivals of those standard bedding plants, the Canna and the Geranium. This to a great extent is due to the introduction of the dwarf, profuse-blooming varieties that a few years ago were unheard of. We offer a collection of the best Cactus, show and decorative Dahlias, in red, white, yellow, pink, variegated and all intermediate shades. They are the cream of over five hundred varieties, selected after critical examination, and combining in a superlative degree purity of color, perfection of bloom, free and continuous flowering, and they succeed under the most ordinary garden culture. **Strong roots, to bloom this summer, 15 cents each, six for 75 cents, or the entire set of twelve for \$1.35.**

Maid of Kent

Fern-Leaved Beauty—A most beautiful variety, entirely distinct from all others. The flowers are of medium size, with quilled or shell-like petals of creamy-white color, each petal being heavily bordered with dark crimson. Its foliage is very finely cut, like that of a strong-growing Fern.

Grand Duke Alexis—This is a very large white, each petal being delicately tipped with lilac; very large and showy.

Admiral Dewey—Brilliant imperial purple, a color that is much sought after in Dahlias; rich and beautiful.

John Elitch—Deepest rich crimson; probably the best of its color; extremely rich.

King of the Yellows—Rich golden-yellow; a profuse-blooming variety, flowers large and handsome; one of the best yellow Dahlias grown.

Keystone—A most beautiful variety, with flowers of delicate pink, distinctly striped crimson; fine.

Purity—This is certainly a grand Dahlia; belongs to the show class; pure white, of large size.

Maid of Kent—Crimson, shaded to cherry red, tipped white. Very inconstant in color; many shades on the same bush; a lovely variety; belongs to the Cactus type.

Mrs. Gladstone—Delicate shell pink. A very attractive variety.

Madame Zeller—A beautiful shade of yellow, edged pink; none finer.

M. D. Hallock—Clear early yellow, a profuse-blooming variety, large and handsome.

Pearl—Pearly-white, petals long and symmetrical, flowers very large; one of the prettiest white Dahlias.

Dahlia, Clifford W. Bruton

NOVELTIES IN DAHLIAS

Storm King—(Blizzard.) This is, without question, the finest of all pure white Dahlias. It is extremely early, a profuse and constant bloomer, a strong, vigorous grower, of dwarf-branching habit. Will produce double the quantity of flowers of any other white variety, very double and perfect shape. It is far ahead of any other white Dahlia.

Nymphaea, the Pink Water Lily Dahlia—By far the most delicately beautiful Dahlia ever introduced. The color is a soft, delicate, light shrimp-pink, shading slightly darker toward the outer petals, while the flowers are of large, perfect form and most exquisite, being soft, waxy, delicate and graceful. Has a delicate, refined, Water Lily fragrance. This odor, together with its striking resemblance to the ideal pink Water Lily, suggested the name of Nymphaea. This variety is the finest in the list.

Clifford W. Bruton—This superb new variety is acknowledged by all who have seen it to be the finest yellow Cactus Dahlia ever produced. The flowers are large, five to six inches in diameter, perfectly full to the center, while the outer petals reflex to the stem. The color is a solid pure yellow, the clearest shade ever seen. Invaluable for cutting and exhibition purposes.

William Agnew—The grandest red Cactus Dahlia ever produced, and one that will eventually find its way into every collection. The flowers are of the largest size, sometimes measuring more than seven inches in diameter. Always full to the center, of perfect form and of exquisite quality and finish, while the color is the richest shade of intense, dazzling red. The petals are very long, the outer petals being beautifully twisted. Certainly a grand variety.

Price, 20 cents each, the set of four for 65 cents

EUCHARIS AMAZONICA OR EUCHARIS LILY

A handsome bulbous plant that blooms during the winter indoors. Flowers in clusters, like an Amaryllis, pure white, and as fragrant as a Jasmine. This is rare and grand. **Price, 25 cents each; fine blooming bulbs, 50 cents each.**

FICUS ELASTICA

India Rubber Plant—Very large, smooth, leathery leaves. Evergreen foliage. Esteemed one of the finest house plants. Each new leaf is enclosed in a long coral-red envelope, looking like a great red flower bud. The rubber of commerce is obtained from this plant. It stands all kinds of harsh treatment. **Fine plants fifteen inches high, 65 cents each; eighteen inches high, 75 cents each; extra fine plants, two feet high, \$1.00 each.**

Ficus Elastica Variegata—Here we have the most handsome of all decorative plants. Everyone knows how fine the plain-leaved Rubber Plant is. Well, this plant has all the good qualities possessed by that plant, and in addition has beautiful, leaves of green mottled with golden-yellow and bordered silvery-white; grand. **Fine plants, fifteen to eighteen inches high, \$1.00 each; small, but good plants, 65 cents each.**

Eucharis Lily

GLOXINIAS

These are among the most beautiful of all our summer-blooming plants. The rosette of velvety green leaves is surmounted with a cluster of lovely trumpet-shaped flowers as large as Gladioli blooms. The coloring is exquisite. The ground work of many is pure white, with throats of blue, scarlet, rose, crimson or velvety purple, while others are beautifully flecked and striped with the brightest colors, and the tubes are of a bright color, with white throat. The bulbs should be started in a warm place—greenhouse, hotbed or sunny window. They will bloom until late in summer, when they should be dried off, letting the leaves die. The pots can be kept over winter in a cellar free from frost. They are very easily grown. Give them a trial. 10 cents each; three distinct varieties for 25 cents.

Pot of Gloxinias

THE GRANDEST OF ALL GLADIOLI

GOOD & REESE'S INTERNATIONAL MIXTURE

Our International Mixture is the best in the world, and we want to say to you candidly that you have never seen Gladioli until you see these flowers. This mixture includes all the new strains, such as "Gray's Inglesides," "Burbank's California Selects," "Childsii" and "Groff's Hybrids." It is difficult to describe flowers of such varied and peculiar beauty as these Gladioli. They are very tall and erect, often standing four or five feet high, with spikes of bloom over two feet in length. They branch freely, in most cases each stem producing three or four spikes of bloom, and bloom much earlier than ordinary varieties. The flowers are of great substance and gigantic size, frequently

seven to nine inches across. The form of both flower and spike is perfection itself, and they last in bloom a long time before fading, owing to their great substance and vigor, but the most remarkable feature is the coloring. Orchids cannot surpass them in their varied and delicate shades, markings and blendings. Every color known among Gladioli is represented, and many never before seen, particularly blues, smoky grays and purple blacks, all having beautifully mottled and spotted throats, made up of white, crimson, pink, yellow, etc., and in this peculiar network of charming spots and colors lies one of its special points of unsurpassed beauty. They far outrank all other Gladioli in size of spike, size of bloom, vigor, varied and magnificent coloring and freedom of bloom. Be sure and plant some of our International Mixture. 5 cents each, 50 cents per dozen, \$3.00 per hundred.

GLADIOLI TO COLOR

Our mixed Gladioli are made up from splendid named sorts, brightest and most varied colors, white, yellow, pink, rose, bluish, intense scarlet, carmine, violet, striped, blotched, variegated, etc. All old, common and poor sorts have been discarded. This mixture is of the highest grade.

Mixed, White and Light Varieties Only—First size, 40 cents per dozen, \$3.00 per hundred.

Mixed, Scarlet Varieties Only—First size, finest scarlet colors, 40 cents per dozen, \$3.00 per hundred.

Mixed, Pink Varieties Only—First size, finest pink colors, 40 cents per dozen, \$3.00 per hundred.

Mixed, Yellow Varieties Only—First size, finest yellow and orange shades, 60 cents per dozen, \$4.00 per hundred.

Gladioli—(Good & Reese's International Mixture)

FRAGRANT HELIOTROPES

Price, 10 cents each; the five for 40 cents.

Snow Wreath—Superb large clusters of deliciously fragrant flowers of pure white.

Albert Delaux—(Purple and Gold.) Foliage is a bright golden-yellow, very pronounced, and marked slightly with a delicate green. In bloom it is exquisitely beautiful, the deep lavender color of the flower contrasting admirably with the ever-varying foliage. Very free flowering; trusses large.

The Queen—For a neat dwarf habit, profusion of bloom and richness of odor, this Heliotrope has no equal, and its vivid color of royal purple, with a distinct white center, gives us something entirely new in color, either for summer decoration or winter flowering. This is by far the best of all Heliotropes.

Florence Nightingale—The best free-flowering light lavender.

Chieftain—Color deepest violet-purple, large white eye, very fragrant. The plant is of vigorous habit, very floriferous.

GREVILLEA ROBUSTA, OR SILK OAK

A splendid decorative plant, much quicker growing than a Palm and very effective, with its long, drooping, silky foliage, deeply cut, like a large-growing Fern or a pinnated-leaved Palm. Be sure and try it for your window; it cannot be excelled. 10 cents each

Grevillea Robusta

CHINESE HIBISCUS

Price, 10 cents each, except where noted; any three for 25 cents. We have large plants of Hibiscus, ready to bloom, for 25 cents each. These are handsome plants.

Sinensis Giganteus—This is a plant for house cultivation during winter or summer, or for planting outside during summer. It blooms at all times of the year. The plants branch freely and flower profusely, commencing to bloom when not more than a foot high. As a specimen plant for large pots it has an equal only in the Brugmansia. Its flowers are of enormous size, often eight to ten inches across, opening flat, and of such a vivid crimson-scarlet color that they can be seen for a long distance, like a flaming torch. It is hard to find anything among flowers more strikingly showy. They can be wintered in the cellar or pit with perfect safety, and if one does not care to grow them all winter, one should have one or two for summer display. 15 cents each.

Grandiflorus—Rich, glossy, cut-leaved foliage, literally covering the plant with scarlet-crimson flowers.

Sub-Violaceous—Flowers of enormous size, beautiful carmine, tinted with violet. Probably the largest flower of the Hibiscus family, and an unusually free bloomer. We take great pleasure in recommending this fine plant.

Double Crimson—This grand variety has immense flowers of the richest crimson; combined with glossy foliage, renders it best of all.

Auriantica—Large and double, with orange-colored flowers.

Carminatus Perfectus—Full, round flowers of perfect shape and of a rich, soft carmine-rose, with a deep crimson eye; fully six inches in diameter.

Magnificus—A very large flower and of perfect form; color a deep magenta; edge of petals touched with brown, foliage finely toothed.

Collerii—Flowers buff-yellow, with a crimson-scarlet base; peculiarly handsome and double.

Versicolor—A variety combining in its flowers all colors of the whole family, being handsomely striped crimson, buff, rose and white; flowers eight inches in diameter.

SPECIAL OFFER—We will send the entire set of nine distinct kinds of Hibiscus for 75 cents.

New Pink Hibiscus PEACHBLOW

This is a sport from the double red Hibiscus Rosea Sinensis. The flowers are double, and from four to five inches in diameter, of a charming rich, clear pink color, with small, deep crimson center. It is one of the freest flowering plant novelties recently offered. The color is an entirely new and beautiful shade, and it blooms abundantly and continuously during the summer and fall months. Large plants, two and three years old, make a magnificent show. It will give general satisfaction to those

who grow it, either in pots or planted out in the garden. It blooms well in the winter in the greenhouse or in any sunny window. 15 cents each.

DESIRABLE HYDRANGEAS

Thomas Hogg—A pure white variety, with trusses of flowers measuring fifteen inches in diameter. The plants, when full grown, attain a height and width of six feet. Perfectly hardy. One of the finest plants for cemeteries. 15 cents each.

Otaksa—This is by far the best of all Hydrangeas, the flower being almost double in size of the older varieties, and its free-blooming qualities are unequalled by any plant we know of. The color is at first a deep, rich pink, gradually changing to almost a snow-white. Blooms have been measured fifteen inches in length by ten inches through. It is indeed an enormous and beautiful flower. 15 cents each.

Japanese Hydrangea, Paniculata Grandiflora—Hardy. For description see Hardy Shrubs. Fine young plants, 15 cents each; extra strong two-year-old plants, for immediate effect, 35 cents to 50 cents each, according to size.

Tree-Shaped Hydrangeas—These are fine specimens plants, trained in tree shape. See Hardy Shrubs for full description. By express only, 50 cents each, three for \$1.25.

HOYA CARNOSA—The Wax Plant

This is a lovely house plant. Grows into a handsome plant, and bears large umbels of white flowers that are covered with wax; hence its name. Very fragrant and very desirable, and should be in every house collection. 20 cents each.

Hibiscus Sinensis Giganteus

IMPATIENS

Sultani—This makes a very shapely plant, and is in bloom continuously the year round, outdoors or indoors, even in the small plants three or four inches high. The bloom is a bright red, and comes so profusely as to almost cover the entire plant. Very desirable. **10 cents each.**

White Lady—Same as above, except pure white flowers with deep crimson eye. **15 cents each.**

Pink Beauty—Same as above, except salmon-pink flowers, purple eye. **15 cents each.**

The three Impatiens for 35 cents.

IVY—ENGLISH

This is the old hardy variety that clings to walls, trellises, etc. **15 cents each.**

JUSTICIA CARNEA—Brazilian Plumbe Plant

Perhaps no plant has attracted so much attention in the last two years as the *Justicia*, or Brazilian Plumbe Plant. The plant is a strong, rapid grower, and throws up long stems, on which are produced fine plumbe-like pink flowers, the ends of each petal drooping in a most charming manner. When plants are but a few months old they are literally covered with their beautiful blossoms. It does equally well either for house or outdoor culture. **15 cents each.**

FRAGRANT JASMINES

Maid of Orleans—In this beautiful Jasmine there are combined some sterling qualities that place it a peer over existing sorts. Easy culture, fine grower, good bloomer, elegant fragrance, and double flowers of chaste and waxy-white appearance. **Fine plants, 10 cents each; strong plants, 35 cents each. If you have only one Jasmine, let it be this one.**

Poetica—Similar to the Jasmine Grand. Flower small, but borne on large spikes. **10 cents each; strong plants, 20 cents each.**

Revolutum—A yellow-flowered Jasmine, nearly hardy and exquisitely fragrant. **10 cents each; fine, strong plants, 20 cents each.**

Grand Duke of Tuscany—This Jasmine is very easily grown, even small plants bearing a profusion of very double cream-white flowers having a delicious perfume. It is a magnificent plant, and will become one of the most valuable and popular pot plants

when it becomes better known. It can be stored in a dry cellar in winter. **25 cents each; strong plants, 50 cents each.**

Grandiflorum—(Catalonian Jasmine.) It is from Italy. The flowers are pure white, star-shaped and of exquisite fragrance. **10 cents each; fine, strong plants, 20 cents each.**

Jasmine Gracillimum—Exceedingly floriferous. A flowering shoot is produced from every joint, which terminates in a dense cluster of pure white, fragrant flowers. In bloom in the greenhouse from October to February. **10 cents each; fine, strong plants, 25 cents each.**

Cape Jasmine—Well known for its delicious fragrance and beauty of its flowers, which are white and double. **15 cents each; fine, strong plants, two feet high, 35 to 50 cents each, according to size.**

Malayan Jasmine, Rhynchospermum Jasminoides—This makes an elegant hard-wooded climber, or can be trained in bush form. It bears large bunches of pure white flowers with the most delicate Jasmine perfume. It is known in the South, where it is hardy, as the Confederate Jasmine. It will delight all. **10 cents each; fine, strong plants, 20 cents each.**

LANTANAS, or SHRUBBY VERBENAS

Lantanas, or Shrubby Verbenas

The brilliant colors, robust growth and profuse blooming habit of the Lantanas render it one of the finest bedding plants we grow. The flowers embrace all the most delicate shades of orange, sulphur, creamy-white, etc., changing from one distinct color to another as they increase in age and development. The varieties we have give a wide range of color and include the most distinct and profuse kinds. **10 cents each, five for 40 cents.**

WEeping LANTANA

A New Weeping Plant of Great Beauty. One of the grandest basket plants grown. The plant has a most graceful, drooping habit, grows very rapidly, and blooms continuously summer and winter, producing large clusters of the most delicate lilac or rosy-pink; foliage a beautiful dark green. A single plant on August 1st this past summer had five hundred and ninety clusters of flowers on it. The same plant December 1st had three hundred and fifty clusters of flowers on, which proves it one of the most persistent bloomers, and does equally well winter and summer. We know of nothing of recent introduction that is so easily grown and gives so much pleasure and satisfaction as this beautiful Lantana. **Strong plants, 10 cents each, three for 25 cents.**

THE WHITE JAPANESE LILY

Hymenocallis (Pancratium) Caribæum—This magnificent Spider Lily produces immense umbels of often as many as twenty-five flowers, and nearly always two or more flower scapes at the same time. The flowers are airy and fragile appearing and deliciously sweet-scented. The florets are disposed in rays, and resemble an immense spider, hence its name. In the center of each flower is a beautiful crown, or saucer, resembling tissue paper. **Fine, large bulbs that will flower freely, 20 cents each.**

Moonflowers

MAHERNIA, or HONEY BELLS

This is a fast-growing dwarf plant that bears bell-shaped yellow flowers freely, which are as sweet as any flower we grow. 10 cents each.

MOON FLOWERS

The True Ever-blooming Moon Flower, Ipomea Grandiflora—We have the true variety that blooms constantly. If planted out in rich ground, in a situation where it has full exposure to the sun, it will attain a height (if given a wire or string to twine on) of forty feet by October 15th, blooming abundantly the entire season. It is called "Moon Flower" from its rare peculiarity of blooming best at night, although it also expands its flowers on dull days. The flowers are pure white, from five to six inches in diameter, emitting a rich Jasmine-like odor at night. The "Moon Flower" is a tender plant, but it can easily be kept in the house over winter. It roots easily from slips, so that no attempt should be made to lift large plants. **Price of the true Moon Flower, 10 cents each.**

New Moon Flower, Heavenly Blue—This makes a splendid companion plant to the white Moon Flower. It is equally rapid in growth, and a much freer blooming variety than the white one. The blooms come in clusters of five to twelve, and at times almost hide the vines. The flowers are the most heavenly blue with reddish-purple rays, and are six inches across. Nothing more beautiful. **10 cents each.**

MILK AND WINE LILY

Or Crinum Fimbriatum—A grand sort. The most beautiful of the Crinums. Its bulbs grow large, and its strong-growing foliage is erect and sword-shaped. Flowers in umbels, very large and showy, three to four inches in diameter, striped with white and carmine and very fragrant. Hardy in the South. Plant the bulb on top of the earth. **Fine blooming plants, 35 cents each.**

OTAHEITE ORANGE

This valuable and distinct variety of the Orange family is a dwarf, compact grower, with glossy, deep green foliage, which has a decided odor of the Orange trees of Florida, and is exceedingly floriferous, producing a wonderful profusion of pure white flowers of the most delicious fragrance. Identical with the much sought for blooms of Southern Orange groves. Otaheite fruits immediately after flowering, bearing fruit about one-half the size of the ordinary Orange, retaining in a marked degree its sweetness. This unique Orange cannot be equaled as a winter blooming pot plant for house culture. Requires but little sunlight, and flowers and fruits when but twelve to fifteen inches high. As a pot plant this lovely dwarf Orange is one of the most novel and beautiful that can be grown. With a couple of plants of it you can have an abundance of the far-famed, delicate and fragrant Orange blossoms. We have grown a large stock of clean, vigorous plants that will bloom and fruit at once of this beautiful Orange, and commend it to our friends as a novelty of sterling worth and merit. **Good plants, 15 cents each; strong plants, 25 cents each; extra strong plants, to bloom and bear profusely at once, 50 cents each.**

Otaheite Orange

MADEIRA VINE

This is one of the most beautiful climbers. Grows rapidly, bearing small white blossoms that are exquisitely fragrant. **Fine tubers, 5 cents each, six for 25 cents.**

OLEANDERS

These old-fashioned shrubs are becoming immensely popular again. We are growing and selling them by the thousands. No plant makes more handsome specimens in tubs for the veranda or yard. Can be wintered in the cellar. We have three colors to offer. **Price, 10 cents each, except where noted.**

Alba—Has single white flowers.

Oleander Rosea—Has double pink flowers; the old favorite; very sweet.

Lillian Henderson—Has double white flowers of the largest size; fragrant like the double pink; scarce.

Lutea—Has double primrose-yellow flowers of a lovely shade, also fragrant; scarce. **15 cents each.**

PANDANUS VEITCHII

Leaves are light green, beautifully marked with broad stripes of pure white and gracefully curved. A grand decorative plant. **75 cents to \$1.00 each.**

PANDANUS UTILIS

Screw Pine—This is a charming plant, and is one of our most useful of ornamental plants. The foliage is green, edged with red. When the plant is fully developed the leaves describe a perfect screw on the stem, hence the name, "Screw Pine." This will go nicely with your Palms, and requires the same culture. Give very little water during the winter season. **Fine plants, 35 cents each.**

New Ever-Blooming BABY PRIMROSE

This is the freest blooming plant we know of, blooming continuously throughout the entire season. Plants in very small pots have from fifteen to twenty sprays of lovely light pink flowers, on stems ten to twelve inches high, at one time, and plants in four-inch pots often have from twenty-five to fifty at one time, lasting in bloom fully four weeks without fading and continually sending new sprays all over the plant, making it one of the most desirable plants for the house ever introduced. It is a very rapid grower, and the easiest grown of all the Primrose family. Very desirable. **8 cents each.**

CHINESE PRIMROSE

In White, Pink and Crimson. Few house plants offered give better satisfaction than this. It requires to be kept cool, a north window suiting it best. Care should be taken in watering that no water gets on the buds, as it causes them to decay. In the summer it can be turned out into a shady border. The plants we offer are fine, and the colors sure to please. We have them in white, pink and crimson. **10 cents each.**

PITTIOSPORUM TOBIRA

An elegant hard-wood shrub. Hardy in the South. Makes handsome specimens, growing into a small tree in a few years. It bears small white flowers in large bracts, or heads, which are so delicious in fragrance as to remind one of orange blossoms. **Fine plants, 15 cents each; strong, large plants, 25 cents each.**

POINSETTIA

A grand winter-blooming plant bearing flower bracts a foot in diameter; of the brightest scarlet; extra fine. **15 cents each.**

POMEGRANATES

These make shapely ornaments for the lawn, growing into large, shapely shrubs. They are used extensively in the South for hedges. The foliage is small, flowers double and very pretty. We have three varieties—double white, double scarlet and double variegated. **10 cents each.**

PLUMBAGOS

Capensis—This produces large heads of light blue flowers. It has the most peculiar shade of blue of any flower in cultivation. Always in bloom and an elegant bedder. **15 cents each.**

Capensis, Flora Alba—This is a splendid novelty. The exact counterpart of Plumbago Capensis except in color, which in this beautiful novelty is a clear white. This is one of the leading new plants of the year. Do not confound this with the old worthless white. One of the most satisfactory bedding plants out. We recommend this highly. **10 cents each.**

PANSIES

New Imperial German Pansies—They produce their large flowers throughout the entire summer, and have been brought as near perfection as it is possible to bring them, as the endless variety and extremely rich, brilliant and charming shades of color will convince you—color so brilliant that it was not thought possible a few years ago could be produced. The combinations of color in the same flower are exquisite and wonderful, and so delicate that no description can convey an adequate idea of their beauty. **35 cents per dozen, \$2.50 per hundred. Seed of the New Imperial German Pansies, 10 cents per packet.**

PRIMULA OBCONICA

Always in bloom. This is a charming plant for winter. In fact, we know of no plant that is better adapted for home culture than this one. It is not susceptible to changes of temperature that most plants are subject to. It bears its elegant panicles and sprays of bloom of a delicate pink and white in the greatest profusion. It is certainly elegant. **10 cents each.**

**RUSSELLIA MULTIFLORA**

This is a grand new plant. The primary stems are strong and grassy. The flower panicles are extremely long, and are covered with tassels of flowers one over the other; color a grand coral-red. The flowers are tubular, and about one inch in length, and are produced so very freely as to cover the entire plant. It is well named "many-flowered." Always in bloom. No better plant is grown for baskets, vases and window boxes. **10 cents each.**

Russelia Multiflora**SMILAX**

For using as a green with cut flowers it has no equal, its hard texture enabling it to keep for several days without wilting after being cut. It is also fine as a parlor or window plant. **8 cents each.**

SAXIFRAGA SARMENTOSA**Saxifraga Sarmentosa**

A very handsome plant of low habit, leaves nearly round and striped freely with silver bands; blooms white, of great beauty, and borne in spikes nearly twelve inches high. Fine for hanging baskets, vases, etc. **15 cents each.**

SALVIAS

Salvia, Mrs. Page

Price, 6 cents each, 60 cents per dozen.

New Dwarf Scarlet Salvia, Le President—The grandest addition to our list of bedding plants. It forms a compact bush, completely covered with rich scarlet flowers. We have had plants that by actual measurement were only fifteen inches high and two feet across. As a border or vase plant it will be indispensable, and as it will bloom abundantly in pots, it will be of the greatest value as a market plant for florists.

Splendens—The standard sort for bedding. Flower spikes of the most brilliant scarlet.

Alba—A white variety of Splendens. Identical in every respect except color, which is a pure white.

Splendens Variegata—White and red flowers. Very evenly striped.

New Salvia, Yellow Bird—Has beautiful yellow foliage, scarlet flowers. This will become a general favorite for bedding effects.

New Salvia, Silverspot—The distinctive feature of this splendid novelty is its strikingly handsome spotted foliage. The leaves are rich, soft dark green, with light sulphur or cream-colored spots of various sizes liberally sprinkled over them. The intense bright scarlet flowers are very large; the plants are of neat, compact habit. This will make a desirable bedding plant, rivaling the most gorgeous Coleus, its bright spotted leaves and brilliant scarlet flowers making it a most effective bedder.

New Dwarf Scarlet Salvia, Mrs. Page—This variety simply hides the foliage and is a sheet of brightest scarlet.

Salvia, Silver Spot

SANSEVIERA ZEYLANICA

Sansevieria Zeylanica

A New Decorative Plant of Great Beauty and Value. A beautiful plant, splendidly adapted for the decoration of drawing-rooms or halls, as it stands drought and dust with impunity and requires scarcely any water. The leaves grow to a length of three or four feet, and are beautifully striped crosswise with broad white variegations on a dark green ground. A rare and beautiful plant, which should be abundantly grown for positions out of the reach of sunlight, where other plants will not thrive. 10 cents each.

SWAINSONIA ALBA

Something New and Valuable. It will bloom both summer and winter. A beautiful continuous-flowering new plant, with pure white Sweet Pea-like flowers produced in sprays of from twelve to twenty blossoms each. Nothing surpasses it as a decorative plant for the window or conservatory. 15 cents each.

Swainsonia Splendens—Same as the above, with bright scarlet flowers. This is the only true scarlet variety. 15 cents each.

THE TWO SWAINSONIAS FOR 25 CENTS.

STEPHANOTIS FLORIBUNDA

This is a well-known vine for house culture that is always scarce, being difficult of propagation. A hard-wooded vine, with thick, leathery leaves, bearing bunches of pure white flowers that are deliciously fragrant. Indeed, it is the most charming of all fragrant flowers. 20 cents each.

STROBILANTHES DYERIANUS

Royal Purple—A new and very beautiful foliage plant from Singapore, which will become universally popular on account of the brilliant and exquisite coloring of its leaves, the beauty of its flowers, and its extraordinary easy growth and usefulness as a decorative plant. It surpasses the finest Coleus in exquisite coloring of the leaves, besides which the long racemes of lovely violet blossoms with which the plant is covered in midwinter greatly enhance its value and beauty. 10 cents each.

STAPELIA, or STAR FLOWER

A curious Cactus-like plant, bearing star-shaped flowers of very curious colors. 10 cents each.

SOLANUM AZUREUM

The Blue Solanum—A pretty species of the same habit of growth as *Stephanotis Floribunda*, but with large clusters of blue flowers, which are succeeded by scarlet berries, which remain perfect for a long time. This is a splendid vine for the South, as the blooms are very handsome. 10 cents each.

EXCELSIOR PEARL TUBEROSE

The Finest in Existence. All Blooming Bulbs.

Dwarf Excelsior Pearl Tuberoses—Year after year its popularity has increased, until the demand for it has reached enormous proportions. It grows about eighteen inches high, blooms early and with the greatest freedom, matures perfectly. Flowers pure white, very double, and of immense size and intensely sweet. This is the sweetest of all Tuberoses. Fine, extra large, well-ripened bulbs, all sure to bloom. 6 cents each, five for 25 cents, twelve for 50 cents, twenty-five for \$1.00.

The Ever-Blooming TRITOMA

Hardy Plant. The greatest bedding plant ever introduced, surpassing the finest Cannas for attractiveness and brilliancy, equal to the *Gladiolus* as a cut flower, and blooms incessantly from June until December, regardless of frost. Plants perfectly hardy in open ground all winter south of Philadelphia. Further north they must be protected or wintered in the cellar, like the ordinary *Tritoma*. Just bury the roots in sand; nothing more is required. Should be planted out very early in the spring and will commence growth and bloom at once, growing larger and finer every day. Plants show six to twenty grand flower stalks all the time, each holding at a height of three to four feet a cluster of flame-colored flowers of indescribable beauty and brilliancy. Each cluster keeps perfect several weeks, and when it fades several more are ready to take its place. Fall frosts do not kill it or stop its blooming, and it is as brilliant as ever long after all other garden flowers have been killed. For cutting it is unsurpassed, and the beautiful long spikes keep several weeks in water. Strong plants that will soon bloom, 20 cents each; three for 50 cents.

Ever-Blooming Tritoma

VERBENAS

Mammoth Flowering. In this grand new strain has been developed a mammoth Verbena that produces uniformly magnificent large trusses, with flowers of unusual size and of a wide range of colors. The individual blossoms are frequently larger than a silver quarter—in fact, many are scarcely covered by a silver half-dollar. The colors are varied, and embrace all desirable markings. We offer the plants at a very moderate price, 8 cents each, seven for 50 cents, or fifteen distinct varieties for \$1.00.

BEAUTIFUL and FRAGRANT VIOLETS

Of all delightful perfumes, that of Violets is the most delicate and pleasant, and places the modest little blue flower among our greatest favorites. Violets grow and bloom during the dead of winter with no trouble whatever if given a cool situation, but will not succeed in a warm place. Violets are now grown by the million, and where they can be grown out of doors many ladies are planting them and furnishing the cut-flower dealers of the cities with their supplies at a nice profit. We furnish the best cut-flower varieties at \$4.00 per hundred, by express.

Marie Louise—To contrast with white we offer this double, deep bluish-purple, sweet-scented variety. Desirable for pots or gardens. Plants hardy and bloom freely. This variety is planted by florists more largely than any other. 10 cents each.

Double White Perpetual-Flowering Violet, Swanley White, or Queen of Fragrance—Of all the white Violets, this is the best, either for pot culture in the house or bedded out. In pots it grows luxuriantly and is loaded with flowers. It is not an uncommon sight to see as many as fifty large flowers open at once, presenting a beautiful sight, their delicious perfume filling a whole room. 10 cents each.

Lady Hume Campbell—A true ever-bloomer. This is one of the finest of all double blue Violets. It is simply wonderful the number of beautiful flowers it produces. In color it is a shade of the richest intense blue. It is a charming contrast with the white variety. 10 cents each.

Hardy Russian—This is the hardest of all Violets; deep, rich blue color; a strong grower. You will have no trouble to grow this variety, as it thrives everywhere. 10 cents each.

Imperial, or Parma, Violet—This is, without question, the largest, richest colored and most highly

perfumed of all the Violets. It blooms very freely, literally bending the plant with its lovely blue flowers of the largest size. Its blooming season is longer than any other Violet. Size of a silver half-dollar. 15 cents each.

THE SET OF FIVE VIOLETS FOR 45 CENTS.

New Violet, PEACOCK

This is an entrancingly beautiful new Violet, the markings of its charming colors are difficult to describe. The prevailing color is white, with delicate tracings and markings of sky-blue. Everybody is charmed with it. 20 cents each, three for 50 cents.

VINCA MAJOR VARIEGATA

Vinca Major Variegata

This is a beautiful variegated trailing vine admirably adapted for hanging baskets and vases. The leaves are a glossy green, broadly margined a creamy-white; flowers blue. More Vincas are employed in vase and basket work than all other vines combined. 6 cents each; extra strong plants, 20 cents each.

Hardy Shrubs, Vines and Plants

We offer our customers in the following list everything that is good and desirable in the hardy line. The planting of hardy stuff is becoming more general from year to year, for the reason that when once planted they are permanent, and do not require much care to have them bloom and do well. We designate after each species, whether a plant, shrub or vine. : : : : : : : : : : : : : : :

ANEMONES, Hardy Plants

New Double Anemone, Whirlwind—This beautiful Japanese Anemone has since its introduction proved one of the finest hardy fall-blooming plants in cultivation, growing to a height of three feet and holding up on stiff stems flowers from two and a half to three inches across of pure white and heavy waxy texture. A large bed of this is worth going miles to see, and the large, graceful flowers are unexcelled for cutting. 15 cents each.

Anemone, Whirlwind

New Anemone, Queen Charlotte—This plant is of strong, robust growth, and commences to flower at least four weeks earlier. The flowers, which are semi-double, frequently measure four inches across, and are of that pleasing shade of pink peculiar to the La France Rose. 15 cents each.

ALMOND, Double Flowering, Hardy Shrub

This is the old-time favorite that our mothers planted in their gardens from time immemorial. We have two kinds, double white and double pink or rose. Fine plants, 35 cents each.

ALTHEA, or Rose of Sharon, Hardy Shrub

These are the most beautiful shrubs we have in our collection. The flowers are of large size, very double and full, of various brilliant and striking colors. They bloom freely during August and September, when scarcely any other shrub is in bloom. Seven kinds—double white, double rose, double variegated, double pink, double violet, double blue and single white. Twelve to eighteen inches high, 10 cents each; fine plants, two feet high, 25 cents each.

ACHILLEA, Hardy Plant

New Achillea, The Pearl—(The Great Cemetery Plant.) A plant will produce hundreds, and even thousands of flowers the first summer, but when established the second year they have more than five thousand perfect flowers on a plant at the same time. It commences to bloom early in July, and is a perfect mass of beautiful flowers till frost, the same bloom keeping perfect two or three months. Its flowers are pure white, perfectly double, and produced in large sprays, making it one of the finest cut flowers for bouquets, vases, baskets, etc., or for any kind of decorations. For cemetery planting it is the most valuable of all flowers. 10 cents each.

AMPELOPSIS VEITCHII, Boston Ivy

Hardy Climber. A beautiful hardy climbing plant. This is one of the finest climbers we have for covering walls, as it clings firmly to the smoothest surface, covering it smoothly with overlapping foliage, giving it the appearance of being shingled with green leaves. The color is a fresh deep green in summer, changing to the brightest shade of crimson and gold in autumn. It is quite hardy, and becomes more popular every year. Price, 10 cents each; two-year-old plants, 25 cents each; three-year-old plants, 40 cents each.

AKEBIA QUINATA, Hardy Climber

A perfectly hardy fast-growing Japan vine, with magnificent foliage, producing flowers in large clusters of chocolate-purple color, possessing a most delicious perfume, unsurpassed for covering trellises and verandas, the foliage never being attacked by insects. 10 cents each.

ASTILBE JAPONICA, Hardy Plant

Hardy everywhere, growing about two feet high, in compact shape, with handsome foliage, from above which rise its panicles of small, feathery, white blossoms, the embodiment of grace and delicacy. Can be bloomed readily in winter. Give the plant a half-shaded position. 15 cents each.

AZALEA MOLLIS—Hardy Shrubs

The most brilliant and showy of all hardy shrubs—exceeding even the Rhododendron—and entirely hardy without protection in all situations. The bloom, which varies in color from intense rosy-crimson to lemon-yellow, literally covers the compact, spreading plant, forming a huge bouquet, and which remains in perfection for a long time in May and June. Massed they produce an effect that is actually brilliant and dazzling. 40 cents each, three for \$1.00.

BOX, Dwarf Ornamental

Hardy Evergreen Shrub. This makes a lovely border, and is used largely in the South to border walks and beds. It is dwarf in growth and hardy. 8 cents each, 75 cents per dozen, \$5.00 per hundred.

BERBERIS THUNBERGII

A fine hedge plant. Foliage turns scarlet in fall and early winter, followed by red berries. Very hardy and fine. 15 cents each, \$10.00 per hundred.

CHIONANTHUS, or WHITE FRINGE

Hardy Shrub. This is a lovely shrub, bearing flowers that give it the appearance of being covered with white fringe 20 cents each.

CLEMATIS PANICULATA

Clematis—Jackmanni, Henryi and Paniculata

Hardy Vine. Covered in August and September with a sheet of clustered snow-white bloom of the most delicious fragrance. No other vine so completely covers itself with flowers. An arbor or portico over which this Clematis is trained is a wall of white for the time being, and what makes it the more striking is that nearly all other vines have ceased blooming at that time. Perfectly hardy; grows rapidly. Fine vines, 20 cents each, three for 50 cents.

LARGE FLOWERING CLEMATIS

(HARDY VINES)

Henryi—This is the finest of all white Clematis, and should find a place in every collection. Flowers large, of a beautiful creamy-white. 50 cents each.

Jackmanni—This is perhaps the best known of the fine perpetual Clematis, and should have credit for the great popularity now attending this family of beautiful climbers. The plant is free in its form of growth and an abundant and successful bloomer, producing flowers until frozen up. The flowers are large and of an intense violet-purple, remarkable for its velvety richness. 50 cents each.

Duchess of Edinburg—This is, without doubt, the best of the double whites; very free flowering, very fragrant. 50 cents each.

Kermisenus Rubra—The color is a bright rosy-red, entirely distinct from any other sort. A persistent bloomer and strong grower, with large flowers. 50 cents each.

New Pink Clematis, Mme. Baron Veillard—A unique shade in Clematis, a pretty lavender-pink, a fine contrast to the strong-colored sorts; rapid in growth and slender, graceful habit. 50 cents each.

Sieboldii—A lovely shade of lavender; very beautiful and distinct. 50 cents each.

SPECIAL OFFER—The set of six distinct large-flowering Clematis for \$2.50. This is a bargain, as the roots are large and strong. The best you have ever seen.

Select List of Hardy

POMPON CHRYSANTHEMUMS

(HARDY PLANTS)

These beautiful varieties are again very popular for outdoor bedding purposes. They are quite hardy, and with but a slight covering of leaves or coarse stable litter during the winter will take care of themselves after once planted, and produce an abundant, almost lavish, profusion of blooms; and the plants lend a coloration to the garden just at a time when other plants have been destroyed by frost and are looking their worst. Frost does not materially affect the flowering, and it will frequently happen that an armful of flowers can be cut after a sharp frost.

Climax—Deep rosy-pink.

Dinizulu—Rosy-lake; very fine.

Eleganta—Deep pink, tipped and edged white.

Fairy Queen—Beautiful combination of pink and yellow.

Goldfinch—Magnificent; gold, shaded crimson.

Golden Fleece—Large, bright lemon-yellow.

Kadar—Clear magenta.

Labanah—Pale primrose-pink.

Mrs. Vincent—Large; deep purplish-rose.

Prince of Wales—Magnificent; pure white.

Rhoda—White, pink shading.

St. Iloria—Silver-pink; a superb sort.

Veuve Cliquot—Brick-red, edged brilliant yellow.

The above is a choice collection of Hardy Chrysanthemums. Price, 10 cents each, six for 50 cents; the set of thirteen for \$1.00.

CINNAMON VINE

Hardy Vine. A pretty hardy vine, with edible roots and neat, glossy, cordate foliage. In midsummer it bears clusters of tiny but exceedingly fragrant flowers, with an odor like cinnamon. 5 cents each, six for 25 cents.

CORNUS FLORIDUS, Hardy Shrub

This is the beautiful white-flowering Dogwood, that is indigenous to the forests in parts of the United States. A charming shrub. Bears its large white flowers in May. 15 cents each.

Cinnamon Vine

CORCHORUS KERRIA JAPONICA

A graceful, slender shrub, growing four to five feet high, flowering with double yellow flowers from early summer till fall. As pretty as a Rose in shape of flower, and very ornamental as a plant for lawn. 15 cents each.

CALYCANTHUS FLORIDUS

Hardy Shrub—The old-fashioned sweet-scented shrub. A very compact-growing bush, producing its highly scented flowers in springtime. A universal favorite. It is sometimes called "Strawberry Shrub," from its delicious odor. Flowers dark chocolate-brown. **Twelve to eighteen inches, 15 cents each; eighteen to twenty-four inches, 30 cents each.**

CORNUS STOLONIFERA

Red-Branded Dogwood

Hardy Shrub. A strong-growing shrub, with clusters of fine white flowers. Stems and branches turn blood-red in winter. **15 cents each.**

CARYOPTERIS MASTACANTHUS

Blue Spirea

Hardy Plant. It is a sturdy, upright grower, and is extremely floriferous, plants from small pots blooming profusely, and continuing to do so throughout the season, until they reach a height and width of three feet. The dense flower heads are a rich lavender-blue, a rare color among flowers. **Strong, blooming plants, 10 cents each.**

DAISY, SNOWCREST

Hardy Plant. A perfectly double, white, hardy Daisy. **10 cents each.**

DELPHINIUM FORMOSUM

Larkspur

Hardy Plant. The old favorite dark blue variety. Grows three to four feet high. Flowers from June until frost. **15 cents each.**

DEUTZIAS**HARDY SHRUBS**

Deutzia Crenata, fl. pl.—Flowers double and white, tinged with pink, in racemes four or five inches long. One of our finest hardy shrubs.

Lemoinei—Double white; very fine.

Pride of Rochester—Double pure white flowers.

Gracilis—Covers itself with pure white bell-shaped flowers. Very beautiful and desirable.

Price of above Deutzias, shrubs twelve to eighteen inches, **10 cents each; eighteen to twenty-four inches, 25 cents each.**

Deutzia

DICENTRA SPECTABILIS

Bleeding Heart

Hardy Plant. One of the most beautiful of hardy border plants. Flowers in the early-colored, with rose-colored, heart-shaped flowers. Grows about two feet high. **15 cents each.**

EULALIAS

HARDY GRASSES

Japonica Zebrina—The variegation of the foliage is evenly striped crosswise with broad bands of golden-yellow. Perfectly hardy. **15 cents each.**

Japonica Variegata—A favorite ornamental plant, having long, narrow leaves striped white and green. **15 cents each.**

Gracilis Univittata—Narrow green leaves and silvery-white midrib. Nothing is more beautiful than a well-developed clump of this variety. Can be grown in any soil. **10 cents each.**

The three Eulalias for 35 cents each.

FUNKIA

HARDY PLANT

Funkia Alba—(White Day Lily, or White Plantain Lily.) The Funkias all make handsome, showy plants, and this is the best of its class. Beautiful, broad, ovate leaves, with large, lily-like, pure white, fragrant flowers. **15 cents each; two for 25 cents.**

Funkia Variegata—An excellent variety, with broad green leaves distinctly banded. Creamy-white flowers, lavender-blue. **15 cents each.**

FORSYTHIA

Viridissima, or Golden Bell

Hardy Shrub. Foliage deep, shining green, flowers bright yellow. A fine hardy shrub, and one of the earliest to flower in the spring. **Twelve to eighteen inches, 10 cents each; two to three feet, 25 cents each.**

HYDRANGEA PANICULATA

Hardy Shrub. A great favorite, and there is nothing finer or more showy, whether for planting in large masses in parks or for single plants on the smallest lawns. Bloom profusely from July until frost, in immense white panicles, tinted with pink and then with brown in the fully matured flower. The plant should be cut back each spring fully one-half of the past season's growth, as the flowers are much finer if the plant is treated in this manner. **15 cents each; strong, flowering plants for immediate effect, 35 to 50 cents each, according to size.**

TREE-SHAPED HYDRANGEAS

These are fine specimen plants four and five years old, trained to tree shape with about three feet of straight stem and nice shaped heads. Should bloom profusely the first year. Before shipping they are all trimmed the proper length for planting, so that they will make a better growth and larger flowers. **By express only, 50 cents each, three for \$1.25.**

HIBISCUS CRIMSON EYE

Hardy Plant. This magnificent Hibiscus is unequalled among hardy plants for gorgeous beauty. The flowers are immense in size, often measuring twenty inches in circumference. The color is the purest white, with a large spot of deep velvety crimson in the center of each flower. **Good strong plants, to bloom this year, 15 cents each.**

HYPERICUM MOSERIANUM

Gold-Dust Shrub

Hardy Shrub. Form a bush two to two and one-half feet high, of slender, well-branched stems, producing its bright golden yellow flowers all summer. **10 cents each.**

HELIANTHUS MULTIFLORUS

Hardy Sunflower

Bears a profusion of perfectly double, bright golden flowers about the size and form of a nice Dahlia, for which it is sometimes mistaken. One of the really good things which should be in every garden. **10 cents each, three for 25 cents**

Eulalia Japonica Zebrina

HYACINTHUS CANDICANS

Hyacinthus Candicans

Hardy Plant. A species of Hyacinth which blooms during August and September, grows three to five feet high, with spikes of pure white flowers two feet in length. The bulbs are large, round and solid, and throw up large flower stems which are gigantic spikes of thimble-shaped white blossoms. Planted in spring, they bloom in August, September and October, strong bulbs producing two, three and even four flower stems. 10 cents each; three for 25 cents.

HONEYSUCKLES

HARDY VINE

Price, 10 cents each.

The Six Honey-suckles for 50 cents.

Aurea Reticulata—(Golden-leaved.) A variety with beautiful variegated foliage of yellow, white and pink.

Chinese Evergreen—Blooms nearly all the season. Delicately fragrant. Flowers buff, yellow and white.

Hall's Japan—This is the most consistent bloomer of the class, being literally covered all summer with beautiful yellow and white flowers. Very fragrant.

Belgian, or European, Sweet-Scented—Sometimes called Monthly Fragrant, or Dutch Honeysuckle. A fine, hardy grower; flowers large and exceedingly sweet. Color buff, yellow and red. A constant bloomer. The finest Honeysuckle suitable for trellis or pillar.

Scarlet Trumpet, or Red Coral—A rapid grower, bright red, with trumpet-shaped flowers. This is the old, well-known variety.

Yellow Trumpet—Golden-yellow, trumpet-shaped flowers. Fragrant.

THE BEAUTIFUL IRIS KEMPFERI

Hardy Plant. It is perfectly hardy. Produces a dozen flower spikes three feet in height, each spike bearing from two to four enormous blossoms eight to ten inches across and of the most delicate and beautiful colors, markings and combinations. 20 cents each; three distinct varieties for 50 cents; set of eight fine sorts for \$1.25.

Gekki-no-nami (Waves on Moonlight)—Large double white, center gold and yellow.

Kumoma-no-sora (Sky Amidst the Clouds)—White, edged and flushed with blue, center banded yellow.

Kumo-no-obi (Band of Cloud)—Crimson-amaranth shaded lighter; lavender center, with base of gold.

Geisho-ui (Name of Town)—Deep mahogany-red, base of petals lighter.

Kuma-fungin (Excited Bear)—Large deep violet-blue; very fine.

Senjo-no-hora (Air After Battle, Heavy with Smoke)—Blotched and veined violet-red, center of purple and gold.

Shichiukwa (Flower in Wine)—White, bordered reddish-amaranth, center flushed gold.

Iso-no-nami (Shallow Waves)—Fine porcelain-blue, blotched deeper, center rosy-lilac flushed with gold.

NOTE—The above Japanese Iris are beautiful; grand.

Japanese Iris

LILY OF THE VALLEY

Hardy Plant. The Lily of the Valley is one of those delicate sweet little flowers that not only easily win our love, but keep it forever. Put four or five or a half-dozen pips or bulbs in a pot, and in about four or five weeks they will flower. In the spring transfer them to the garden. Fine pips, 5 cents each, 35 cents per dozen, \$2.50 per hundred.

HARDY LILIES

Lily Auratum

Lilium Auratum—(Golden-rayed Queen of Lilies.) This is the grandest Lily grown, and a never-failing delight. The perfume is exquisite—light, yet penetrating. Also known as "Gold-banded Lily from Japan." 25 cents each.

Elegans—(Thunbergian Lily.) Truly magnificent, being Tulip-shaped, and blooms in June or early July. The blossoms are large and exceedingly showy, being of a brilliant red, flamed yellow. 20 cents each; three for 50 cents.

Hemerocallis Flava—(The Lemon Lily.) This is entirely hardy, and bears flowers of a lemon-yellow color; very desirable. 15 cents each.

Harrisii—(The Bermuda, or Easter, Lily.) Pot and treat the same as for Hyacinths. Each bulb will give from six to twelve flowers, in many cases many more. The flowers are fully six inches in length, of the purest white and of the most delicious fragrance. Fine bulbs, 20 cents each.

Candidum—(The Ascension Lily.) The well-known hardy garden Lily. Snow-white, fragrant blossoms. One of the best and an established favorite. 20 cents each, three for 50 cents.

Speciosum Rubrum—A beautiful bright rose, spotted with a dark velvety crimson. 20 cents each.

Speciosum Album—Very fragrant; large flower; a pure white, with a green band running through the center of each petal; one of the best. 25 cents each.

Tigrinum Flore Pleno—(The Double Tiger Lily.) Bright orange, spotted black and very double. 25 cents each.

LILACS

Hardy Shrubs

Purple Lilac—This is the old-time favorite of everybody's garden. 15 cents each.

White Lilac—Its pure white, graceful plumes of fragrant flowers add grace and beauty to bouquets, vases, etc. As a cemetery plant it is without a rival. The plants we offer are unusually fine. 20 cents each.

HARDY MAGNOLIAS

They soon grow into large trees, and make handsome specimens, bearing their large, fragrant Magnolia blossoms. In the early spring they literally hide the tree. Very desirable. We offer three colors of Magnolias that are hardy in any climate—red, rose and white. Strong plants, four feet high, 75 cents each, or the three colors for \$2.00.

The above Hardy Magnolias can be sent only by express. Do not order them by mail.

BEAUTIFUL JAPANESE MAPLES

Hardy. Make nice bushy little trees, and are highly valued for yard and lawn planting on account of their brilliant colored foliage, which is blood-red, scarlet, purple, golden-yellow and deep green. They are exceedingly beautiful, both in the spring and fall, and though they are among the rarest and most handsome ornamental trees to be found they are only seen in the finest places. We have a fine stock this year, however, and offer six splendid varieties. 40 cents each; the six maples for \$2.00.

Felicifolium—Green fern leaved; extra fine.

Versicolor—Silver-variegated Maple.

Atropurpureum—Purple-leaved.

Roseo Marginatum—Red striped; foliage fine.

Japonica Aureum—Golden-yellow; distinct.

Dissectum Atropurpureum—Red-leaved Maple.

CHINESE MATRIMONY VINE

It is hardy everywhere. As a vine for permanent effect, for shading a sunny window, covering an arbor or veranda, and for perfect hardiness cannot be excelled. Pale purple flowers and scarlet berries are constantly appearing from early spring until late in the fall. Do not confound them with the old sorts. 10 cents each.

HARDY MOONVINE

Pure white flowers and perfectly hardy. 10 cents each.

PRIVET OVALIFOLIUM

Hardy Shrub

California Privet—Makes one of the handsomest hedges imaginable. Wherever a close, compact hedge is desired we recommend California Privet. Should be planted eight or ten inches apart to give best results. It is very hardy, easily and quickly pruned, and will grow almost anywhere. Fine for division hedges between city yards. Fifteen inches high, 10 cents each, 75 cents per dozen, \$5.00 per hundred; eighteen to twenty-four inches high, 15 cents each; \$1.00 per dozen, \$7.00 per hundred.

PEONIES

The "Pineys" of our Mothers' Gardens.

Hardy Plant. See pages vi and vii for description and price of our fine collection of Peonies.

TREE PEONIES

Hardy Plant. These species, natives of Japan, are a grand addition to a garden. They do not die down to the ground, like the herbaceous sorts, but make fine bushes, three to four feet high, covered in spring with immense flowers, and present an elegant appearance. 60 cents each; three distinct colors for \$1.50.

PHILADELPHUS, or SYRINGA

Hardy Shrubs

Philadelphus Grandiflorus—(Mock Orange.) A large-growing shrub; flowers snow-white, in great profusion, with delicious Orange fragrance; very desirable; June to July.

Philadelphus Coronarius—(Mock Orange.) A medium-sized shrub bearing an abundance of white, sweet-scented flowers. Last of May.

Price of above Philadelphus, twelve to eighteen inches, 10 cents each; two to three feet, 25 cents each.

HARDY PHLOX

Hardy Plant. Few plants give better satisfaction to the amateur than the Hardy Phloxes. They thrive in any ordinary rich soil. The ease with which they are cultivated, their entire hardiness and the extended season of blooming, combined with the varied and beautiful coloring, make them particularly valuable for garden planting. We offer a carefully selected collection. 15 cents each, any four for 50 cents; the set of twelve for \$1.25.

R. P. Struthers—Bright rosy-red, crimson eye.

Bridesmaid—Pure white, with large crimson eye.

Boule de Feu, or Ball of Fire—Fine scarlet, with dark crimson eye; a bright, rich color.

Coquelicot—Fine pure salmon-scarlet, with deep crimson eye.

Cross of Honor—Pure white, with a band of rosy-lilac in the center of each; petals in the form of a Maltese cross.

Joan of Arc—A fine pure white; large truss.

Moliere—Salmon-rose, with deep rose eye; a beautiful flower.

Eclairer—Purplish-crimson, with light halo; a magnificent and fine flower.

William Robinson—It is showy in the extreme; crimson, shading to salmon-scarlet; produces a mass of color.

Crepuscule—Lilac, lighter margin; crimson eye.

Peachblow—Delicate peachblow-pink.

Henry Murger—Large white flowers, crimson eye.

PYRUS JAPONICA

Hardy Shrub

Burning Bush, or Japan Quince—One of the most beautiful of hardy flowering shrubs. A splendid lawn plant. The bright scarlet flower produced before the foliage makes a gorgeous display. Twelve to eighteen inches high, 15 cents each; eighteen to twenty-four inches high, 25 cents each.

PLUMBAGO LARPENTÆ, or LADY LARPENT

Hardy Plant. A dwarf-growing plant bearing deep blue flowers all summer. It is so floriferous as to look like a mass of blue color. It is the deepest blue of all flowers, and is perfectly hardy everywhere. Desirable. 10 cents each.

Matrimony Vine

PURPLE FRINGE, or SMOKE TREE

Hardy Shrub. A beautiful, distinct and large hardy shrub, much admired for its long, feathery flower stalks, which give the tree the appearance of being covered with a cloud of smoke. 15 cents each.

Hardy Phlox

HARDY SCOTCH, or SWEET MAY PINKS

Hardy May Pinks

Hardy Plants. These are the pinks of our mothers' gardens. The colors are of the various shades of maroon, carmine and rose, beautifully laced and banded, on white ground. The flowers are perfectly double, clove-scented, and the plants will stand out of doors year after year, being entirely hardy. 10 cents each; three distinct colors for 25 cents.

New Hardy Scotch Pink, Her Majesty—Pure white flowers. 10 cents each, three for 25 cents.

PICEA PUNGENS GLAUCA

The Colorado Blue Spruce

Hardy Evergreen. There is nothing in the evergreen line that is as fine as this Colorado Blue Spruce. It is entirely hardy, grows into a shapely tree without any pruning, while the color of the foliage is a beautiful blue. It is scarce and always will be. We recommend it as being very valuable. Be sure and try it. **Fine plants, 75 cents each; extra fine plants, \$1.25 each.**

RUDBECKIA LACINIATA

Hardy Plant

"Golden Glow"—"When I saw the double-flowering form of Rudbeckia Laciniata in bloom on your grounds last year I was amazed, for notwithstanding my long and intimate acquaintance with plants, I had never before seen a double-flowering Rudbeckia, and I was delighted with the fulness and gorgeousness of the blossoms and their clear, bright yellow color. You gave me a plant last spring, and it was set out in good garden ground. It grew vigorously, and threw up strong, branching flower stems six feet high; laden with sheaves of golden blossoms as large as fair Chrysanthemums, and all having an elegant, graceful appearance, without any of the stiffness in habit or blossom peculiar to sunflowers. Many eminent florists and amateurs have seen it here, and all admired it. As cut flowers the blossoms last well. In fine. I unhesitatingly regard it as the most desirable introduction among hardy perennials since we got Clematis Paniculata." It is the most effective flowering plant for August and September in cultivation. This plant is entirely hardy, and grows into beauty each year. Do not fail to try it. 10 cents each, three for 25 cents.

RHODODENDRON, ROSE BAY

Rhododendron, Rose Bay

Hardy Shrub. One of the most valuable of our hardy decorative plants. The leaves are broad, glossy and evergreen. In June, when the masses of rich glossy green are surmounted with scarlet, purple and white clusters, each cluster large enough for a bouquet, the display is worthy of admiration. The plants we offer are from twelve to twenty-four inches high, well established, many of them set with buds. The colors are blush, rosy-crimson, dark scarlet, lilac-crimson, purple and variegated. Don't confound these plants with the cheap kinds offered by some, as they are not the same. **We have a fine mailing size, many with two to four buds, for 50 cents each; fine large plants, two feet high, with large, branching head, with from eight to ten buds sure to bloom this spring, \$1.00 each. If the \$1.00 size of Rhododendrons is to be sent by mail, add 25 cents for postage for each plant.**

SPIREAS

Hardy Shrub—These are beautiful shrubs of easy culture. Very desirable for shrubberies or for planting on the lawn as single specimens. **Plants twelve to eighteen inches high, 10 cents each; eighteen to twenty-four inches high, 25 cents each.**

Van Houtte—(Bridal Wreath.) The grandest of all the Spireas. It is a beautiful ornament for the lawn at any season, but when in flower it is a complete fountain of white bloom, the foliage hardly showing. Clusters of twenty to thirty flat white florets make up the racemes, and these clusters are set close among the drooping stems. Perfectly hardy and an early bloomer.

Anthony Watterer—This beautiful gem makes a low, compact bush fifteen to eighteen inches high, and is covered nearly the whole growing season with large umbels of deep crimson flowers which measure nearly a foot across. When scarcely three inches high it begins to bloom, and thereafter is seldom out of flower. As a pot plant or for growing in the open ground, nothing can equal it. Perfectly hardy, it is unquestionably one of the really meritorious plants that we cannot have too many of.

Reevesii—Foliage lance-shaped growth, drooping and very graceful. Lovely white flowers.

Spirea

SAGE, HOLT'S MAMMOTH

Hardy Plant. Plant of strong growth; leaves very large, borne well above the ground, are of unusual substance, strong flavor and superior quality. **10 cents each, six for 50 cents.**

STOKESIA CYANEA, or Cornflower Aster

Stokesia

Hardy Plant. The plant grows from eighteen to twenty-four inches high, and produces the Centaurea-like lavender-blue flowers from four to five inches in diameter from early in July until late in October, even after frost has destroyed nearly all other outdoor flowers. It is of easiest culture, succeeding in any open, sunny position. Not only is it desirable as a single plant in the mixed border, but it can also be used with good effect in large, solid masses, and at the same time it is invaluable as one of the finest cut flowers. We have no hesitancy in saying that the Stokesia is the one most desirable hardy plant in our list. **Price, 15 cents each, four for 50 cents.**

VIBURNUM—SNOWBALL

Hardy Shrub

Sterilis—(Common Snowball.) Attains a height of ten to twelve feet. Blooms in the latter part of May. Used extensively for decorating. Flowers pure white, large balls, frequently borne in clusters of five or six. **15 cents each.**

Plicatum—(Japan Snowball) This Japanese variety of the old fashioned Snowball is one of the most valuable of our hardy shrubs.

It forms an erect, compact shrub six to eight feet high, blooms in June, and for a long time is a solid mass of white, the plants being completely covered from the ground to the top of the branches with large balls of flowers white as snow. The foliage in early summer is an olive-green, turning to a very dark green later in the season. **25 cents each.**

Viburnum

Wistaria

CHINESE WISTARIA

Hardy Vine—A popular hardy vine. It grows very rapidly, climbing to a height of fifty feet or more. Desirable for porches, trellises, etc., and when in full bloom is truly magnificent. It flowers in early spring, in long, drooping racemes, resembling in size and shape a bunch of grapes. **10 cents each; large plants, 25 cents each.**

WEIGELAS

Hardy Shrubs. Beautiful shrubs that bloom in June and July. The flowers are produced in so great profusion as to almost entirely hide the foliage. They are very desirable for the border or for grouping and as specimen plants for the lawn.

Candida—A vigorous, erect grower. Flowers pure white, borne all through the summer months. One of the most free-blooming of all Weigelas.

Rosea Nana Variegata—One of the most conspicuous shrubs that we cultivate. Leaves beautifully margined creamy-white, flowers pink. It is a dwarf grower, and admirably adapted to small lawns or gardens.

Rosea—A beautiful shrub with rose-colored flowers in May and June.

Price of above Weigelas, twelve to eighteen inches, 15 cents each; eighteen to twenty-four inches, 25 cents each.

YUCCA
FILAMENTOSA
or SPANISH DAGGER

Hardy Plant. Entirely hardy everywhere. Blooms every year, bearing long stalks, surmounted with large umbels of white flowers. Fine, stately lawn plants. **10 cents each.**

Yucca Filamentosa

Mixed Colors of Above

Cannas

New Dwarf French Large-Flowering CANNAS

Their great merit consists in the form and great size and dazzling brilliancy of their flowers. They flower freely from seed the first season if the seed is sown early. They are very hard, and some soak them in water for several hours before planting, but the best way we have found to be is to take a coarse file and file a hole through the shell, thus allowing the passage of water to the seed, which, in swelling, breaks through the hard covering. **Canna, Crozy's Dwarf Large-Flowering**—All colors, mixed. Price, 15 cents per packet.

COSMOS

Cosmos Hybridus—Make large bushes, fully five feet high, which are a mass of elegant foliage until they bloom in August. From September to November each plant is covered with hundreds of snowy blossoms two inches in diameter. The flowers resemble the single Dahlias, and are pure white, flesh color, charming light pink and deep rose in color, each with a bright yellow center. Price, 10 cents per packet.

CARNATIONS

Carnation Marguerite—The flowers are of brilliant colors, running through many beautiful shades of reds, pinks, whites, variegated, etc. They are of perfect form and large size. Those sown in spring commence flowering early in summer, and continue to bloom in lavish profusion until checked by frost. They can be potted and taken in the house, and will flower abundantly throughout the winter. Price, 20 cents per packet.

Carnation, Choicest Double—Seed saved from our unrivaled collection. Price, 20 cents per packet.

CELOSIAS, or COXCOMB

Glasgow Prize, or President Thiers—A very fine dwarf variety, with dark leaves and crimson combs. Price, 10 cents per packet.

Dwarf Varieties, Mixed—Price, 5 cents per packet
All Varieties, Mixed—Price, 5 cents per packet

DAHLIAS

Extra Choice—Large-flowering and double. Price, 10 cents per packet.
Extra Choice—Selected Pompon, mixed. Price, 10 cents per packet.
Dahlia, Zimapina, or the Miniature Black Dahlia—Of the deepest velvety dark blood-red. Price, 5 cents per pkt.

DIANTHUS, or JAPANESE PINKS

PRICE, 5 CENTS PER PACKET

Dianthus Chinensis, fl. pl.—(Double China Pink.) The colors are very rich, and in large beds you hardly find two alike. Seed saved from double flowers will produce double ones.

Heddewigii Diadematus—(Double Diadem Pink.) Mixed in varied tints of lilac, crimson-purple, to the very dark purple, with the outer edges tinged and nearly white.

Imperialis—(Double Imperial Pink.) Superb double variety, all colors mixed.

Laciniatus Flore Pleno—(Double Fringed Japan Pink.) Showy flowers, with fringed edges, mixed various colors and beautifully striped.

Dianthus, Mixed—All the above colors in one packet.

**GERANIUMS**

Zonal, Extra Choice Mixed—Saved from the best varieties of Single Geraniums. Price, 5 cents per packet.

Fancy Mixed Pelargoniums—(Lady Washington Geraniums.) Very choice and rare varieties. Price, 35 cents per packet.

Finest Double—Produces a good percentage of fine double flowers. Price, 25 cents per packet.

Fancy-Leaved—Saved from Bronze, Tricolor and Silver-Leaved Varieties. Price, 25 cents per packet.

Apple-Scented—Can best be grown from the seed. Sow in light soil, and keep moist until they germinate. Price, 20 cents per packet.

IPOMEA—The Moon Flower

Ipomea Heavenly Blue—New. Flowers four and one-half to five inches across, in large, airy clusters of heavenly blue. Price, 10 cents per packet.

Noctiflora, or Grandiflora Alba—Immense white flowers, many of them measuring over seven inches across. Beginning to flower early in August, the vines are nightly covered with the pure white flowers, emitting a rich Jasmine odor. Price, 5 cents per packet.

JAPANESE MORNING GLORY

All colors of the rainbow beautifully blended. Flowers five to six inches across. Like giant Moonflowers. Price, 10 cents per packet.

TOM THUMB NASTURTIUMS

Price, 5 cents per packet, 20 cents per ounce.

Tom Thumb Beauty—Yellow and scarlet.

Lady Bird—The ground color of the flowers is rich golden-yellow, each petal barred with a broad vein of bright ruby-crimson.

Chameleon—The flowers are in color crimson, bronze and

Geraniums

gold, bordered and flamed, changing in hue almost daily, hence called "Chameleon."

Empress of India—Brilliant crimson-scarlet flowers. Its profusion of bloom and dazzling richness of color are remarkable.

King of Tom Thumbs—Intense scarlet flowers and rich, dark foliage.

Spotted King—Rich orange, spotted with maroon.

Golden King—Golden-yellow; very fine.

Tom Thumb Varieties, Mixed—Including all the above and other choice colors.

NASTURTIUMS—TROPÆOLUM MAJUS

Price, 5 cents per packet, 20 cents per ounce.

Tropæolum Dunnet's Orange—Dark orange.

Coccinea—Dark scarlet.

Napoleon III—Golden-yellow, spotted brown.

Giant of Battles—Sulphur, spotted with red.

Lucifer—Richest dark scarlet.

Crown Prince of Prussia—Blood-red.

Tropæolum Majus—All the kinds mixed.

Ipomea

PEREGRINUM—Canary Bird Flower

One of the handsomest vines grown. Price, 10 cents per packet.

PETUNIAS

Grandiflora Superbissima—Magnificent flower of extra large size. Price, 15 cents per packet.

Grandiflora Intus Aurea—The most beautiful strain of Petunia seed there is. Price, 25 cents per packet.

Grandiflora—Choice mixed, for show flowers. Price, 10 cents per packet.

Choicest Double Petunia—The Double Petunia produces no seed and but little pollen. Great care should be taken to preserve the weakest and smallest plants, as these bear the finest double flowers. Price, 30 cents per packet.

Fine Mixed—Choicest kinds. Price, 5 cents per packet.

PANSIES

New Imperial German Pansies—Large flowers throughout the entire summer; rich, brilliant shades of color. Price, 15 cents per packet.

Bugnot's Super b Blotched—Large flowers, broad blotches, and from the large spots extend delicate pencillings to the extreme edge. Price, 20 cents per packet.

Peacock Pansy—Deep-set, well-formed fancy flowers, petals edged with a thin white line, without which there is a space of purplish crimson passing into a rich central blotch of deep blue, shading to black. Price, 10 cents per packet.

Victoria Red Pansy—The flowers throughout a beautiful, rich, deep red color. Price, 10 cents per packet.

Improved Giant Trimardeau—Vigorous, compact, enormous specimens; mixed colors. Price, 15 cents per packet.

Cassier's Giant Odier, or Blotched—Superb large-leaved flowers of very good shape, and beautifully blotched with rich and varied colors. Price, 5 cents per packet.

Midnight—Flowers of rich, glossy black color, plants of compact, bushy habit. Price, 5 cents per packet.

Snow Queen—Pure white, with only the characteristic yellow dot near the center of flowers, sometimes marked with a faint purple line. Price, 5 cents per packet.

Pansy—(Good & Reese's International Mixture)

GOOD & REESE'S INTERNATIONAL MIXTURE OF PANSY SEED

The result of our observations of the various strains produced and of the favorites in our market prompted us to prepare and introduce in 1888 our **INTERNATIONAL MIXTURE**. It has proven more popular than we could have reasonably expected, and we may honestly claim it to be today not only **the best**, but **the most widely known and admired**. It contains, besides all the leading kinds of commerce, seeds of the Giant, Bugnot, Cassier and Trimardeau, with flowers measuring, when well grown, three inches in diameter, and such beautiful colors as gold, bronze, silver edged, marbled, mahogany spotted, claret red and many others. Our **INTERNATIONAL MIXTURE** will produce for you, as it has for others, a Pansy bed which shall be the wonder of the neighborhood and the joy of the owner. Price, 10 cents per packet.

PRICE OF THE FOLLOWING VARIETIES, 5 CENTS PER PACKET

Azure Blue—Verv fine; a beautiful shade.

Bronze Color—A new and striking color.

Cliveden Purple—A rich dark purple.

Dark Blue—Rich and lasting.

Fawn Color—A beautiful shade of fawn.

King of the Blacks—Almost coal-black; a beauty.

Mahogany Colored—A beautiful color.

Marbled Rose—Handsome combinations of color on various grounds.

Yellow Gem—Generally true to color.

Brilliant—Bright coppery colors, but not strictly red.

Striped and Mottled—Fine and exceedingly beautiful.

Violet Queen—White border, somewhat resembling the fancy Geraniums.

White Wings—White, with black eye.

Yellow Margined—A beautiful color, with margin or belt of yellow.

We will send one packet each of the preceding fourteen varieties, priced at 5 cents per packet, for 50 cents.

Extra Fine Mixed—All the preceding fourteen varieties mixed, 10 cents.

Nasturtium

Nasturtiums.

PHLOX DRUMMONDI

Coccinea—A deep scarlet; most brilliant. Price, 5 cents per packet.

Choice Mixed—Our mixture is unexcelled. Try it. Price, 5 cents per packet.

Alba Flore Pleno—(Double White.) A profusion of charming, densely double, pure white flowers. Price, 10 cents per packet.

Cuspidata—(Star of Quedlinburg.) The pointed central teeth of the petals (five in number) are five to six times as long as the lateral ones, and project beyond them, like little spines, one-fourth to one-half inch, giving the flowers a distinctly marked regular star-like form. Finest mixture of more than twenty colors. Price, 10 cents per packet.

Grandiflora—We are sure that our customers, when they see the remarkable brilliancy and pleasing variety of colors produced from the seed, will thank us for recommending a liberal planting. All colors, mixed. Price, 10 cents per packet.

Nana Compacta—The new dwarf annual Phlox are very desirable for edging and ribbon beds and useful for pot culture. They grow six to eight inches in height, forming dense masses of bloom all summer. Best varieties, mixed. Price, 10 cents per packet.

POPPIES

Shirley Poppies—The colors range through all shades of delicate rose-pink, carmine and brilliant crimson. Many of the flowers are edged with white, and the petals have a glossy silk-like texture. A bed of Shirley Poppies seen for the first time is something astonishing, so fine in form and so varied in color. Price, 10 cents per packet.

Fire Dragon Poppy—This distinct new Poppy is extremely showy and very free flowering. The graceful plants are covered with large single flowers measuring four inches across, of the most brilliant deep scarlet, with black spots margined white. Price, 5 cents per packet.

Poppy Fairy Bush—The immense globular flowers are perfectly double, and measure from ten to thirteen inches in circumference. The petals are elegantly fringed and pure white, except at the tips, where they are distinctly covered with rosy-cream. A light shading at the base of the central petals gives the flowers an appearance of great depth. Each plant has from three to five of the magnificent flowers open at one time. Price, 10 cents per packet.

The Mikado—Of pure white and brilliant crimson-scarlet in striking contrast, the large double flowers are of the most quaint, artistic beauty, with petals deeply cut, fringed and twisted like a Japanese Chrysanthemum. Price, 5 cents per packet.

Poppies, Snowdrift

Papaver Nudicaule, Iceland Poppy—Yellow biennial; it blooms from May to October; one foot. Price, 5 cents per packet.

Snowdrift—A grand new variety. The large pure white flowers are perfectly round and double; the petals are finely fringed. Price, 5 cents per packet.

Golden Gate Poppies—Recall to mind every color you have ever seen in Poppies, then imagine every conceivable combination of colors—striped, blotched, edged and bordered, on both single, semi-double and double flowers—and you will have but a faint idea of the wondrously varied beauty of the new Golden Gate Poppies. No sight can cause more attention nor call forth more expressions of wonder and amazement than a bed of these Poppies, with thousands of open flowers, of which seemingly there are no two alike. Price, 10 cents per packet.

Phlox

Sweet Peas

SWEET PEAS

Price, 10 cents per ounce, 5 cents per packet.

Adonis—The standard is of deep rose color, while the wings are almost carmine.

Bronze Prince—The upper petals are of a rich, shining bronzy-maroon and the lower of deep, rich purple.

Violet Queen—The flowers range in color from deep mauve of the standard to the light violet of the wings; very pretty.

Painted Lady—Rose and white; very beautiful.

Scarlet Invincible—A beautiful rich scarlet; very fragrant.

Crown Princess of Prussia—Bright blush; very fine.

Princess Beatrice—A beautiful rose; none better.

Invincible Carmine—New; a beautiful carmine; very sweet.

White Swan—Pure pearl white; a beauty indeed.

Apple Blossom—Bright rosy-pink; extra fine.

Empress of India—A clear rosy-pink standard.

Orange Prince—A bright orange-pink, flushed scarlet.

All of the Above Colors, Mixed—This will give a great variety of colors. \$1.00 per pound, 30 cents per one-fourth pound, 10 cents per ounce, 5 cents per packet.

All the foregoing are 5 cents per packet, or any eight packets for 25 cents. The entire set of twelve varieties mailed for 35 cents, making in all a grand collection.

Eckford's New Sweet Peas—Finest mixture. Besides the varieties in the above list of Mr. Eckford's raising, this mixture also includes seed of several other of Eckford's new varieties, giving many new and beautiful varieties which heretofore have been too rare to include in the mixture. Price, 10 cents per packet, 15 cents per ounce, two ounces for 25 cents, one-fourth pound 40 cents, \$1.50 per pound.

All New Sweet Peas, Mixed—This is our own mixture of all the above and other distinct named varieties. We can recommend it as the finest strain of mixed Sweet Peas ever offered. The seed is now so cheap that lovers of Sweet Peas should plant it by the pound. Price, 10 cents per packet, 15 cents per ounce, two ounces for 20 cents, one-fourth pound 35 cents, \$1.25 per pound, postpaid.

Sweet Pea, Cupid—The dwarf white Sweet Pea, growing five to eight inches high. Price, 10 cents per packet.

Blanch Burpee—Pure white, enormous size, three on a stem. Price, 10 cents per packet.

No Discount on Seeds by the ounce or pound.

GET
YOUR
PLANTS
FREE**

See page ii of this Catalogue for full information in regard to our very liberal CLUBBING RATES

VERBENAS

Striped—Very showy striped flowers of many bright colors. Price, 10 cents per packet.

Scarlet—Splendid flowers of large size and the brightest scarlet. Price, 10 cents per packet.

Odorata—Pure white. This lovely Verbena is a desirable acquisition. Fragrant, and is a perfect mass of bloom the entire summer. Price, 15 cents per packet.

Fine Mixed—A very fine mixture. Price, 5 cents per packet.

New Mammoth-Flowering Verbenas—Altogether distinct and surprisingly beautiful. The average trusses measure nine to twelve inches in circumference, and the individual florets on properly grown plants over one inch across. They bloom freely, are vigorous in growth, and contain all of the beautiful new colors and shades. Mixed colors. Price, 15 cents per packet.

Verbena

Abridged List of Flower Seeds

In this list we name, with price, standard varieties of Flower Seeds, with an abridged description, which lack of space prevented us from more fully describing. These seeds are the best it is possible to secure.

Antirrhinum

PRICE PER PACKET.

- Antirrhinum, Tall, Mixed—Tall Snapdragon, all colors. 5c
- Antirrhinum, Dwarf, Mixed—Dwarf Snapdragon, all colors. 5c
- Alyssum, Sweet 5c
- Alyssum, Little Gem, Dwarf 3c
- Ageratum Mexicanum—Blue; two feet. 5c

Zinnia—Double Lilliput; dwarf varieties..... 10c

Zinnia

OUR NEW PONDEROSA LEMON

Is What We Claim for It! Largest, Freest-Blooming, Fruiting and Most Delicious of all Lemons

Photograph of a Ponderosa Lemon Plant, 18 months old, 12 inches high, bearing two monster lemons weighing 3 to 4 pounds each. This was grown in an ordinary living room.

ITS PONDEROUS SIZE

Actual weight of fruit from three to four pounds.

ITS FLAVOR

Unsurpassed. The Lemons have a very thin rind for such large fruit. It is the juiciest of all Lemons, makes delicious lemonade and for culinary purposes cannot be excelled. It is not uncommon to make twelve Lemon pies from one Lemon. All who have tasted this Lemon unite in saying that for delicious flavor no other Lemon could approach it. It is not a Lime fruit, and does not resemble a Lime in any particular. Ponderosa is the largest, juiciest, richest flavored Lemon ever produced. Lemons sold under other names are claimed to be as large and as fine as Ponderosa. It is false. Get the true Ponderosa.

PONDEROSA

Its Culture. Plant it in any good garden soil in a large pot or small tub, and keep it in the house or cellar during winter. You can set the tub and plant out on the piazza or lawn when weather gets warm. Give plenty of water while it is growing. No plant is easier to grow.

PONDEROSA AS A HOUSE PLANT

If Ponderosa Lemon did not produce a single bloom or fruit it still would eclipse many of the plants used now for decorative purposes. We say this to let you know that it is one of the most desirable of house plants. It will stand all kinds of rough usage and neglect and still look well. The foliage is deliciously fragrant, is very large, thick and leathery, of the deepest green. You can prune it into any size or shape desired without affecting its blooming or fruiting. We think it a far more decorative plant as to foliage alone than the famous Rubber Tree; but when in full bloom, with fruit in all stages of development, from wee, tiny things to the ponderous golden-yellow fruit, then it is a "thing of beauty and a joy forever." It is a grand plant for a tub to be kept indoors.

PONDEROSA LEMON

On Its Own Roots. We guarantee the trees to produce the same large fruit. No budding or grafting necessary, as every plant we send out is on its own roots, and will produce fruit as freely and as large as shown in the photograph.

Here is What A Customer Did With It

STURGEON BAY., WIS.
Oct. 10, 1901.

It may interest you to hear how I succeeded with my Ponderosa Lemon. I bought a young plant of you in the spring of 1900. When it came it was scarcely four inches high—a mere slip—and I said to myself, "I would like to see this wee plant bear fruit of any size." I planted it in a pot in good garden soil, kept it well watered, gave it all the sun possible, took it in our sitting-room in the fall (temperature sixty to eighty). It grew quite fast for such a small plant. Imagine my surprise after I had it about a year to have my little boy running to me saying the Lemon was in bloom; and sure enough it was—fine large clusters of beautiful, fragrant flowers, scenting the whole room. It set twenty-five Lemons, but while they were quite small I pinched all but two off. The enclosed photograph shows to what enormous size the fruit has grown. The largest one will weigh four pounds, and the smaller one three and one-half pounds. The Ponderosa Lemon is certainly a wonderful fruit, and I would not part with mine for many times what I paid for it.

Yours truly,
WM. A. SANDERSON.

"Our parent plant is six years old, six feet high, with twenty-odd branches about three to five feet in length, and has at the present time over one hundred monster Lemons. The bloom on a strong plant is as large as a Tuberose and has the true Orange, or Citrus, flavor. When in bloom it is a sight worth seeing. This plant set upward of three thousand Lemons, but only one hundred were allowed to remain, as the tree was too young to support such an enormous weight.

PONDEROSA is a True Ever-Bearer

blooming and fruiting at the same time. Think of sixty Lemons setting from one branch of bloom on a small twig! It has bloomed and set fruit on the naked trunk of the tree.

PONDEROSA has
Deliciously Fragrant
Flowers.

Thrifty young plants, 15 cents each, two for 25 cents; strong one-year-old plants, many of which will fruit this year, 25 cents. Strong two-year-old plants, 50 cents. Extra strong, handsome plants, to bloom and fruit at once, \$1.00 each.
